Long-Term Issue - Public Expectations for Quality Programs and Levels of Service

The Parks and Recreation Department is continually challenged with understanding and meeting public expectations and needs for diverse parks and recreation programs, facilities, and amenities due to the rapidly changing growth patterns, leisure trends and demographics of the community. If not adequately addressed, this challenge will result in decreased satisfaction, use and support of the Parks and Recreation system and services.

Strategies to address the Long-Term Issue

- Conduct annual resident surveys to identify parks and recreation needs and potential areas of improvement.
- Align capital resources with community expectations in the areas of greatest need for parks and recreation investments.
- Utilize innovative practices to provide quality and diverse programming.
- Seek partners to support programs customized to the needs of the community.
- Increase public awareness of parks and recreation programs, events and facilities.
- Establishing best practice program standards
- Increase contractual services

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, Parks and Recreation Department will meet expectations and needs of the community as evidenced by:

- 80% of residents surveyed have visited a park and/or participating in a park program.
- 90% or more of users surveyed are satisfied with the quality of parks and recreation programs and facilities
- 2% annual increase in the number of program participants and event attendees.

643	*	% of citizens visiting a park and/or participating in a park program	73%	73%	76%	80%	80%
644		% of customer surveyed who are satified with recreation facilities and programming	90%	82%	90%	85%	85%

Long-Term Issue - Safe Parks and Facilities

Failure to address concerns and perceptions about personal safety in parks will result in lower public participation and support.

Strategies to address the Long-Term Issue

- Survey residents' perceptions and feelings of safety in City parks and along trails. Obtain specific information about what physical attributes, such as lighting and visibility affect these perceptions and where.
- Implement an improved system to mitigate safety concerns and perceptions that includes the following practices:
 - Addressed reported safety concerns within one business day.
 - = Ensure that Crime Prevention through Environmental Design (CPTED) strategies are applied in the development and design of new parks, trails and park assets.
 - Evaluate best practices and operational policies to enhance personal safety while utilizing facilities and programs.
- Allocate funding and staff resources to improve park safety based on public feedback and staff inventories of park and trail facilities.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, Parks and Recreation Department will improve public safety and perceptions of safety in City parks as evidenced by:

Long-Term Issue - Parks Asset Maintenance

The need for increased capital investment and maintenance of new and existing park assets if not addressed will result in reduced public confidence and program participation.

Strategies to address the Long-Term Issue

- The department will increase maintenance efficiency through effective use of resources by:
 - Securing adequate funding for maintaining new and existing assets
 - Partner with Civic foundations, neighborhood groups, school districts, universities, and businesses to leverage their expertise, skills, and resources to improve the care and maintenance of our parkland and facilities.
 - Establish and apply design and maintenance standards that will reduce maintenance costs for new and existing park assets.
 - Proactive maintenance of Parks assets and amenities.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, the Parks and Recreation Department will maintain park assets to a standard that ensures public confidence and promotes participation, as evidenced by increase satisfaction ratings:

- The percent of residents surveyed who say they are satisfied with the maintenance of parks and facilities will increase by at least 5%.
- The percent of residents surveyed who say they are satisfied with the maintenance of trails will increase by at least 10%.

646	% of residents surveyed who are satisfied with the maintenance of city parks	71%	71%	66%	75%	75%
647	% of respondents from the annual resident survey who are satisfied with City's trails	65%	65%	61%	70%	70%

Long-Term Issue - Access to Recreational Opportunities

Providing quality recreational opportunities that are inclusive, diverse, and accessible will strengthen our community and make our city a more attractive place to live, work and play. Failing to provide park spaces, amenities and programs that are inclusive, diverse and accessible to all residents will result in reduced health coefficients, lower quality of life, reduced property values, decreased economic growth and higher crime rates where recreational opportunities are deficient.

Strategies to address the Long-Term Issue

- Invest in new parks and facilities to provide park access to under-served and developing areas of the city.
- Identify areas where park services and amenities are deficient within marginalized communities to improve equitable access.
- Identify and evaluate barriers which limit access to recreational opportunities.
- Expand and cultivate public-private partnerships to increase recreational opportunities where needed throughout the park system.

Strategic Result(s) to measure annual progress on Long-Term Issue

The Parks and Recreation Department will further improve access to recreational opportunities as evidenced by:

- By 2027, 50% of residents will live within a 10-minute walk of a park
- By 2023, present to City Council a recreational facility assessment study and develop and identify strategies to improve access
- By 2025, complete a study on barriers to recreational opportunities
- By 2027, develop a capital plan to invest in new athletic fields as identified in the 2019 Athletic Field Master Plan
- By 2025, implement recommendations from the Recreation Program and Facility Needs Assessment Study
