MISSION AND VISION STATEMENTS

MISSION STATEMENT

The mission of the City of Oklahoma City is to provide exceptional service to residents and visitors. We do this by ensuring the safety of the public, delivering quality services, and maintaining infrastructure to support the growth of the city.

VISION STATEMENT

Oklahoma City seeks to further progress as a vibrant, diverse, safe, unified, and welcoming community.

Recently, a committee of diverse, enthusiastic, and committed City employees, representing virtually every department and work group in the organization, was convened to update the City's vision and mission statements. Many of the participants are included in the photo below taken on the day City Council adopted a resolution for the updated vision and mission. We thank them for their efforts.

READER'S GUIDE

The City of Oklahoma City is required by State law to adopt a budget on an annual basis. The City is also required to show three consecutive years of revenue and expenditure data. To comply with this law, the annual budget book reports the actual revenues and expenditures for the most recent completed fiscal year, the adopted budget including amendments for the prior fiscal year, and the proposed budget. The annual budget governs City programs and finances for the fiscal year, beginning July 1 and ending June 30.

This document contains six sections separated by divider pages and a second volume that contains detailed performance information. Major divider pages denote the content of each section. These sections are further segmented into sub-components. For example, the Departmental Budgets section has a divider page. The departments themselves are then presented in alphabetical order.

The following briefly describes the contents of each section of this year's Annual Budget Book:

- The Introduction section contains the City Manager's transmittal letter to the Mayor and City Council. This letter summarizes the adopted budget, links the budget process to City goals and objectives, and highlights significant functional changes from the prior year. This section also includes information about how the budget document is organized, vital statistics about the City, performance information, and an organizational chart.
- The Financial Summaries section includes an overview of the City's current and anticipated economic condition and provides revenue and expenditure information by fund and category.
- The Departmental Summaries section contains information about responsibilities and budget for each of the departments. At the beginning of this section, there is a Reader's Guide to explain the format used in the department budgets. Departments are listed alphabetically.
- The Fund Summaries section contains summaries of the adopted budget for each City fund. State Law requires the City to adopt the annual budget by fund or purpose and the City has chosen to budget by fund. A fund, for budgetary purposes, is an accounting entity used for segregating revenues and expenditures for specific purposes.
- The Capital Budget section highlights information pertaining to the City's Capital Improvement Plan and Debt Service. In general, projects or items are included in this section if they have a usable life of three years or more and cost in excess of \$50,000. Past and future Bond and Debt Service requirements are also described in this section.
- The Appendix section contains budget guidelines and controls that describe the legal and policy requirements associated with budget development and implementation. This section also includes the required statement of compliance with the City's financial policies and practices and a glossary of terms utilized in this document.
- The Performance Supplement section provides an in-depth look at the major issues being faced by departments, their strategies for dealing with those issues, and the strategic results they are tracking on each issue. In addition, the Supplement provides a listing of all performance measures for each department.

MESSAGE FROM THE CITY MANAGER

The City of OKLAHOMA CITY

THE HONORABLE MAYOR AND CITY COUNCIL:

Allow me to present to you the proposed Fiscal Year 2025-2026 (FY26) budget. This year is the 2nd year in a row where sluggish revenue growth triggered a reduction request for departmental budgets. I'm sympathetic to our Department Heads as back-to-back reduction years are especially difficult to navigate; however, I am proud of the thoughtful work they put into this year's proposed budget as they completed the difficult task of balancing budget reductions with continuing to provide high levels of service to our residents.

The FY26 budget totals \$2.0 billion, which is an increase of \$29 million compared to the Fiscal Year 2025 amended budget. The increase in total budget does not provide an accurate representation of next year's budget without a little more explanation. While the total budget is increasing, that increase is being driven primarily by increases in the non-operating funds such as MAPS 4 and Debt Service. Operating funds, on the other hand, are decreasing \$8.7 million.

The General Fund is the City's primary operating fund and is budgeted at \$611.9 million, a decrease of \$3.2 million (0.5%) compared to FY25's amended budget. The budget includes funding for 5,090 full-time positions, which is a decrease of 27 positions from FY25 total. It should be noted that 20 police officer positions were also frozen. They are still included in the count above but lack the funding to fill the positions, effectively reducing the funded position count to 5,070.

Budget Development

As always, revenue sets the stage for the budget process. That dynamic is more pronounced this year than in others, due to the significant expected shortfall in our revenue estimates projected for FY26. This year's sales tax is running at less than 1% growth, with the next projected to grow at under 2%. Supporting revenues, such as franchise fees, have also retracted in the current year, leaving us several million under projection in FY25. Meanwhile, expense line items have increased across contract services, supplies, and most notably our personnel costs.

In other years, a moderate growth rate might leave some room for program improvements alongside necessary reductions. That was not the case for FY26. Departments were asked to reduce their budgets by 4.5% in most cases and 1.5% for Police and Fire. These savings were necessary to close a gap of over \$10 million from our preliminary budget estimates.

A full discussion of our various revenue sources can be found in the Revenue Summary section of the budget book on page B-2.

The City has retained its top-tier AAA rating from both Standard & Poor's and Moody's on our 2025 General Obligation Bonds. This rating allows the City to issue debt at the best possible terms, which

MESSAGE FROM THE CITY MANAGER

provides additional resources of more than \$100 million annually to streets, buildings, and other infrastructure across OKC. In addition to the direct cost savings of carrying a AAA rating, I would assert that there is an equally valuable benefit to the City derived from the prudent management practices and financial policies necessary to achieve it.

Better Streets, Safer City

Collections ended March 31, 2020, for the temporary one cent Better Streets, Safer City Sales Tax, but projects are expected to continue as these funds wind down. Collections in the fund totaled over \$263 million. Work will continue in FY26 with a budget of \$43.6 million for projects that have already begun and those that have been identified by the Citizens Advisory Board.

MAPS 3

Approved by voters in 2009, MAPS 3 is a \$777 million capital improvement program. MAPS 3 has funded construction of the Oklahoma City Streetcar, RIVERSPORT Whitewater Facility and rowing infrastructure on the Oklahoma River, the Bennett Event Center at the Oklahoma State Fairgrounds, Scissortail Park, several senior health and wellness centers, and trails and sidewalks throughout the city. In FY25, the remaining funds and interest earnings are budgeted for a total of \$24.5 million to complete projects already underway.

MAPS 4

This will be the fifth-year that the one cent General Fund sales tax is collected in the non-operating portion of the General Fund and transferred to the MAPS 4 Program Fund where the various projects will be funded. The MAPS 4 Implementation Plan was adopted by City Council on September 14, 2021, and guides the timing of all 16 projects. With sales tax performance higher than forecasted since collections began in April of 2020, Council approved a revised implementation plan on Aug. 16, 2022, that increased projected funding by \$100 million. The FY26 budget for the MAPS 4 Program is \$434.1 million as projects from each of the 16 categories start to enter into the construction phase this fiscal year.

Major Budget Changes

This year required reductions across most departments. Many of the departments proposed reductions to vacant positions, reductions in non-critical line-item expenses and finally filled positions to achieve the necessary cuts. I will address many of these changes here organized by function and department, but more detail on the changes in each department can be found in Section C of the budget book.

Public Safety

Public Safety is an essential primary function of the City and accounts for almost 61% of the General Fund.

The Fire Department deletes 15 uniform positions, removing the 2nd engine from station 1 from service. It also adds two Recovery Support Specialists and two Mobile Integrated Health Responders to further implement the Alternative Response Team Program. Lastly it adds one Human Resources Business Partner to support employee training and related needs.

MESSAGE FROM THE CITY MANAGER

In addition to position changes, the FY26 Fire budget also includes \$1.7 million in funding toward a new fire station and remodeling costs, from the Fire Sales Tax Fund.

The Municipal Court Department deletes a net of five positions.

- Deletes Lead Customer Service Representative
- Deletes Municipal Court Clerk
- Deletes Office Clerk
- Deletes two Senior Customer Service Representatives

The Police Department freezes 20 uniform positions in FY26. In addition to position changes, the FY26 Police budget also includes \$8.6 million in funding toward capital construction and remodeling costs and additional funding for services and supplies, from the Police Sales Tax Fund.

Public Services

Public Services, at 19% of the General Fund budget, are the functions most residents interact with on a regular basis and that are used to plan, construct, maintain, and operate the City's infrastructure. Public Services are a top priority from our annual resident survey.

The Airports Department's budget concerned itself with updates to its exiting positions to achieve better alignment with the current type and amount of work. It proposed a few changes in position type, that ultimately netted to zero positions added and deleted.

The Public Works Department deletes two positions. Those include a vacant Office Administrator from Traffic Services and a vacant Construction Project Manager from its Infrastructure Program.

The Development Services Department reduces two positions across its different divisions:

- Deletes a vacant Code Technician from the Plan Review Program
- Deletes a vacant Unit Operations Leader from the Permits and Licensing Program

The Planning Department did not make major changes to its line-item budget but instead proposed a continuation of the prior years fee study recommendation, which were able to account for in the next fiscal year's budget plan.

The Public Transportation and Parking Department achieves its budget target through the in-sourcing of the Streetcar, which is expected to save \$1.34 million. It additionally eliminates Route 019 to the Mary Mahoney Health Center which lost support from Oklahoma County due to Senate Bill 1931, saving \$270,690. Embark also reduces the operational hours for Route 024 for a savings of \$148,353.

The Utilities Department was not required to make budget reductions due to its dedicated funding from rate payers. It adds two Facility Plant Mechanic II positions and increases services and supplies by \$2.1 million.

MESSAGE FROM THE CITY MANAGER

Culture and Recreation

The next largest function in the General Fund is culture and recreation at 10.7%. Within the Parks and Recreation Department budget is where several public-private partnerships are funded such as the City's operations contracts with the Civic Center Foundation, Myriad Gardens Foundation, Scissortail Park Foundation, RIVERSPORT Whitewater Facility and the First Americans Museum. Other contracts funded through the non-departmental budget fund operations at the Paycom Center and the Oklahoma City Convention Center.

The Parks and Recreation Department removes two positions from the Recreation Program that will reduce availability of programming for our residents. To achieve it remaining targets, it proposes to reduce contract labor for park mowing and cleanup. The department also proposes to reduce maintenance at its soccer fields and shift some of its security costs to the Special Purpose Fund.

General Government

General Government is the smallest function in Oklahoma City's General Fund at 9.2%. This function encompasses central services of Information Technology, General Services, Finance, and Human Resources as well as offices that report directly to the City Council - the City Manager's Office, Municipal Counselor's Office and the Office of City Auditor.

The City Manager's Office reduces a net of two positions. The Public Information and Marketing division adds a Senior Program Manager to assist with communication and community engagement. While the Metropolitan Area Projects (MAPS) Office deletes 3 administrative positions that are not currently needed.

The Finance Department deletes two positions from its Risk Management and Accounting functions. Specifically, a vacant Safety Specialist position and a vacant Municipal Accountant II are deleted respectively.

The General Services Department deletes two positions including a Building Maintenance Mechanic and Fuel system technician.

The Human Resources Department adds revenue from Oklahoma City Municipal Facilities Authority to the Total Rewards Program to fund a total of two Employee Benefits positions. It also deletes a vacant Public Information and Marketing Specialist in the Talent Acquisition program

The Information Technology Department adjusts line-item budgets for training, licensing, and maintenance of various systems to achieve target.

The Municipal Counselor's Office deletes a legal secretary to meet its requested budget target.

Council Strategic Priorities

The City Council Priorities provide guidance for department business plans and budget preparation.

MESSAGE FROM THE CITY MANAGER

The City Council's Strategic Priorities are:

- Promote safe, secure, and thriving neighborhoods
- Develop a transportation system that works for all residents
- Maintain strong financial management
- Enhance recreational opportunities and community wellness
- Encourage a robust local economy
- Uphold high standards for all City services
- Continue to pursue social and criminal justice initiatives

The full descriptions of these priorities and the results used to monitor progress in each area are discussed on page A-10.

The most recent resident survey returned updated priorities from our residents. Homelessness became the number one resident issue, followed by improving streets, and then traffic flow, with Policing falling out of the top 5 issues for the first time. To meet this need we have invested in comprehensive programs to address homelessness over the last few budget cycles through our Key to Home Program, as well as through the hiring of key positions to coordinate a unified response with our nonprofit partners and other agencies. Streets and traffic flow are expected to be major components of the upcoming General Obligation Bond package that will be brought to our residents for consideration later this year. Satisfaction with overall city services continues to be high compared to our peers.

Compliance with Budgeting and Financial Planning Policies

City Council has adopted policies to guide financial planning and budget decisions. A summary of these policies can be found online at <https://www.okc.gov/departments/finance/policies> and a table addressing policy compliance is on page F-20.

Conclusion

In last year's budget planning process, we prepared for an economic slowdown but remained optimistic that there may be a return to growth for at least a portion of the year. That optimism, while based on the best information at the time, did not materialize as we had hoped. This year's budget is a response to that reality. Despite this, I'm encouraged that we were able to absorb these necessary cuts, while minimizing reductions to our service levels. Likewise, we were able to avoid all but a couple of reduction in force, as most cuts were made to vacant positions and non-personnel line items. This strategy, in addition to mitigating disruption to our staff members, also positions the city for a return to peak service levels when our revenues rebound, by retaining our workforce and institutional knowledge.

Respectfully submitted,

Craig Freeman

COUNCIL PRIORITIES AND KEY RESULTS

In October of 2017, the Oklahoma City Council met to identify the major issues confronting the City over the next two to five years. They reviewed and updated previously established Council Priorities and the progress indicators or key results that the City should achieve in order to successfully address the identified issues. The following are the Council Priorities and Progress Indicators adopted by the City Council and the departments which most directly align with those priorities and progress indicators.

Preamble

Our priorities are grounded in the lessons of the City's history and the values of inclusiveness, mutual respect and self-reliance that are the hallmarks of our future. We will be responsive to our residents' needs as we address these priorities and continue to deliver what we promise. Our focus is to improve the quality of life for every Oklahoma City resident.

Promote safe, secure, and thriving neighborhoods

Neighborhoods are the building blocks of a great city and residents expect safe neighborhoods that provide a high quality of life. We will continue to promote strong and safe neighborhoods by providing public safety services, effective code enforcement, and support for neighborhood revitalization efforts. We will work with our partners to support education initiatives that encourage strong neighborhood schools.

PROGRESS INDICATORS					
PRIMARY DEPARTMENT		FY25			
		FY24 Actual	Estimate	FY25 Target	FY26 Target
Police	% of person crimes cleared by arrest, prosecution or other means	52%	47%	70%	60%
	% of property crimes cleared by arrest, prosecution or other means	29%	31%	30%	30%
	% of residents who report they feel safe	60%	50%	60%	60%
	% of Life Threatening calls (Priority 1) responded to within 9 minutes 30 seconds from the time a 911 call is answered until officer arrival	60%	59%	80%	80%
Fire	% of emergency incidents responded to within 7 minutes	70%	70%	80%	80%
EMSA	% of EMSA/Police Call Taker incidents dispatched in 2 minutes	89%	89%	80%	80%
Planning	% of residents who are satisfied with the overall quality of their neighborhood	65%	69%	65%	65%
Development Services	% of property maintenance and code violations resolved voluntarily	80%	80%	75%	75%

Continue to pursue social and criminal justice initiatives

All people deserve to be treated with dignity, fairness, and respect. Pursuit of these values provides unity within our community to move our City forward and place us at the forefront of communities which seek the betterment of all people. We will ensure equitable justice through continued criminal justice system reform and increased engagement with residents and community groups. We will support our partners and promote access to social services that facilitate a better future for those in need.

PRIMARY DEPARTMENT		FY25			
		FY24 Actual	Estimate	FY25 Target	FY26 Target
Police	% of residents who report they feel safe	60%	50%	60%	60%
	% of officers who have received procedural justice training	100%	100%	100%	100%
	% change in the number of people incarcerated for municipal charges	22%	22%	0%	0%
	# of prisoner days utilized by Oklahoma City at the Oklahoma County Jail	9,878	9,612	2,500	2,500
Planning	# of people who are homeless in Oklahoma City according to the Point-In-Time Count	1,838	1,838	1,200	1,200
	# of federally assisted affordable rental housing units	11,673	11,673	9,022	10,500

Uphold high standards for all City services

City services have a direct and immediate impact on residents and are essential to the quality of life in our city. The interactions residents have with City employees influences opinions of City government and the value they receive for the taxes and fees they pay. Maintaining high standards for City services is essential to maintaining the positive reputation Oklahoma City has and helps make Oklahoma City an attractive place for businesses to locate. With a commitment to providing quality customer service, we will continue to follow best practices in achieving and exceeding expectations for effective service delivery.

PROGRESS INDICATORS					
PRIMARY DEPARTMENT		FY25			
		FY24 Actual	Estimate	FY25 Target	FY26 Target
City Manager's Office	% of residents satisfied with the quality of City Services	75%	66%	75%	75%
	% of service requests received through the Action Center acted upon within 10 working days	94%	91%	96%	96%
Utilities	% of wastewater overflow/backup calls responded to within one hour	96%	95%	95%	95%
	% of water emergencies (main/service line breaks) responded to within one hour	95%	97%	95%	95%
	% of scheduled solid waste routes collected by 5:00 pm	93%	94%	95%	95%
Public Works	% of pothole repairs within 5 calendar days of work order issued	66%	69%	80%	80%

Enhance recreation opportunities and community wellness

Providing quality recreational opportunities, communicating more effectively with the public about the options available, and working with our partners to promote healthy living are important for the wellbeing of our community. To provide convenient and attractive options for residents, our parks and recreation facilities will be well maintained and provide a wide variety of recreational offerings that appeal to all of our residents.

PROGRESS INDICATORS					
PRIMARY DEPARTMENT		FY25			
		FY24 Actual	Estimate	FY25 Target	FY26 Target
Parks and Recreation	% of residents that report regular leisure time physical activity	51%	68%	70%	70%
	% of residents within ½ mile of a recreation facility, trail or park	75%	76%	78%	78%
	% of residents satisfied with maintenance of City parks	75%	66%	75%	65%
	% of residents visiting a park and/or participating in a park program	80%	73%	80%	80%

Develop a transportation system that works for all residents

A transportation system that gets people where they need to go in a timely manner and accommodates various means of mobility is necessary to connect residents and businesses. Improving the condition of streets is one of the top priorities of our residents and will continue to receive significant investment in the coming years. We are making strides to become more pedestrian and cyclist friendly through better planning, design, and construction of complete streets, sidewalks, and trails. There is also a growing interest in improving public transportation within Oklahoma City and the central Oklahoma region. Regional solutions and funding for public transportation are a prerequisite to effectively serve the region and maximize the effectiveness of the system. Attention to new developments in transportation, such as autonomous vehicles, is needed to ensure Oklahoma City is ready to benefit from the coming changes.

PROGRESS INDICATORS					
PRIMARY DEPARTMENT		FY25			
		FY24 Actual	Estimate	FY25 Target	FY26 Target
Public Works	% of residents satisfied with the condition of major City streets	67%	67%	45%	45%
	# of miles of sidewalks constructed	2.05	2.60	5.00	5.00
Parks and Recreation / MAPS Office	# of miles of trails constructed	16.25	4.02	2.00	2.00
Public Transportation and Parking	# of bus passengers per service hour	13.79	13.22	12.48	12.57
	# of EMBARK bus service hours	196,984.56	206,171.11	236,150.00	215,964.00
	Average EMBARK frequency (minutes) during peak hours	33	32	30	30
Planning	Average commute time (minutes) in Oklahoma City	22.1000	22.1000	22.5000	22.5000

Maintain strong financial management

Prudent financial leadership will allow us to continue to meet resident needs and maintain resident confidence as we uphold our commitment to manage cost growth within available revenues. Expanding the revenue base through greater diversification of revenue sources will help the City meet the needs of our residents as the City grows. We expect sound financial leadership from elected, appointed, and professional City staff.

PROGRESS INDICATORS					
PRIMARY DEPARTMENT		FY25			
		FY24 Actual	Estimate	FY25 Target	FY26 Target
Finance	Bond Rating	AAA/Aaa	AAA/Aaa	AAA/Aaa	AAA/Aaa
	% of General Fund budget maintained in unbudgeted reserve	22.00%	22.00%	22.00%	22.00%
	% of General Fund revenue from Sales and Use tax	72%	72%	65%	65%

Encourage a robust local economy

A strong economy that supports job creation and improves the local tax base is fundamental to our growth. To make Oklahoma City an attractive option for current and future residents and businesses, we will encourage a high quality of life for residents and promote a pro-business environment that makes it clear we value the contribution of a strong business community. We recognize the need to foster innovation and embrace technological advances to move our City forward.

PROGRESS INDICATORS

LEADING FOR RESULTS AND THE BUDGET PROCESS

Leading for Results (LFR) is the “way we do business.” What this means is that the City uses a performance management system for all City departments, linking department operations to a Strategic Business Plan. The Strategic Business Plan is then organized into programs, with each program having an established budget and family of performance measures. The performance measures are used to set department goals and measure progress in achieving those goals using the resources allocated to programs. The entire process is focused on the benefit received by the customer (residents). Leading for Results provides better information to decision makers, which in turn helps them determine how to allocate resources.

The Leading for Results performance management system includes planning, employee performance, budgeting, data collecting, reporting, evaluating, and decision-making. The Strategic Business Plan contains the information needed to perform these functions and provides a concise overview of departmental operations. The graph below illustrates the performance management process. As the arrows indicate, each step is critical and flows into the next, which creates a continuous cycle.

DELIVERING WHAT WE PROMISE

THE LFR PERFORMANCE MANAGEMENT SYSTEM

PLANNING FOR RESULTS:

Focuses the department on long-term (2-5 years) strategic goals and operational results by building a Strategic Business Plan. Department business plans are summarized in each department section of the budget book and are available at www.okc.gov/departments/finance/financial-and-budget-reports.

THE STRATEGIC PORTION OF THE PLAN:

Begins with an assessment of the future where departments identify the biggest challenges impacting them and their customers over the next 2-5 years. These challenges are then refined into Issue Statements which help the department clearly communicate what the trend is that they are facing and the consequences of the trend if not addressed. Once the Issue is clearly stated, departments develop Strategic Results which are typically stretch goals that, if achieved, will demonstrate the department's ability to respond to the challenges they identified as Issue Statements. Strategic Results are specific, measurable, and describe what the customer will experience.

THE OPERATIONAL PORTION OF THE PLAN:

Organizes the services each department provides around results for customers. Similar services are grouped into programs and each program has a "Family of Measures." Similar programs are organized into lines of business. This organization serves as the structure for the City's Performance-Based Program Budget. All programs engaged in delivering and reporting performance are structurally aligned to Strategic Business Plans.

EMPLOYEE / CONTRACTOR PERFORMANCE MANAGEMENT:

Links the organization's goals and performance measures to executive, employee, and contractor performance plans so that work unit efforts can be aligned to the organization's strategic and operational results.

BUDGETING FOR RESULTS:

Structures the budget around programs and lines of business and the results generated for customers, integrating results, and cost information to improve resource allocation decisions by both departments and policymakers.

PERFORMANCE DATA COLLECTION:

Provides the means by which Oklahoma City can accurately capture and review performance information to assist in decision-making and focusing on performance and results.

REPORTING RESULTS:

Provides clear, concise performance reports on the results being achieved for the community, policymakers, and employees, thus demonstrating accountability for the investments residents make in their government.

EVALUATING RESULTS:

Compels a thoughtful examination of performance data to highlight opportunities for service level improvements and improved customer experiences.

DECISION-MAKING FOR RESULTS:

Deploys performance data at all levels to ensure that decision makers (policy level, enterprise, strategic, and operational) can make more informed decisions, resulting in improved customer experiences and continued confidence by residents in government.

LEADING FOR RESULTS AND THE BUDGET PROCESS:

The budget addresses step three in the Leading for Results process. Each department reports performance data for a family of measures which are included in the performance data volume of this document.

KEY TERMS IN THE LEADING FOR RESULTS PROCESS

- **Issue Statements:** (Issues): Identify the critical trends that will impact the department and customer over the next 2-5 years.
- **Strategic Results:** 2-5 year goals that, if achieved, demonstrate how the department is proactively responding to issues.
- **Strategy:** The actions a department plans to take to achieve a strategic result.
- **Line of Business:** A collection of programs in a department with similar purposes.
- **Program:** The smallest section of a department organized around services provided and results customers receive.
- **Family of Measures:** The set of performance measures for an individual program. A primary focus being on the Result measures (or outcomes) that demonstrate the benefit the customer receives from the program. The remainder of the Family of Measures includes Output, Demand, and Efficiency measures.

FY 2026 BUDGET DEVELOPMENT PROCESS

HOW THIS BUDGET WAS PREPARED

This budget is the result of a year-long strategic and financial planning process. In addition to the budget itself, this process generates a capital improvement plan and budget for the three trusts for which the Mayor and City Council serve as trustees. The timeline on the next page describes the schedule and the major actions taken.

The planning process began with preliminary revenue and expenditure estimates, which were used to guide budget development and ensure alignment with long-term fiscal goals.

DEPARTMENTAL BUDGET SUBMISSIONS

The budget documents were distributed to all departments in December with instructions for preparing their budgets. Departments submitted their budgets to the Office of Management and Budget (OMB) and included in these submissions were any requests for additional resources.

CITY MANAGER'S REVIEW

During February and March, the Office of Management and Budget analyzed the proposed budgets submitted by the departments. Recommendations were discussed with the departments and the City Manager's Office made decisions regarding proposed changes to the budgets. After the budget review process, revenue projections were revisited using the nine months of actual data that was then available. As revenue and expenditure projections were fine-tuned, final decisions were made regarding the City Manager's recommended budget. The result was the submission of the proposed budget to the City Council.

Budget Calendar For Fiscal Year 2026

November 2024	OMB begins process of estimating FY26 revenues.
November 2024	OMB prepares Human Resources cost worksheets and budget preparation reports.
December 2024	City Manager establishes budget targets.
December 2024	OMB conducts budget training classes and distributes operating budget instructions.
February 2025	OMB hosts the City Council Budget Workshop. The Five-Year Forecast is presented to Council. Departments submit operating budget and capital requests to OMB. OMB begins review of departmental budget requests.
March 2025	Assistant City Managers review departmental budget requests. OMB forwards budget recommendations to the City Manager.
April 2025	City Manager reviews budget submissions. OMB prepares proposed budget document.
April-June 2025	Annual budget introduced on April 29. City Council holds public hearings and considers the proposed budget on April 29, May 13, and May 27. City Council adopts the budget on June 3. OMB files adopted Annual Budget with State Auditor and Inspector by June 30.
July 2025	FY 2026 Adopted Annual Budget becomes effective July 1.

OVERVIEW OF OKLAHOMA CITY

The City of Oklahoma City is the capital of the State of Oklahoma and is the second largest municipality by land area in the contiguous United States, with a total area of 620.4 square miles. The city's 2024 population was estimated at just over 730,000, and the metropolitan statistical area's (MSA) population was estimated at 1.5 million. The population of the MSA has grown 1.1% since 2023, which matches the national average for counties with population of over 100,000.

With an unemployment rate of 3.4% in January 2024, the area represents the 56th lowest jobless rates in the nation among large metro areas with a population greater than 1 million.

Oklahoma City has been a transportation and commercial center in Oklahoma since before statehood in 1907. During the famous Oklahoma Land Run of 1889, the city was settled in a single day when nearly 10,000 pioneers staked out territory in what is now Oklahoma City. With the combination of settlers and the large number of Native American nations in the area, many of whom were transplanted from their homes further east, Oklahoma City has developed a unique and complex cultural identity.

Incorporated in 1890, the City of Oklahoma City has had a Council-Manager form of government since 1927. In 2018, voters elected David Holt as their next mayor and then Mayor Holt was re-elected in 2022. Mayor Holt heads a Council of eight members, each elected by ward. In addition to ongoing efforts to improve the quality of life in Oklahoma City, recent initiatives have focused a commitment to public safety, neighborhoods, criminal and social justice, financial management, economic growth, recreational services, and transportation.

INTRODUCTION

Historically, Oklahoma City's economic base has been closely tied to the energy and agricultural markets. Today, the city's economic base is more diversified and is seeing growth in the health and technology industries, while remaining a regional center for education and government. Some of the largest employers in the MSA include the State of Oklahoma, Tinker Air Force Base, Oklahoma State University, the University of Oklahoma, and the City of Oklahoma City. Companies with headquarters in Oklahoma City include ONEOK, American Fidelity, BancFirst, Chesapeake Energy, Continental Resources, Devon Energy, Dolese Bros. Co., Hobby Lobby Stores, INTEGRIS-Deaconess Hospital, INTEGRIS Health, Love's Travel Stops & Country Stores, OG&E Energy Corp, Mercy Hospital, MidFirst Bank, Paycom, and SSM Health Care of Oklahoma.

Vital among the City's assets are ample water supplies and its central location. Interstate highways I-35 North/South, I-40 East/West, and I-44 converge in Oklahoma City and provide transportation links to the rest of the nation. The new I-40 Crosstown Expressway relocation, which opened in 2013, allows faster travel by incorporating 10 lanes of traffic. These ground transportation routes, together with the OKC Will Rogers International Airport, make the city a regional transportation hub.

In December 2023, the City's voters approved the newest generation of MAPS, funding for a new downtown arena, securing Oklahoma City as the home of the OKC Thunder beyond 2050. The new arena will be funded by a 72-month, one-cent sales tax. Funding will start when the MAPS 4 tax ends.

In December 2019, the City's voters approved MAPS 4. MAPS 4 is an eight-year, temporary sales and use tax which will generate \$978 million to fund sixteen projects across the metro area. MAPS 4 has a broad focus on an array of human and community needs, such as homelessness and family justice, in addition to capital improvements, including a multi-purpose stadium, the Clara Luper Civil Rights Center and a new fairgrounds arena. As preparations for these

new projects have been made, the City celebrated the completion of a remaining MAPS 3 project with the opening of Scissortail Park in September 2019 with a free concert headlined by Oklahoma natives Kings of Leon that drew 28,000 people.

In August 2017, the city's residents approved the Better Streets, Safer City Bond and Sales Tax measure. The temporary penny sales tax took effect on January 1, 2018, after the MAPS 3 tax expired, and generated \$260 million over 27 months: \$173 million for street resurfacing, \$26 million for streetscapes, \$27 million for sidewalks, \$20 million for trails and \$14 million for bicycle infrastructure. In 2020, sales tax funding paid for the completion of 119 miles of street resurfacing, 21 miles of sidewalk construction, 10 miles of trail resurfacing, and four miles of bike lanes – including the first protected on-street bike lanes in Oklahoma City history. Construction on other sales tax projects is likely to last another year. The sales tax projects are joined by the other Better Streets, Safer City initiatives: a ten-year, \$967 million bond program (including \$536 million for streets, bridges, sidewalks, and traffic control), and a permanent quarter-cent sales tax for more police officers and firefighters and to supplement day-to-day operations.

Performing arts groups such as the Oklahoma City Philharmonic, Lyric Theater, and Ballet Oklahoma contribute to the City's cultural environment. The new facility for the Oklahoma Contemporary Art Museum was completed in 2020, beginning a new chapter for the institution founded in 1989. Other popular attractions include the National Cowboy and Western Heritage Museum, the Oklahoma City Museum of Art, the Oklahoma City National Memorial, the Oklahoma History Center, and the National Softball Hall of Fame.

Since 2008, the city has been the home of the National Basketball Association's Oklahoma City Thunder, who perform in the 18,203-seat Paycom Arena. Since moving to Oklahoma City, the franchise has been one of the most competitive teams in the league and has fielded some of the world's brightest talents.

The city has been the site of numerous Big XII championships in collegiate sports and has hosted the opening rounds of the NCAA basketball tournament, the Wrestling Championships, and the Women's College World Series. The United Soccer League (USL) Championship professional men's soccer team, formerly known as Energy FC, is one of the founding clubs of the league's Western Conference and plays in the historic Taft Stadium. Oklahoma City will host two events for the 2028 Summer Olympics: canoe slalom and softball. These events will take place at RIVERSPORT OKC and Devon Park respectively.

In May 2016, the \$45.3 million RIVERSPORT Rapids opened to provide whitewater rafting and kayaking on an 11-acre facility adjacent to the Oklahoma River. The center features world-class rapids for elite athletes, as well as recreational opportunities for families. The City was designated as the U. S. Olympics Training Site for canoes, kayaks and rowing in July 2009 and hosted the U.S. Olympic trials in 2016. The Oklahoma River is the only river to receive this coveted designation. New additions to the facility include Surf OKC, an inland surfing experience, which opened in August 2020, and Ski OKC, an indoor slope for alpine skiing and snowboarding, which opened May 2021.

In January 2016, the City entered into an agreement with the State of Oklahoma and the Chickasaw Nation to complete the First Americans Museum (FAM) along the Oklahoma River and it opened in September 2021. The 175,000 square foot museum showcases state-of-the-art exhibitions in First American history, culture, and art, a full-service restaurant presenting unique Native inspired cuisine, and a museum store featuring authentic one-of-a-kind hand-made items by premiere First American artists.

With a quintessentially American history and a future with an undeniable energy, the city and its people are characterized by a sense of determination and optimism that will guarantee the best is yet to come for Oklahoma City.

OKLAHOMA CITY IN THE NEWS

OK ranked among list of top ten most friendly states

March, 2025 - [World Population Review](#)

The World Population Review published a study that found Oklahoma to be in the top ten most friendly states, being ranked No. 9, just ahead of Hawaii. These rankings were decided by votes from tourists in 2023. Describing Oklahoma's ranking, this publication said "People in Oklahoma are amicable and always look after their communities (and visitors). Oklahoma City is even nicknamed "The Big Friendly" because of its kind residents."

OKC recognized for using data to improve city services

March, 2025 - [Bloomberg Philanthropies What Works Cities Certification](#)

Results for America has named Oklahoma City one of 21 new cities to be awarded the Bloomberg Philanthropies What Works Cities Certification for establishing exceptional data capabilities to inform policy, allocate funding, improve services, evaluate programs, and engage residents. Notable efforts in Oklahoma City that helped achieve this include a new blood transfusion program by the Fire Department, the Key to Home Partnership, and general use of data in the city for decision making in projects like MAPS.

OKC Will Rogers International Airport sets record passenger count

January, 2025 - [Will Rogers International Airport](#)

According to a recent City of OKC news article, OKC Will Rogers International Airport set a passenger traffic record in 2024 with 4.6 million people flying in and out of the airport. This is 4.6% higher than the previous year.

Oklahoma City Skyline ranked one of the 100 most breathtaking views in America

August, 2024 - [Mixbook](#)

Oklahoma City continues to capture the hearts of both residents and visitors with its striking skyline, recently recognized among the 100 most breathtaking views in America by Mixbook. The view from Myriad Botanical Gardens showcases the city's impressive architecture, including the iconic Devon Tower, beautifully reflected in the garden's serene lake. This accolade highlights Oklahoma City's blend of urban sophistication and natural beauty, solidifying its place as a must-visit destination for photography enthusiasts.

Oklahoma has the lowest cost of living in country

July, 2024 - [GOBanking Rates](#)

Oklahoma has been recognized for having the lowest overall cost of living among the 50 states, according to a new report from GOBankingRate. The total annual expenditures for the average family in Oklahoma amount to \$62,900, which is 14.8% lower than the national average. Housing costs in Oklahoma are nearly one-third (31.5%) less than the national average, drawing homebuyers from other states, particularly those who can work remotely.

Oklahoma Ranks No. 9 for job creation across the country

May, 2024 - [U.S. Bureau of Labor Statistics](#)

New statistics from the U.S. Bureau of Labor Statistics ranked Oklahoma No. 9 in the nation for job creation. Oklahoma made the biggest jump in the Stateline analysis of job creation rankings, going from #31 to #9. Economists said Oklahoma is starting to see the payoff of decades of investments Oklahoma has made in itself. The ranking was largely driven by Oklahoma City, which is helping not only keep, but also attract, people to the state.

QUALITY OF LIFE

The new 44,810-square-foot MAPS 3 Senior Wellness Center 3 opened its doors on December 7, 2023, and quickly gained popularity, reaching over 1,800 members in just three months. The final project in the original MAPS 3 program, Senior Wellness Center 4, opened on May 22, 2024, in south Oklahoma City and already has over 3,400 members. Due to continued demand, four pickleball courts are scheduled to be added in July 2025. Additionally, excess revenues from the MAPS 3 sales tax will support the renovation of Union Station, a historic former railway terminal located within Scissortail Park. This add-on MAPS 3 project is expected to be completed in 2026.

From sporting and special events at the Chickasaw Bricktown Ballpark, Paycom Center, and Oklahoma City Convention Center to theater, the First Americans Museum, and the ballet at the Civic Center Music Hall, Oklahoma City has something for everyone. The 12,000-seat Chickasaw Bricktown Ballpark includes shops, luxury suites, and a year-round sports theme restaurant. The Paycom Center, home of

the Oklahoma City Thunder, is a 586,000-square-foot state-of-the-art entertainment facility that hosts major concerts as well as sporting and special events. The new, state-of-the-art Oklahoma City Convention Center is a 500,000-square-foot building with a massive 200,730-square-foot exhibit hall, 40,000 square feet of meeting spaces, ballrooms, and a large balcony overlooking Scissortail Park. Offering the best of Broadway, theatre, ballet, chorus, and orchestra, the Civic Center Music Hall brings world-class entertainment to Oklahoma City.

More than just a park, the Scissortail Park is a place for play, culture, wander, celebration, and inspiration for everyone. Extending from the core of downtown Oklahoma City to the shore of the Oklahoma River, this 70-acre urban oasis encompasses a café, sports facilities, a picnic grove, nature trails, and a tranquil lake with boathouse and paddle boat and board rentals. Inspired by Oklahoma's state bird, the scissor-tailed flycatcher, the 380-foot-long Skydance Bridge connects the north section of the park to the south section. The Lower Park opened in 2022 and focuses on athletic events and pickup sports with a soccer field, sports pavilion, pickleball courts, futsal court, and two basketball courts. The Park also comes with pavers and furniture that is consistent with the Upper Park, dotting the promenade alongside whispering pines, native gardens, a hollow, an overlook hill, play area for children, and a plaza.

Hop on the Oklahoma City Streetcar to explore the diverse and historic districts, and experience the new-found adrenaline reflected by a gleaming downtown. Discover the many restaurants and entertainment venues from the Bricktown Canal and Water Taxi. Take a horse-driven carriage ride to a swanky hotel, gaze in awe at the world's tallest Chihuly glass tower in the Oklahoma City Museum of Art or climb to the top of one of the region's tallest rock-climbing walls.

With abundant recreation, a growing economy, low unemployment, and a fairly low commute time, Oklahoma City ranks highly in housing, healthcare, and environmental quality. It's one of the best cities for young adults to thrive, full of energy, creativity, and opportunity.

DEVELOPMENT ACTIVITY

As a major transportation hub in the south-central United States, Oklahoma City is served by Interstate Highways 35, 40, and 44. The City is headquarters for several motor freight companies with terminals for many others. Major carriers provide interstate passenger bus service and Burlington Northern, Union Pacific, and Santa Fe railroads provide freight service. In addition, Amtrak's Heartland Flyer offers convenient and affordable daily rail service between Oklahoma City and Fort Worth, Texas.

Oklahoma City operates three municipal airports. OKC Will Rogers International Airport (OKC Airport) supports and enhances Oklahoma City economic growth and development through continued improvements to facilities and services. OKC Airport is served by seven major airlines offering non-stop service to 20 destinations across the nation. In addition to commercial and cargo service at OKC Airport, the Wiley Post Airport and Clarence E. Page Airport are general aviation airports. Wiley Post is also designated as a reliever airport for OKC Airport.

Since 1966, the Central Oklahoma Transportation and Parking Authority (COTPA), known as EMBARK, has operated Oklahoma City's public transit. Services include fixed-route buses, ADA paratransit, the OKC Streetcar, River Cruises, downtown parking, and *RAPID NW*—the region's first bus rapid transit (BRT). EMBARK runs 20 bus routes in Oklahoma City, parts of Midwest and Del City, and seven routes in Norman through an interlocal agreement, serving over 1,450 stops.

RAPID NW has served the transportation needs of over 580,000 riders since launching its service in December of 2023. *RAPID NW* provides riders with a premium transit experience while delivering high-frequency service with fewer stops, enhanced vehicles, stations, and passenger amenities that use transit signal prioritization for faster service. With 32 stops and two park-and-ride locations, *RAPID NW* connects the urban core and far northwest Oklahoma City, including several neighborhoods, major employers, hospitals, educational institutions, and other amenities with frequent, comfortable, and convenient transit service. Since opening, it has become EMBARK's highest ridership route. Like the OKC Streetcar, the next BRT line will be funded by a temporary one-cent sales tax via MAPS 4, OKC's 100% debt-free capital funding program. The additional MAPS 4 BRT line is estimated to be in service in 2028 and will expand high-frequency service to NE and SW Oklahoma City.

As the metro grows to 1.43 million across 6,359 square miles, regional collaboration is increasing. In February 2019, several metro-area cities formed the Regional Transportation Authority (RTA) of Central Oklahoma to better coordinate efforts to plan, build, and operate intercity commuter service. The RTA is currently composed of member cities Edmond, Norman, and Oklahoma City, with each community represented on the RTA's board of directors and administrative support provided by EMBARK. Local Preferred Alternatives (LPA) have been adopted for the north-south commuter rail corridor connecting Edmond, Oklahoma City, and Norman, as well as transit corridors connecting downtown Oklahoma City with Tinker Air Force Base, OKC Will Rogers International Airport, and far west Oklahoma City.

TRANSPORTATION

Construction activity in Oklahoma City has remained steady with numerous projects in various stages of progress. In downtown Oklahoma City, residential and mixed-use developments continue to rise, contributing to the vibrancy of the urban core.

MAPS 4 projects continue to progress in various stages of design and construction.

The MAPS 4 Fairgrounds Coliseum remains on schedule for completion in 2025 and will replace the 60-year-old Jim Norick Arena, known as the “Big House.” Once finished, the 216,000-square-foot facility will seat more than 7,000 and is projected to draw annually over 1.1 million visitors, generate more than \$200 million in direct spending, and create over \$400 million in economic impact.

In October 2024, the MAPS 4 Diversion Hub broke ground. This 35,575-square-foot facility will continue transforming the City’s approach to the criminal legal system and relieve pressure on the Oklahoma County Jail. It is expected to be completed in 2026.

In January 2025, partnered with the Innovation District, the MAPS 4 Innovation Hall became the first completed MAPS 4 project. It offers training, education, flexible event areas, and pop-up opportunities for innovators.

In February 2025, the Oklahoma City Louisa McCune Animal Welfare Center officially broke ground. The modern facility will support enhanced animal care services and is anticipated to be completed in 2027.

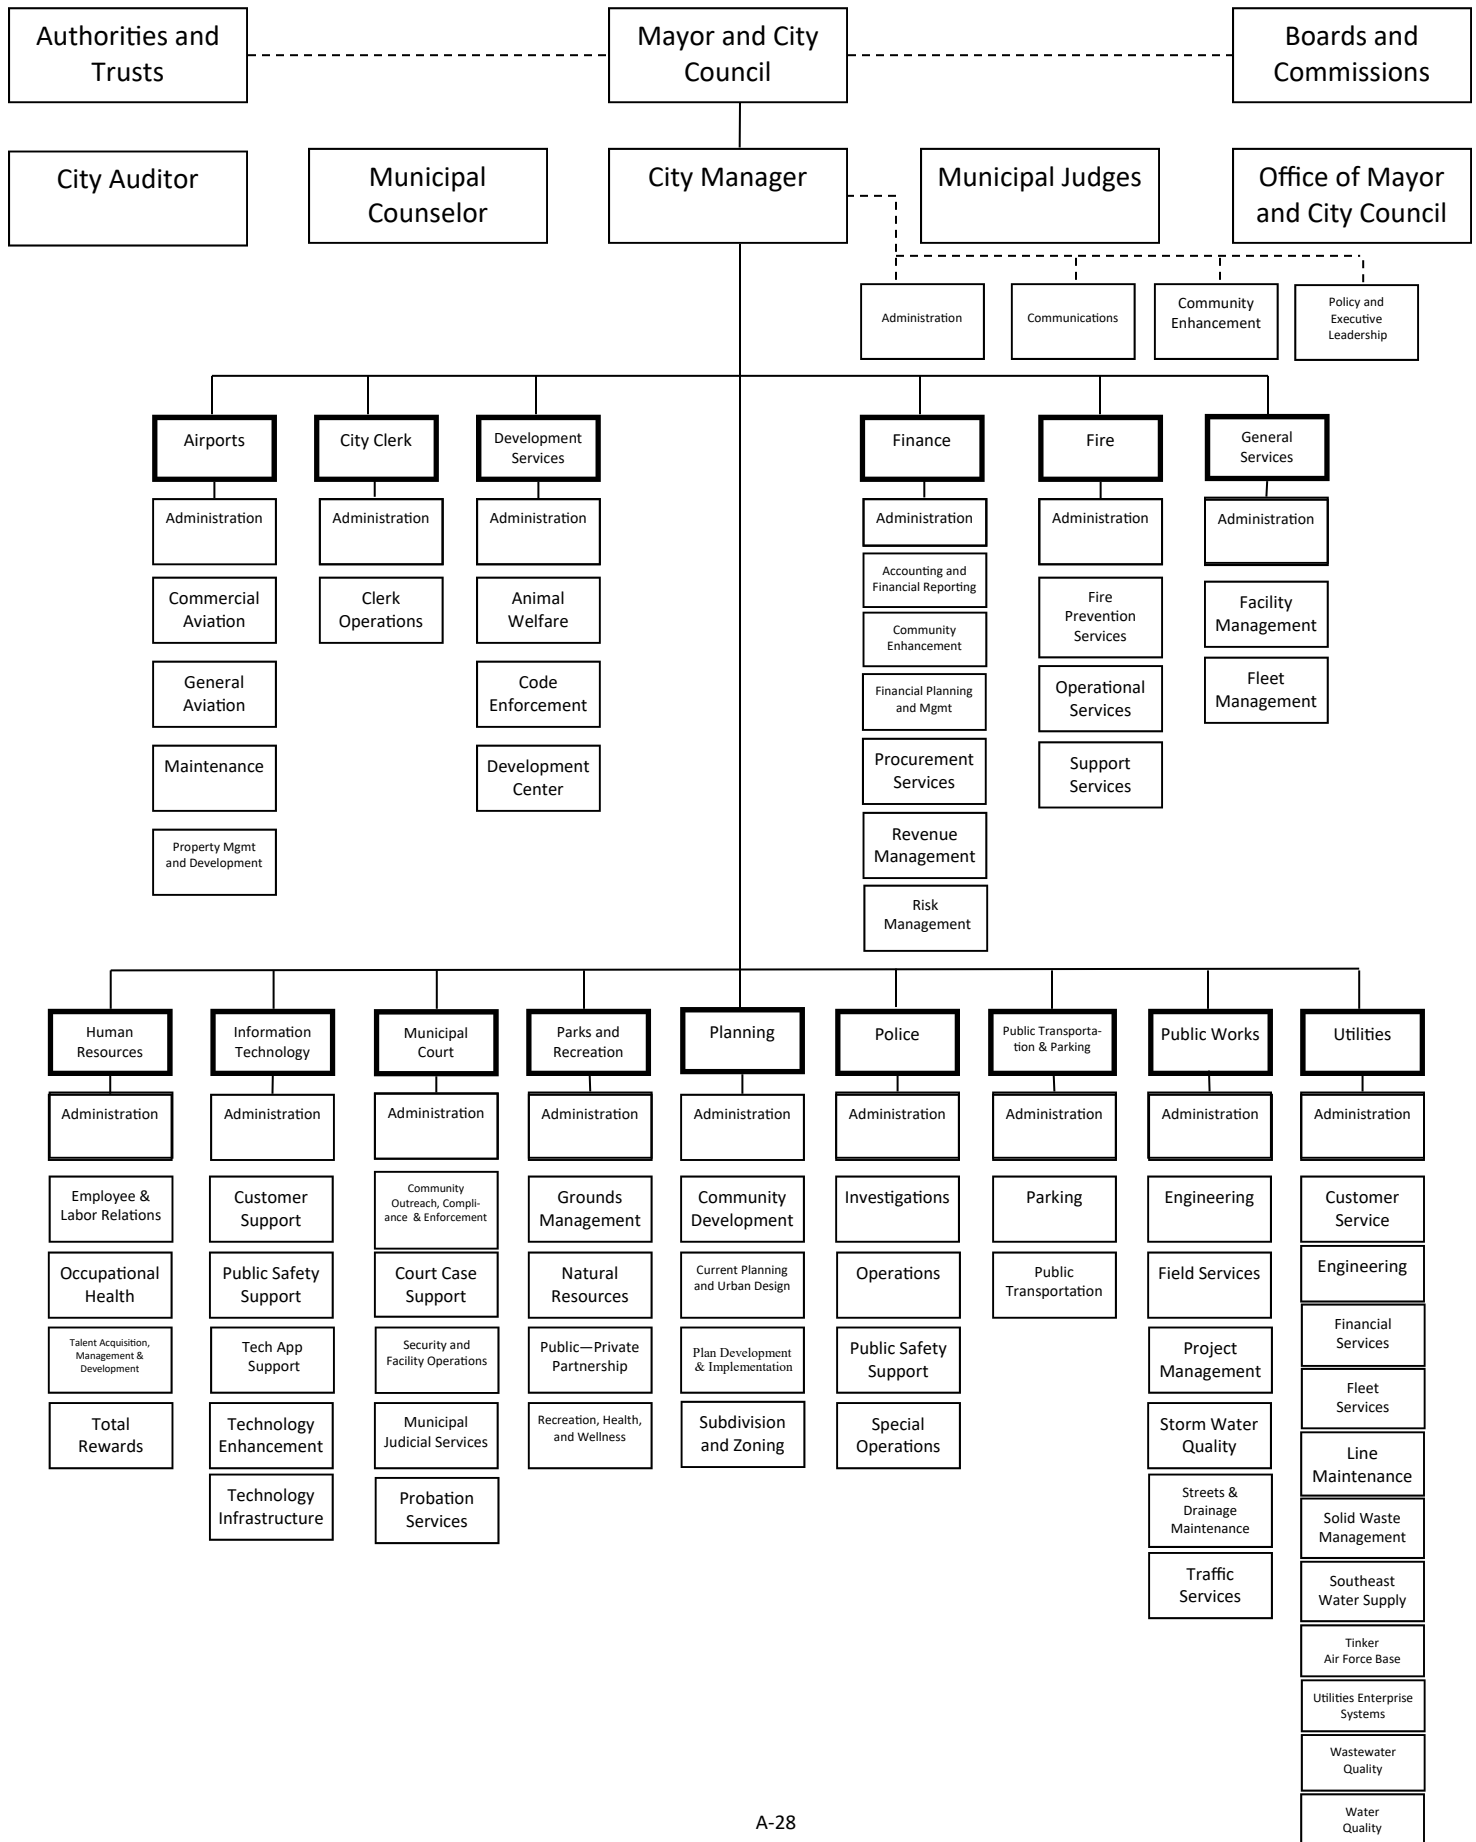

In May 2025, the MAPS 4 Family Justice Center operated by Palomar will break ground. This new facility, expected to be completed in 2027, will enable Palomar to continue its ongoing mission of assisting children exposed to trauma, as well as victims of domestic violence, sexual assault, elder abuse, and human trafficking.

Other MAPS 4 projects in construction include sidewalks, bike lanes, and a pedestrian bridge on the Oklahoma River, while numerous projects continue with design and will soon be released for construction bids.

FY26 REVENUES

FY26 EXPENDITURES

REVENUE SUMMARY

WHEN REVENUE IS DEDICATED TO A PARTICULAR PURPOSE, THE CITY HAS GENERALLY CHOSEN TO ESTABLISH A SEPARATE FUND TO ENSURE THAT ALL OF THE DEDICATED REVENUE IS SPENT FOR ITS INTENDED PURPOSE.

The City derives revenue from a myriad of sources. Some revenues are dedicated to specific purposes, such as the MAPS 4 Sales Tax or the tariff on phone service dedicated to the E-911 service. Other revenues are not dedicated to a particular program or service and are deposited in the City's General Fund. A fund is an accounting method for segregating revenues and expenditures for a specific purpose.

OPERATING FUNDS

Before beginning the discussion of revenues, it should be noted that all projected growth rates for FY26 are based on changes from estimated year end totals for FY25.

The City classifies its funds as either operating or non-operating. The distinction is that some funds and, in some cases, portions of funds directly support operations; and other funds provide for capital improvements or are so limited in their purpose that they do not support daily operations. This allows decision-makers to segregate operating costs from the total cost for the organization so that significant changes in capital funding are not misinterpreted as a significant change in operational costs.

An example of this is dedicated sales and use taxes. In recent years, the residents of Oklahoma City have approved several limited-term dedicated taxes to fund capital improvements. With the MAPS 4 sales and use taxes beginning on April 1, 2020, there have been significant increases in the revenue of those funds which are being used for capital improvements. Because of this distinction, the portion of the sales tax used for capital improvements was classified as non-operating and the portion of the use tax used to fund the MAPS 4 Project Office was classified as operating.

The Operating Funds category includes three major types of funds: General Operating Funds, Special Revenue Funds and Enterprise Funds, all of which will be discussed further. The bulk of the discussion focuses on the General Fund, the City's largest fund at \$612.0 million or 29.82% of the FY26 budget.

GENERAL FUND

Due to the lower than expected sales and use tax in FY25 and an uncertain economy for FY26, the economic outlook in FY26 forecasts a contraction of 0.5% in the General Fund. The General Fund has hundreds of individual revenue sources and similar sources are grouped into categories as shown in the chart to the right. The narrative on the following pages examines each of the major revenue categories in the General Fund and the short term factors that influenced the revenue projections. Also highlighted in the narrative and the table on page B-4 are the top 10 individual revenue sources that, when combined, account for 85% of the FY26 General Fund budget.

General Fund Revenue by Source

As the table above, and the chart on the preceding page indicate, the largest single source of revenue in the General Fund is sales tax. As such, the most time and effort is dedicated to forecasting this revenue source.

GENERAL FUND - TAXES

The largest category of revenue in the General Fund is taxes at \$449.6 million or 73.5%. Within the taxes category, all revenue sources are authorized by the state and collected by the Oklahoma Tax Commission.

Sales Tax

Sales tax is the largest single revenue source for the General Fund and the City. Sales tax is applied to most retail transactions, as provided by state law, and is collected by local vendors who then remit the revenue to the Oklahoma Tax Commission. The City maintains agreements with the Oklahoma Tax Commission for administration and enforcement services associated with sales and use taxes. The City levies a total of 4.125% in sales tax. Combined with the state levy of 4.5%, the total state and municipal sales tax rate charged within corporate Oklahoma City limits is 8.625%.

The City's 4.125% sales tax levy is divided between various funds as authorized by voters as shown in the graphic below. The General Fund receives the largest portion of sales tax at 2.250% and is where the City's day-to-day operations are funded. MAPS 4 is an 8-year temporary one-cent sales tax in effect through March 31, 2028. It is projected to generate a total of \$1.1 billion dedicated to funding

16 different projects including parks, youth centers, a mental health and family justice center, transit system improvements, sidewalks, and a new multi-purpose stadium, among other projects. The Public Safety Sales Tax is a permanent 0.750% (3/4 cent) sales tax split evenly between Police and Fire. The Zoo Sales Tax is a permanent 0.125% (1/8 cent) sales tax that can only be used for capital improvements and operations at the Oklahoma City Zoo. This section will focus on the

2.250% authorized for general operations, while the dedicated sales taxes that account for the remaining 1.875% will be discussed in the Special Revenue Operating Funds section of this chapter. Projecting sales tax is always challenging because it is impacted by many uncertain local and national factors. For example, recent high inflation has put upward pressure on prices, which translates into higher sales tax collections. However, particularly high and sustained inflation discourages consumer activity for certain non-essential goods and services, which can suppress sales tax growth. Through careful analysis, the City has developed the FY26 budget based upon a 1.86% growth rate in sales tax as compared to projected FY25 year end collections. Sales tax collections are projected to be \$330.3 million and account for 54% of the FY26 General Fund budget.

*Sales Tax Collection Projections

GENERAL FUND - OTHER TAXES

Use Tax

Use tax is levied on goods and services that are bought in other states and then imported for use in Oklahoma. This tax is applied in lieu of sales tax because the goods were originally bought outside the state. As more people are making purchases online, use tax is growing at a higher rate than sales tax. Use tax collections have averaged a 11.4% growth rate and sales tax has averaged 4.6% growth over the past 10 years. The use tax rate is 4.125% of the purchase price and is budgeted at \$106.3 million or 17.4% of the General Fund budget for FY26. Together, sales and use tax make up 71.3% of the General Fund operating budget which demonstrates how heavily the City relies on these tax revenues.

Excise Tax

In FY05, state law changed the taxation of tobacco products and exempted them from sales tax, but implemented an excise tax designed to make it more expensive to purchase tobacco products on a per unit basis. Municipalities receive a portion of the excise tax from the state. Revenue is projected to be \$3.4 million, which is less than 1% of the General Fund revenue budget.

Commercial Vehicle Tax and Motor Fuels Tax

The commercial vehicle tax and motor fuels tax are both collected by the state with municipalities receiving a portion of the tax based on their share of the population. These revenues are projected to

grow for FY26 by 6.78% or \$401.9K with a budget of \$6.3 million which is 1% of the General Fund revenue budget.

Occupation Tax

Occupation taxes are levied by the City for specific occupations when the City is the principal place of business for the occupation. The first type of occupation tax is on retail gasoline filling stations, retail diesel stations, and retail oil stations which is a tax on each pump. The second type of occupation tax is on businesses or occupations related to alcoholic beverages. In FY26, marginal decrease of 4.8% is anticipated with a budget of \$1.4 million which is less than 1% of the General Fund revenue budget.

Alcoholic Beverage Tax

The alcoholic beverage tax is a “sin” tax levied by the state with a percentage passed on to counties and municipalities based on their share of population. Alcohol tax collections are expected to generate \$1.9 million in FY26 or less than 1% of the General Fund revenue budget.

GENERAL FUND - FRANCHISE FEES

Franchise and Utility Fees are charged to public utilities for the use of public rights-of-way for their infrastructure. This category is the second largest within the General Fund accounting for \$51.3 million or 8.38% of the FY26 General Fund operating revenue budget. Three of largest remitters of franchise fees are Oklahoma Gas & Electric (OG&E) with FY26 estimated revenue of \$28.3 million, Oklahoma Natural Gas (ONG) at \$7.9 million and Water Utilities at \$5.1 million. OG&E, ONG, and Water Utilities are top 10 General Fund revenue sources and make up 7.0% of the operating budget. Other franchise fee remitters are the Oklahoma City Water Utilities Trust, Cox Cable, smaller electrical companies or cooperatives, other telephone and cable television providers, and a steam and chilled water utility company.

GENERAL FUND - LICENSES, PERMITS, AND FEES

The Licenses, Permits, and Fees revenue comes from a variety of sources such as business licenses, fishing permits, building permits, and fees for becoming a pre-qualified contractor. The category represents \$17.4 million or 2.9% of the General Fund revenue budget. Building permits are a top 10 revenue source at a projected \$7.5 million or 1.0% of the budget.

GENERAL FUND - SERVICE CHARGES

Service Charges are based on the specific services provided and are generally paid on a per use basis with projections at \$41.0 million or 6.7% of the FY26 General Fund revenue budget.

GENERAL FUND - FINES

The Fines category is comprised of various fines and court fees that are processed by the City’s Municipal Court. The City is one of two municipalities in the State of Oklahoma that has a Municipal Court of Record. The two largest revenue sources in this category are court cost fees and traffic fines. Until recently, both of these were top 10 General Fund revenues but have been declining in recent years due to fewer cases being filed with the court and implementation of criminal justice reform. Both are no longer a top 10 revenue source, court cost fees is projected at \$4.4 million of the General Fund revenue budget and traffic fines are projected at \$3.0 million for FY26. The Fines category is \$8.6 million or 1.4% of the General Fund revenue budget.

GENERAL FUND - OTHER

This includes the smaller categories of revenue including Administrative Charges, Other Revenue, Transfers, and Fund Balance and comprises \$44.0 million or 7.2% of the FY26 budget.

Administrative Charges

Administrative Charges are \$26.1 million or 4.3% of the FY26 General Fund revenue budget and are assessed to other City funds and entities for administrative services such as accounting, human resources, payroll, audit, and other functions provided by General Fund departments.

Other Revenue

Other Revenue includes the smaller sources such as interest, rebates, and royalties. The category is projected to have collections of \$17.8 million in FY26 or 2.9% of the General Fund revenue budget.

Transfers

Transfers are payments made to the General Fund from other City funds. The category can vary greatly from year to year depending on the status of projects. In FY26, the Transfers category is projected at \$79,264. In total, the Transfers category makes up a marginal share of the General Fund revenue budget.

Fund Balance

No fund balance is budgeted in FY26.

GENERAL FUND HISTORICAL REVENUE SHORTFALL OR SURPLUS

The chart on the following page illustrates the differences between General Fund revenue projections and revenues actually received each fiscal year. Significant continued variances in actual collections from projected amounts, whether it be shortfall or surplus, can be reason for concern. Either scenario could indicate a changing economy or inaccurate forecasting techniques. Additionally, credit rating organizations use this indicator to review the quality of financial management in a local government since variances between budget and actual results are considered indicative of management's financial planning capabilities. In February 2025, for the fifteenth year in a row, the City earned the highest bond ratings possible from two of the nation's most respected financial rating services. The City received a AAA rating from Standard & Poor's and a AAA rating from Moody's Investor Service.

With taking in preliminary numbers for FY24 the average absolute value variance over the past 10 years was 2.3% which is within the City's stated goal of having revenues within 2% of projections. Over the last five years, the absolute value variance average was 2.0%. In FY15 revenue was within 1.0% of projections. In FY16, a contraction in the energy sector contributed to revenue collections missing projections by 4.3% and a prolonged weakened local economy that reflected inventory adjustments accounted for a shortfall of 2.0% in FY17. Back to back revenue declines are rare and the last time it occurred was more than 30 years ago. In FY18, revenues exceeded projections by 3.7% as the City once again recovered from an economic downturn stronger than projected. In FY19, General Fund revenue collections exceeded budget by 2.8% due to strong growth in Use Tax collections from online sales remitters and merchant wholesalers. At the end of FY20, the world experienced the COVID-19 pandemic which severely affected sales tax collections ending the year at -1.8% lower than projected. Sales and use tax collections outpaced expectations in FY21 as a result of Federal stimulus money resulting in growth of 0.6% higher than projected. More Federal stimulus money in FY22 fueled higher than expected sales tax receipts, although growth was only marginally higher than projections by

0.3%. In FY23 higher than expected sales and use tax receipts led to a growth of 2.3%. In FY24 with inflation rates averaging 3.4% consumers continued to spend but at a slower pace as they faced the constraints of depleted savings and tighter credit conditions, with credit card delinquency and charge-off rates near 13-year highs. This in turn severely affected sales and use tax collections ending the year at –5.02% lower than projected. The City continues to work with Dr. Russell Evans to refine forecast estimates and consistently project collections within 2% of budget. Keeping the variance to a minimum, means services have not been unnecessarily reduced because of a perceived shortage in revenue that did not occur, or that new services were established that could not be maintained because revenues failed to meet projections.

INTERNAL SERVICE FUNDS

Internal Service Funds are dedicated to departments that provide services to other City departments and revenue is generated by charging departments for those services. Most of the charges are set at the beginning of each year based on past usage. Some exceptions are fuel, postage, and color printing which are charged to departments based on current usage and prices. The individual Internal Service Funds are Information Technology, Risk Management in the Finance Department, the Print Shop in the City Manager's Office, and Fleet Services in the General Services Department. Internal Service Funds have a FY26 budget of \$76.7 million, which is a 7.5% decrease compared to the FY25 adopted budget. Major changes to each internal service fund are summarized in the department section of the budget book. Internal Service funds combined are 4.0% of the \$2.1 billion FY26 budget.

SPECIAL REVENUE OPERATING FUNDS

Special Revenue Funds have a revenue source or sources that are dedicated to a specific purpose.

Police, Fire, and Zoo Sales Tax Funds

The Police, Fire, and Zoo Sales Tax Funds are supported by dedicated portions of the City's sales tax collections. In each of these funds, the forecast for sales tax revenue growth is 1.86%; this is the same rate of growth as projected for sales tax in the General Fund.

Court Administration and Training Fund

The Court Administration and Training Fund is made up of revenue from state mandated fees that the City is allowed to retain to train Court, Police, and Legal staff. The Court Administration and Training Fund budget is one of the smallest operating fund budgets at \$127,000 in FY26.

Emergency Management Fund

The Emergency Management Fund supports the E-911 system for Oklahoma City and is budgeted at \$11.8 million in FY26, which is an 4.9% increase over the FY25 adopted budget. The fund is supported by tariffs on both cell phone and traditional telephone lines that are assessed on each user. Even with the addition of cell phone tariff revenue, the General Fund is still expected to support E-911 operations through a transfer of \$2.5 million in FY26.

Hotel/Motel Tax Operating Fund

The Hotel/Motel Tax Fund FY26 budget is \$36.7 million and is supported by a 9.25% hotel occupancy tax. This fund is divided between operating activities (\$24.9 million) dedicated to the promotion of special events, convention and tourism development; and non-operating activities (\$11.9 million) dedicated to capital projects at the State Fairgrounds as well as improvements to the Oklahoma City Convention Center.

MAPS 3 Use Tax Operating Fund

The MAPS 3 Use Tax Fund was supported by a temporary 1% Use Tax adopted after the MAPS 3 Sales Tax was approved. The Use Tax expired December 31, 2017. Through FY18, a portion of the MAPS 3 Use Tax was budgeted for public safety capital funding, which is included in the non-operating section. The remaining fund balance was used to support administration and oversight of the MAPS 3 projects and is budgeted in the operating fund. The FY26 budget is \$208,750. This amount will decrease as fund balance from the expired tax is spent down.

MAPS 4 Use Tax Fund Program Operating Fund

The MAPS 4 Use Tax Program Operating Fund is supported by a temporary 1% Use Tax adopted after the MAPS 4 Program Fund was approved. It has both an operating and non-operating component and will primarily be used to fund the City's operating cost of administering the MAPS 4 projects, public safety capital improvement projects and equipment costs, and capital costs associated with City-owned facilities. The MAPS 4 Use Tax Operating Fund is budgeted at \$8.3 million in FY26.

Medical Service Program Fund

The Medical Service Program Fund was created in FY10. This fund handles revenue and expenses associated with the Medical Service Program adopted by the City Council on December 8, 2008, which makes it possible for households to pay a monthly fee on their City utility bill in exchange for EMSACare benefits from the Emergency Medical Services Authority (EMSA). The FY26 budget is \$11.8 million.

ENTERPRISE FUNDS

Enterprise Funds are supported by the revenue generated by operations in their specific areas. Enterprise Funds have been established for operations at the **Airports, Public Transportation and Parking, Stormwater Drainage Utility, and Utilities**. With the exception of Stormwater Drainage Utility, all of these funds have a public trust that oversees operations and receives all revenues. Revenues in each of the enterprise funds may be growing at a different rate than growth reflected in the City funds and each trust's revenue budget is individually based on customer rates and expected usage. The trusts generally make capital investments directly and then transfers funds to the City to support operations.

The one Enterprise Fund that is not supported by a trust is the **Stormwater Drainage Utility**. All revenue for stormwater drainage activities comes from a fee on all water utility bills based on the size of the water line. The Stormwater Drainage Utility Fund is the only Enterprise Fund to also have a capital component in the non-operating funds section.

NON-OPERATING FUNDS

As mentioned earlier, the City classifies its funds as either operating or non-operating. The distinction is that some funds and, in some cases, portions of funds directly support operations; and other funds provide for capital improvements, or are so limited in their purpose that they do not support daily operations. This ensures significant changes in capital funding or other non-operating activities are not misinterpreted as a significant change in operational costs. In FY26, the budget for non-operating funds is \$1.3 billion, a 2.0% increase from the FY25 adopted budget. The non-operating budget is comprised of capital improvement funds and other non-operating funds such as debt service and grants. The Non-Operating Funds are 62.3% of the total FY26 \$2.1 billion budget.

CAPITAL IMPROVEMENTS

The majority of non-operating funds are for capital improvements and has a FY26 budget of \$848.1 million, an increase of 3.3%. Many of the funds receive most of their revenue from other funds, such as the **Capital Improvement Projects (CIP) Fund**, the **Oklahoma City Tax Increment Financing (TIF) Fund** and the **Stormwater Drainage Utility Fund**. As such, the revenue projections for these funds are based on the level of transfer budgeted in the originating fund.

There are three Non-Operating Funds that are largely for capital improvement and are supported directly by taxes that will be in effect during FY26: the MAPS 4 Program Fund, the MAPS 4 Use Tax Fund, and the Hotel/Motel Tax Fund.

Better Streets, Safer City Sales Tax Fund

The Better Streets, Safer City Sales Tax fund was created in FY18 after voters passed a temporary, 27-month, one-cent sales tax that went into effect on January 1, 2018. The tax ended March 31, 2020 with the last collection in May 2020. The FY26 budget is \$43.6 million, with fund balance as the predominant revenue source.

Better Streets, Safer City Use Tax Fund

The Better Streets, Safer City Use Tax fund was established at the same time as the Sales Tax Fund and was a temporary, 27-month, one-cent use tax that ended on March 31, 2020. The tax is primarily used to fund public safety fleet and equipment replacements. The FY26 budget is \$1.3 million, with the predominant revenue source being fund balance.

Hotel/Motel Tax Non-Operating Fund

The Hotel/Motel Tax fund supports four distinct purposes: convention and tourism development, promotions for specific events, improvements to the Oklahoma City Convention Center, and capital improvements at the State Fairgrounds. It is this last capital portion of the Hotel/Motel Tax that is classified as non-operating. Overall non-operating revenue from the Hotel/Motel Tax fund is projected to be \$11.9 million.

Impact Fee Fund

The Impact Fee fund was established in 2017 to collect fees from developers related to new construction. The fees are then used by the City for capital improvements to infrastructure to serve the same service area as the new construction. The FY26 budget is \$78.5 million, which is an increase of 1.3% over the FY25 adopted budget.

MAPS 3 Sales Tax Fund

The MAPS 3 Sales Tax fund was created after voters passed the MAPS 3 initiative on December 8, 2009. The one percent sales tax went into effect on April 1, 2010 and expired December 31, 2017. The tax funds eight distinct capital projects. The FY26 budget is \$24.5 million and is primarily made up of fund balance that will be used to finish construction on the remaining MAPS 3 projects not yet completed.

MAPS 3 Use Tax Non-Operating Fund

The non-operating portion of the MAPS 3 Use Tax fund is used for public safety capital and equipment replacement. The FY26 non-operating budget, comprised of fund balance and interest, is \$2.0 million. The remaining balance will be transferred to the MAPS 3 operating fund for operations or used for public safety capital. Much of the public safety capital budget has already been transitioned to the MAPS 4 Use Tax fund.

MAPS 4 Program Fund

The MAPS 4 Program fund was created after voters passed the MAPS 4 Sales Tax in December 2019 and became effective on April 1, 2020. It is an 8-year one-cent sales tax that extended the current 4.125% sales tax rate after the Better Streets, Safer City Sales Tax expired. The revenues will initially be deposited in the General Fund and then transferred to the MAPS 4 Program Fund to be used for 16 distinct capital and quality-of-life projects. The FY26 budget of \$434.1 million is comprised of a General Fund transfer of \$140.2 million and fund balance usage of \$286.1 million.

MAPS 4 Use Tax Non-Operating Fund

The MAPS 4 Use Tax fund was established at the same time as the MAPS 4 Program Fund and is also a temporary, 8-year one-cent use tax that will primarily be used to fund the City's operating cost of

administering the MAPS 4 projects, public safety capital improvement projects, and equipment and capital costs associated with City-owned facilities. These final two uses are funded through the non-operating portion of the fund. The FY26 budget for the non-operating portion is \$79.5 million.

Several Funds have fund balance as their primary source of revenue and the projects they support are winding down or do not currently require major capital investment. They are the **City and Schools Capital Use Tax, MAPS Operations Fund, MAPS Sales Tax Fund, OCMAPS Sales Tax Fund, Oklahoma City Sports Facilities Improvement Sales Tax Fund, Oklahoma City Sports Facilities Improvement Use Tax Fund, Police and Fire Capital Equipment Sales Tax Fund, Police Sales Tax Capital Fund,** and the **Street and Alley Fund**. The revenue budgets for FY26 for each of these funds are based primarily on the level of projected fund balance remaining at the end of FY25.

OTHER NON-OPERATING FUNDS

The Other Non-Operating Funds are budgeted at \$432.7 million in FY26. Most of the funds in this category are so limited in their purpose that they do not support daily operations and typically have a stream of revenue from an outside source or another fund in addition to a significant fund balance. In these cases, the non-operating fund is serving to accumulate revenue for a specific purpose. Funds that fall into this category include the **Asset Forfeiture Fund, Debt Service Fund, General Fund MAPS 4 Sales Tax, Grants Management Fund, Oklahoma City Improvement and Special Services Assessment District Fund,** and the **Special Purpose Fund**

Debt Service Fund

The Debt Service fund is the largest fund in the Other Non-Operating category at \$160.9 million or 34.2% of the category. It is supported directly by property taxes that will be in effect during FY26.

Oklahoma City Improvement and Special Services Assessment District Fund

Although not technically supported by a tax, the assessments that support the Oklahoma City Improvement and Special Services Assessment District funds operate much like a tax. These funds are comprised of six Business Improvement Districts (BID) (Downtown, Stockyards, Western Avenue, Capitol Hill, Uptown 23rd, and Adventure District) and the Special Assessment Districts fund. Each of these districts has petitioned the City to enact assessments on property owners in the districts to support improvements and services above what is provided by the City. The City collects the assessments and contracts with an outside entity to provide the services or improvements. As such, the City acts as a conduit for these funds and they are characterized as non-operating funds. The anticipated revenue is based on the assessments which are reviewed each year and amended based on needs. The FY26 budget of \$9.2 million.

Grants Fund

The Grants fund is included in the budget book to provide a more accurate picture of the City's financial situation and to comply with the requirements of the Municipal Budget Act. The amounts shown as revenue in these funds are estimates of grant awards based on the best judgment of the departments that utilize grants funding. The Grants Fund is classified as non-operating because the activities supported by grants would typically not be provided without the grant funding. The FY26 budget is decreasing 2.8% to \$87.7 million.

Special Purpose Fund

The Special Purpose fund is used primarily for donations to the City. The FY26 budget is \$21.8 million, a decrease of 12.2%.

General Fund MAPS 4 Sales Tax Fund

The General Fund MAPS 4 Sales Tax fund is a non-operating fund that was established in the General Fund after voters passed the MAPS 4 Sales Tax in December 2019 and it became effective on April 1, 2020. It is an 8-year one-cent sales tax that extended the current 4.125% sales tax rate after Better Streets, Safer City expired. Revenues will initially be deposited in the General Fund and then transferred to the MAPS 4 Program Fund to be used for capital projects. The Fund is expected to generate \$1.1 billion over the eight years and will be used for 16 capital and quality-of-life projects such as a new family justice center, youth centers, senior wellness centers, a multi-purpose stadium, transit system improvements, a civil rights center, among other projects. The fund is the second largest of the Other Non-Operating Funds and has a FY26 budget of \$148.0 million or 34.2% of the category.

REVENUE DETAIL TABLE

	Actual FY24	Adopted FY25	Proposed FY26
General Operating Funds			
General Fund			
Taxes			
Sales Tax	\$326,497,962	\$332,958,868	\$330,319,581

EXPENDITURE SUMMARY

THE OKLAHOMA MUNICIPAL BUDGET ACT GUIDES MUNICIPALITIES IN THE PREPARATION OF THEIR BUDGETS AND MANDATES CERTAIN REQUIREMENTS IN PRESENTING THE BUDGET.

The City of Oklahoma City diligently follows these requirements. Some of the requirements seem commonplace because we have been following these guidelines for years. For example, the budget contains actual revenues and expenses for the prior fiscal year, the revenue and expenditure budget for the current year, and estimated revenue and expenditures for the coming year. Another requirement is that all expenditures be “departmentalized” within each fund.

The budget is also divided between operating and non-operating expenditures. This division helps take out the significant fluctuations in capital and non-operating expenses that occur as a result of projects such as the MAPS 4 program. Most of the discussions about the budget focus on the operating portion of the budget because it allows for better year-to-year comparisons. The operating budget totals \$930,787,124.

EXPENDITURE CATEGORIES

One requirement of the Municipal Budget Act that drives the organization of the budget is that expenditures be classified into the following categories: Personal Services, Supplies, Other Services, Capital, Debt Service, and Transfers.

As shown in the chart below, Personal Services is the largest portion of the City’s operating expenditures accounting for 68% of the total operating budget. Expenses like salaries, taxes, retirement benefits, and insurance make up the majority of operating costs because City services are labor-intensive and closely tied to the employees who carry out the various functions of the City.

The second largest area of operating expenditures is Other Services at 18% of the operating budget. These expenses include contracts for service, utilities, and chargebacks for internal services (Information Technology, Fleet Services, Print Shop, and Risk Management). Other Services is also the category where contingency is budgeted in each fund, as well as payments from City funds to City trusts such as the General Fund payment to the Central Oklahoma Transportation and Parking Authority. Supplies, at 4% of the operating budget, make up a relatively small percentage of the total and include items as varied as paper and pencils to asphalt and ammunition.

Capital outlay makes up an even smaller percentage of the operating budget at 1% of the total. Most of the capital expenses of the City are reflected in the non-

operating portion of the budget. For purposes of the graph, debt service expenses related to General Obligation (GO) bond issuance costs are included in the capital category. Within the operating expenditure budget, the only debt service expenses are the fees paid related to the issuance of GO bonds. The Transfers category makes up 9% of the budget and includes transfers from operating funds to non-operating funds and City Trusts. One significant transfer is from the General Fund to the Capital Improvement Fund. Although the Municipal Budget Act classifies this expenditure as a transfer, the end result is capital investment.

EXPENDITURES BY FUNCTION

Another way of looking at the City's budget is to consider the service or function being provided. There are four broad areas of service provided by the City. The first are the General Government functions. These include the City Manager's Office, the Office of Mayor and Council, the Municipal Counselor's Office, the City Auditor's Office, the City Clerk's Office, Finance, Human Resources, and General Services; and make up approximately 12% of the City's operating expenditures.

The next function of city government is Public Safety which includes Police, Fire, Animal Welfare and Municipal Courts. This function comprises 49% of the operating expenditure budget.

Public Services function includes Airports, Public Works, Development Services, Planning, Public Transportation and Parking, and Utilities. These departments total 29% of the operating expenditure budget.

The Culture and Recreation function includes Parks and Recreation, the Zoo Sales Tax Fund, OCMAPS, MAPS 4, and the Hotel/Motel Tax Special Revenue Fund; and makes up 10% of the operating expenditure budget.

The General Fund contains the Non-Departmental function, which organizes various citywide expenses and certain transfers that do not fit within another City department. These expenses were included in each of the four categories where the expense could easily be categorized. For example, the funding for audits of the City's finances was classified as a General Government expense, while the subsidy for the Paycom Center and Cox Center operations was classified as a Cultural expense. The expenses in Non-Departmental that could not be directly attributed to a single category, such as the retiree health insurance subsidy, were allocated to each category proportionally so the full operating budget is allocated to specific functions.

Operating Expenditures by Function

BUDGETED POSITIONS

The FY26 Budget contains authorization for 5,090 positions throughout the City. This is a decrease of 27 positions (0.5%) from the FY25 adopted budget. The table on the following page shows the changes on a department-by-department basis.

The City's workforce is comprised of five basic groups. The American Federation of State, County, and Municipal Employees (AFSCME) represent the general pay plan or non-management employees of the City. This is the largest group at 1,396 positions. The Fraternal Order of Police (FOP) represents all sworn positions within the Police Department. The adopted budget includes 1,235 FOP positions.

The International Association of Firefighters (IAFF) represents all of the uniformed positions within the Fire Department. The adopted budget contains 1,010 uniformed Fire positions. Management includes employees on the Management, Auditors, and Legal pay plans. Each pay plan includes administrative support, professional, and managerial positions. In addition, those employees who report directly to the City Manager are included as Management. This group totals 1,442 positions in the adopted budget.

The executive category includes only positions that report directly to City Council: the City Manager, City Attorney, City Auditor, and four Municipal Judges.

Budgeted Positions History

THE GENERAL FUND

The General Fund is the largest fund within the City budget and makes up \$611,977,537 of the City's total operating budget. The General Fund serves as the mechanism from which many of the core services of the City are primarily funded. The General Fund also has the most flexibility on how funds can be spent. The special revenue and enterprise funds, mostly operating funds, have specific purposes required for the expenditure of those funds. Within the General Fund, however, there is more latitude to direct the spending priorities of the City. Using the same functions that were defined before, the focus on Public Safety is even more pronounced in the General Fund as approximately 61.4% of the total budget is expended in this area.

Public Services is the second largest area of spending at 18.7%. However, its share of the General Fund is significantly smaller than in the operating budget because a large portion of Public Service funding comes from Enterprise Funds (such as Airports and Utilities).

General Government makes up 9.2% of the General Fund because general government functions, such as Finance and Human Resources, do not have a funding source outside the General Fund.

Culture and Recreation at 10.7% is a smaller portion of the General Fund than of the operating budget, as a whole, because major revenue sources for Culture and Recreation, such as MAPS 3, the Zoo Sales Tax, and the Hotel/Motel Tax, are outside the General Fund.

A comparison of the General Fund Budget at the department level provides a useful comparison of how priorities are allocated and how the costs for providing services are changing relative to the other departments. The next page provides a breakdown of the General Fund budget by department.

GENERAL FUND BUDGET BY DEPARTMENT

LONG RANGE FINANCIAL SUMMARY

The Five-Year Financial Forecast is presented each February to the City Council and Mayor through a Council Workshop, to which the public and local media are invited. Although only a summary is provided here which focuses on the General Fund, the full forecast is available on the City's website at:

<https://www.okc.gov/departments/finance/financial-and-budget-reports>

Regular financial evaluations help ensure stability

Evaluating the City's financial condition on a regular basis can help ensure stability so that programs and services meet the community's needs.

PURPOSE OF LONG-RANGE FINANCIAL PLAN

The purpose of the Five-Year Financial Forecast is to evaluate the City's financial condition as it relates to programs and services. With accurate, timely, and objective information about the City's financial condition, elected officials can help ensure the stability of Oklahoma City's general and other municipal funds. With continued financial viability and service demand forecasting, the City can anticipate and meet community needs, enable additional economic diversification, and promote growth for years to come. This forecast focuses on operating revenues and expenditures associated with the General Fund, which finances a diverse spectrum of programs to meet the community's needs, and will serve three functions:

1. **Compliance.** Providing the forecast helps the City comply with city financial policies and practices designed to ensure the responsible utilization of public resources.
2. **Strategy.** The forecast provides the Mayor and City Council with information to formulate long-term strategies to ensure city services are available at a level appropriate to the actual needs of the community. Annual budgeting alone can fail to serve the long-term public interest if short-term priorities reduce resources that may be required to meet imminent needs that fall beyond the one-year budget scope.
3. **Accountability.** The forecast serves as a resource for the general citizenry and the business community by providing a snapshot of the City's current and projected financial well-being. It provides citizens and business leaders with an overview of the City's ability to meet community needs over time. This document also demonstrates the City's financial planning process and strengthens local government's accountability to the community.

LONG RANGE FINANCIAL SUMMARY

By identifying long-term issues and assessing resources, the Five-Year Financial Forecast provides the Mayor and City Council with the necessary information to create continuity between annual budget cycles and long term needs of the City. The forecast is a valuable tool for identifying potential problems and for policy makers to incrementally address such problems in a manner that provides seamless continuation of core services.

SUMMARY

While the City has experienced some challenges in the first half of the year, with revenue coming in below projections, there's good reason to be optimistic moving forward. Sales and use tax, as well as franchise fees, have been lower than anticipated, reflecting some broader economic factors. However, we're expecting revenue to pick up in the second half of the year, which will help the City finish the fiscal year only slightly below the FY24 level. The City has worked with Dr. Russell Evans, Partner and Chief Economist at the Thorberg Collectorate, to develop the economic outlook for the coming year. Dr. Evans' expectation for sales tax growth for 2025 is between 0.1%-0.5% and between 2.4% and 2.5% for 2026. Consumers continued to spend but at a slower pace as they faced the constraints of depleted savings and tighter credit conditions, with credit card delinquency and charge-off rates near 13-year highs. The year ahead looks poised to maintain the post-pandemic growth streak but won't be without its challenges. The caution to proceed carefully through uncertain economic turbulence will be as relevant for 2025 as it was for 2024.

FINANCIAL EVALUATION TOOLS

In developing the five-year outlook, staff used two financial evaluations tools, the Financial Trend Monitoring System (FTMS) and forecast issues provided by department staff. FTMS is designed to give City leaders and residents a simple method for evaluating the City's financial condition on a year-to-year basis. Adapted from *Evaluating Financial Condition: A Handbook for Local Government*, published by the International City/County Managers Association, this method identifies the trends in various financial and environmental areas and rates them as positive, neutral or negative. A final "score" can then be developed showing how many of the trends fall in each category. This system provides the City with a more comprehensive evaluation of financial condition rather than focusing on individual indicators, such as fund balance. The overall results of the FTMS indicator ratings were 53% positive, 35% neutral, and 12% negative. This was a decline from last year where 67% indicators trended positive. There were two key indicators that trended from being positive last year to neutral this year, Revenue Accuracy and Employees Per 1,000 Citizens. Airport Activity rose from neutral to positive. This year, four indicators—Revenue Per Capita, Grant Revenues, Liquidity, and Enterprise Working Capital—were temporarily excluded from the forecast due to the Annual Comprehensive Financial Report (ACFR) not being finalized before the completion of this Five-Year Forecast.

INDICATOR HISTORY

LONG RANGE FINANCIAL SUMMARY

The second financial evaluation tool is forecast issues which provide an overview of major issues facing City departments. These identified issues provide an “early warning system” to the City Manager and City Council of significant items that are beyond the scope of the annual budget process. Strategies and priorities are set to address the issues over the long-term. A total of 53 issues were identified in the forecast with the seven most significant issues highlighted:

Capital Planning and Infrastructure Funding

The City supports a large network of infrastructure and capital equipment. Historically, these needs have been funded through both pay-as-you-go financing such as sales and use taxes, and debt financing such as General Obligation (GO) Bonds. Many of these sources provide for the acquisition of new assets, but not maintenance and repair.

Long-Term Water Issues

Securing additional water supplies for Central Oklahoma until 2060 is a strategic priority for the Utilities Department, relying on two key pipeline projects. The construction of a one-hundred-mile pipeline from Lake Atoka to Lake Stanley Draper is underway, while Oklahoma City Water Utilities Trust (OCWUT) will soon determine the alignment and design of the 33-mile Kiamichi pipeline.

Increasing Demand for Technology

The City continues to strive to provide high-quality and efficient services to residents which requires a dedicated staff with high levels of skill. Staffing levels have not kept pace with increased demands and the current pay plan is not commensurate with industry competition.

Public Safety Partnership

In August 2023, the OKC Public Safety Partnership was announced in a continued effort to enhance crisis intervention, refine de-escalation, and promote community engagement in law enforcement policies. The Partnership is a collaboration among City Council Members, city leaders, OKC Police and Fire Departments, community members, subject matter experts, and other stakeholders. A consultant provided 39 recommendations for policing improvements to the City.

LONG RANGE FINANCIAL SUMMARY

Public Transportation System Improvements

Strategic investment is needed in transit planning, system and facility design, and environmental work to compete for federal funds made available through the Infrastructure Investment and Jobs Act (IIJA)

- The resulting work will allow the City to compete for more federal funding to lessen the

Homelessness

The City launched several initiatives in 2022, including an employment program, A Better Way, that targets people who are panhandling; a Homeless Street Outreach program that coordinates with emergency responders and law enforcement on mental health responses; and a Youth Homelessness Demonstration program

Employee Recruitment, Engagement and Retention Strategies

The City has experienced difficulties in filling and retaining employees. While most City positions have increased in pay, there are many positions for which compensation is below market.

The forecast document contains in-depth descriptions along with possible direction or next steps to resolve the issues which include options such as negotiating agreements with private partners, rate adjustments, temporary sales and use taxes, new taxes or tax increases, user fees, facility charges, sponsorships, expanding the sales tax base, changing state law to allow property taxes to be used for municipal operations, commissioning studies, training, and exploring cost reductions.

The forecast also closed the communication loop on three previously identified issues that were resolved with successful outcomes including the Mobile Integrated Healthcare, Parking Lot 4 Construction Project, and MAPS 4 Bus Stops.

LONG RANGE FINANCIAL SUMMARY

GENERAL FUND IN-DEPTH

The General Fund is the largest fund within the City and serves as the mechanism from which many of the core services are primarily funded.

General Fund Revenue. There are hundreds of individual revenue sources that contribute to the General Fund and therefore they are combined into similar categories for ease of discussion. When all of the categories are combined, the General Fund is expected to grow at an average of 2.5% per year over the next five years and reach \$690.0 million in FY30.

With the current revenue mix, sales tax accounts for more than half of General Fund revenue. Continued stability of the General Fund is contingent upon conservative financial management because sales tax revenue growth can be volatile as shown in the chart below.

LONG RANGE FINANCIAL SUMMARY

General Fund Expense Trends and Projections

General Fund Expenditures. City expenditures encompass a variety of goods and services, including personal services, other services, supplies and capital, and transfers. Growth is due primarily to personal services expenditures, including salaries and benefits as full-time budgeted positions have grown by 798 or 18.5% over the last 20 years. Besides normal historical growth, additional capital, operating and/or maintenance costs were added, which include increases for pay plans and retirement funding, the implementation of Bus Rapid Transit, the subsidy to operate and maintain the Riversport facility, electricity and natural gas costs, and increases for providing risk management services to departments. Overall, General Fund expenditures are projected to have annual growth of 4.4% and reach \$750.9 million in FY30.

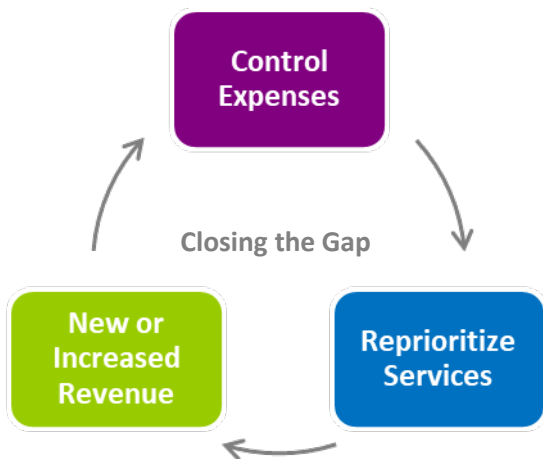

Projected Revenue/Expenditure Gap. Over the next five years, a gap between General Fund revenues and expenses is expected as new capital projects are completed and new services are implemented that require funds for annual operating and maintenance costs. The revenue growth projections reflect an average annual growth rate of 2.5%, while expenses were projected to grow at an average of 4.4% annually. Known increases to expenses, such as Bus Rapid Transit and the MAPS 3 downtown public park, were added to the projection. The imbalance in revenue and expenditure growth patterns means the General Fund has a projected gap of \$61.0 million by FY30.

LONG RANGE FINANCIAL SUMMARY

GENERAL FUND OUTLOOK GOING FORWARD

Closing the Gap. Historically, the City's financial forecasts have projected a revenue/expenditure gap. In order to close the gap and fund operations at a level desired by residents, revenue collections would need to increase through new revenue sources, an expanded sales tax base, and continued growth in the local economy. However, expenditure control is the area where the City has the most flexibility and the most power to close the gap. Since Personal Services are the majority of City costs, controlling the growth in this area will be key to maintaining financial balance. The most effective means to achieve a balance between controlling personnel costs while maintaining competitive salary and benefit packages for employees will be to limit salary and benefit growth to within the approximate growth rates of City revenues. Improved efficiency in operations is also an avenue for controlling expenditure growth. Tight budgets have necessitated that departments continually look for ways to do more with less,

thereby driving many efficiency gains, but have resulted in some reductions in service levels in the past. Another option for the future is for City leaders to continue reprioritizing City services. Over time, City needs and priorities change. Programs and services may be added or reduced based on community needs. Not every situation can be anticipated, but cyclical economic changes are to be expected over a long period of time. The City must continue to monitor legislation that can affect either revenues or expenditures and work to diversify Oklahoma City's revenue base. Through calculated, combined efforts, the City's projected General Fund financial gap can be addressed. Continued sound financial management will be the key to ensure the City will be able to

live within available resources during the next few years.

READER'S GUIDE TO DEPARTMENT BUDGETS

The **READER'S GUIDE TO DEPARTMENT BUDGETS** on the following pages offers a step-by-step guide for understanding the **BUDGET PRESENTATION**. All departments follow the Leading For Results budget model. The graphics and text in this section are designed to assist the reader in understanding the department budget format.

DEPARTMENT NAME

1 ORGANIZATIONAL CHART

This graphic represents the department's structure with Lines of Business being identified by boxes. Programs within the Line of Business are listed below the box and bulleted for easy identification.

2 Within each department is an Administrative Line of Business represented by the box containing the department name. The Executive Leadership Program within the Administrative Line of Business is standard across all City departments. The departments have the option of adding additional programs to the Administrative Line of Business such as Human Resources, Public Information, and Safety and Risk Management. Occasionally, a department will remove a non-applicable Program from the Administrative Line of Business or add a Program unique to their department.

3 MISSION STATEMENT

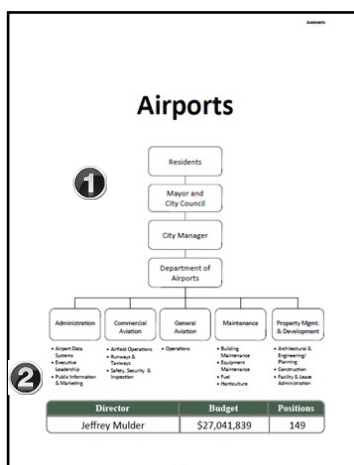

Each department develops a Mission Statement to clearly communicate the purpose of the department. The Mission Statement includes the results the department will achieve for its customers, the future direction of the department, and its commitment to public service.

4 DEPARTMENT BUDGET, OVERVIEW AND POSITION HISTORY

The Department Budget shows the budget by Line of Business to include any non-operating components of the budget, such as capital spending. The Department Overview is a quick snap shot of the current budget, how it changed since last fiscal year and any significant changes. The Position History is a five-year look at the number of positions in this department.

5 MAJOR BUDGET CHANGES

This is a summary of the department's major budget changes such as position changes, equipment purchases, or significant increases in fuel or utilities.

MAJOR BUDGET CHANGES

Department of Airports Major Budget Changes	Amount	Positions
1. Changes in personnel related costs such as salaries, merit, retirement, health insurance, and other benefits	\$795,537	0.00
2. Decrease in Risk Management chargebacks	(\$1,038,955)	0.00
3. Decrease in budgeted salary reserve	(\$260,289)	0.00
4. Deletes one Financial Services Manager and adds one Senior Financial Services Manager to better align with the future needs of the division	(\$12,962)	0.00
5. Deletes one Municipal Accountant II and adds one Senior Financial Services Manager to better align with the future needs of the division	\$30,330	0.00
6. Deletes two Electronic Technician I positions and adds two Systems Support Technician II positions to assist with increased workload and responsibilities	\$7,352	0.00

6 DEPARTMENT EXPENDITURES

The first table lists the department's expenditures by Line of Business or purpose and the second table lists the expenditures by funding source.

7 DEPARTMENT POSITIONS

The first table lists the department's positions by Line of Business or purpose and the second table lists the positions by funding source.

8 LINES OF BUSINESS

The detail for each Line of Business is included in the department's budget with the Purpose Statement for that particular Line of Business. Purpose Statements follow the same guideline as the department's Mission Statement and are designed to clearly communicate the purpose of the Line of Business including the results that will be achieved for customers.

9 PROGRAM POSITIONS AND BUDGET

Program Positions and Budget shown in the last table provides the number of positions and operating budget by Program for each department's Line of Business section.

EXPENDITURES

DEPARTMENT INTRODUCTION

MISSION STATEMENT

The mission of the Airports Department is to provide management, operations, and development of the City’s three airports to tenants, users, and the general public so they can have a safe and efficient air transportation system.

DEPARTMENT BUDGET

Department Facts

- The Department operates three airports: OKC Will Rogers International Airport (OKC Airport), Wiley Post Airport (PWA), and Clarence E. Page Airport (RCE).
- In 2024, OKC Airport provided service to 4.6 million passengers.

DEPARTMENT OVERVIEW

The Airports Department has a total budget of \$27,041,839, which is an decrease of 0.38% from FY25. There are 149 positions authorized in the FY26 budget, which is the same number of positions from FY25.

POSITION HISTORY

City Auditor

Director	Budget	Positions
Matt Weller	\$1,520,869	8

DEPARTMENT INTRODUCTION

MISSION STATEMENT

The mission of the Office of the City Auditor is to provide independent audit, investigative and advisory services to City Council, appointed officials and executive managers so they can make better-informed policy and operational decisions on behalf of residents.

DEPARTMENT BUDGET

DEPARTMENT OVERVIEW

The Office of the City Auditor (OCA) has a FY26 budget of \$1,520,869 which is a decrease of 2.71%. There are eight positions authorized in the FY26 budget.

POSITION HISTORY

Department Facts

- The OCA is audited every three years to ensure compliance with Generally Accepted Government Auditing Standards.
- The OCA determines audits to perform by developing a triennial audit plan that is based upon a citywide risk assessment .
- The OCA has issued four audit reports so far in FY25 and five audit reports were issued in FY24. All reports are available on the Department's official City website.

The City of
OKLAHOMA CITY

City Manager

Director	Budget	Positions
Craig Freeman	\$481,869,449	54.40

DEPARTMENT INTRODUCTION

MISSION STATEMENT

The mission of the City Manager's Office* is to provide leadership, management, information, and policy implementation to:

- Elected officials so they can make informed decisions;
- City departments so they can efficiently and effectively deliver services; and
- Residents so they can live, work, and play in a community known for its high quality of life.

*For functional purposes, the Mayor, City Council, and City Manager Offices share a strategic plan. For budget purposes, they will remain separate entities.

DEPARTMENT BUDGET

DEPARTMENT OVERVIEW

The City Manager's Office has a total FY26 budget of \$481,869,449, an increase of 11.73% from FY25. There are 54.40 authorized positions for FY26, a decrease of two positions from FY25. The non-operating portion of the budget, on average, makes up over 90% of the City Manager's department budget due to the MAPS Program having large scale community enhancement projects for residents.

POSITION HISTORY

Department Facts

- The City adopted a Council-Manager form of city government in 1927.
- Nearly 54% of residents are satisfied with the availability of information about City programs and services.
- City Manager's Office is home to several city-wide initiatives including the MAPS Program, the Office Of Equity, Public Safety Partnership and the City's new Office of Innovation.

To review performance information, please see the performance data report or visit our website: www.okc.gov/performance.

POLICY AND EXECUTIVE LEADERSHIP

The City Manager's Office Program provides leadership, management, and information services to the community so they can experience a high degree of satisfaction with City services, to the Mayor and Council so they can make informed decisions, and to City staff so they can achieve strategic results.

The Legislative Program provides information and recommendations to Mayor and Council so they can make informed decisions to influence federal and state legislation, and rules and regulations that affect Oklahoma City.

The Office of Equity Program provides strategic and operational leadership to advance equity-internally and externally-to position the City of Oklahoma City as an inclusive and just employer and community choice for all.

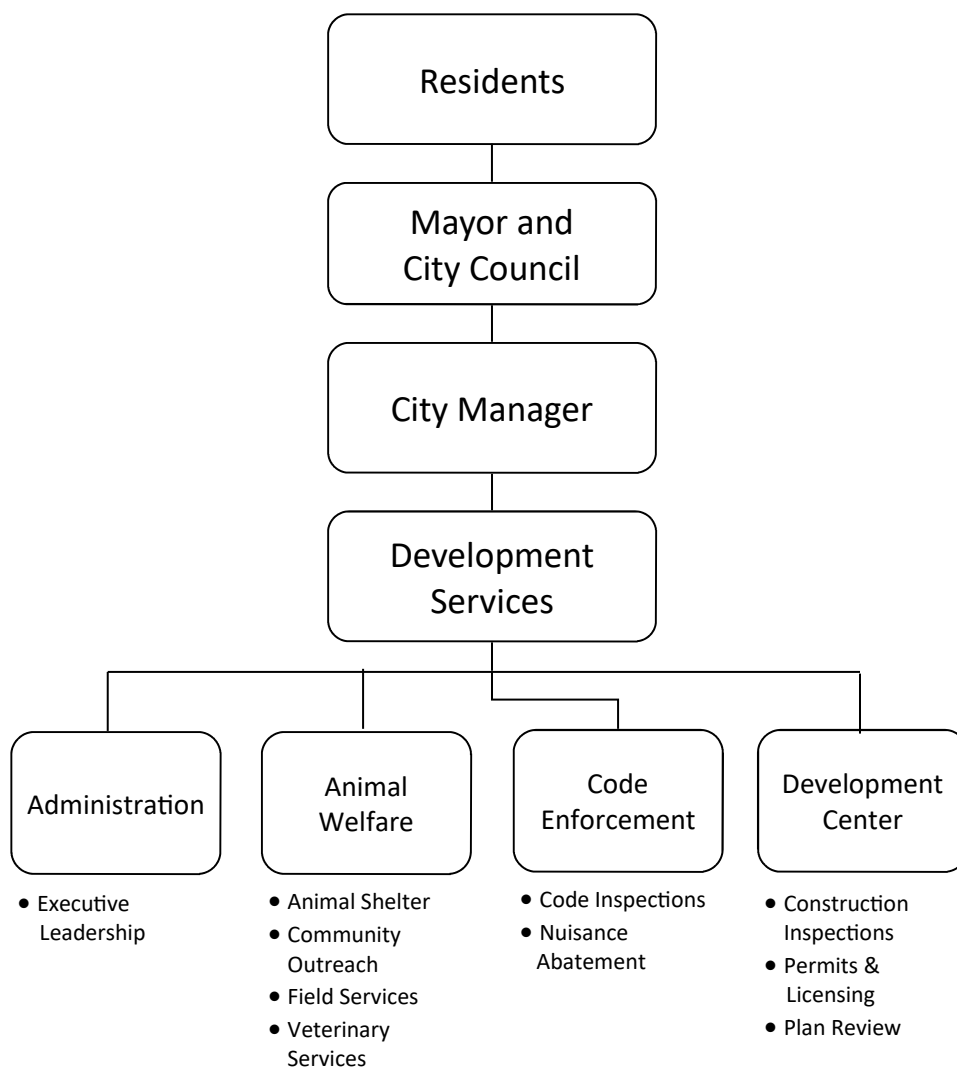

The Office of Innovation Program provides a culture focused on innovative solutions where employees are equipped and empowered so they can make the City's delivery of services more efficient.

The Special Projects and Initiatives Program incubates and launches strategies to address major issues and needs identified by the Mayor, Council, or community, so that solutions, assistance and resources can be brought to bear through coordinated public, private and community efforts.

DEPARTMENT INTRODUCTION

MISSION STATEMENT

The mission of the Finance Department is to provide financial planning, management, and information to City departments, elected officials, and the public so they can make informed decisions and have confidence in the City's financial stewardship.

DEPARTMENT BUDGET

Department Facts

- The City of Oklahoma City earned AAA ratings, the highest rating to receive from both S&P and Moody's, for the 17th year in a row.
- The Finance Department conducts financial management, budgeting, expending, investing, and reporting for a budget over \$2.0 billion.
- On average, over 6,300 vendor payments are processed per month.

DEPARTMENT OVERVIEW

The Finance Department has a total budget of \$37,463,143 which is a decrease of 5.68% from the prior year. There are 87 positions authorized in the FY26 budget, which is a decrease from the FY25 budget.

POSITION HISTORY

To review performance information, please see the performance data report or visit our website: www.okc.gov/performance.

MAJOR BUDGET CHANGES

Finance Major Budget Changes	Amount	Positions
1. Changes in personnel related costs such as salaries, merit , retirement, health insurance, and other benefits	\$581,546	0.00
2. Deletes one Training and Safety Specialist in the Risk Management Division due to operational efficiencies	(\$110,094)	(1.00)
3. Deletes one Municipal Accountant II in the Accounting Services Division due to operational efficiencies	(\$93,106)	(1.00)

Oklahoma City receives highest possible bond ratings for 17 years in a row

Post Date: 03/21/2025 10:12 AM

[Link to S&P Global Ratings summary](#)

[Link to Moody's report](#)

[Moody's Investors Service](#) and [S&P Global](#) have each affirmed the [City of Oklahoma City](#)'s high bond rating with a stable long-term outlook.

S&P Global Ratings affirmed the City's AAA long-term rating and stable outlook in a March 11, 2025, report, and Moodys affirmed its Aaa rating in a March 6, 2025, report. The triple-A ratings are the highest awarded by each agency.

These ratings are used to price bonds the City sells to fund the [bond package](#) included in the [Better Streets, Safer City](#) infrastructure investment program. They keep Oklahoma City in an elite group of major American municipalities with the highest possible rating.

"Our AAA/Aaa ratings are the result of a longstanding conservative financial culture supported by Mayor and Council and is a reflection of our commitment to high financial standards," Assistant City Manager Brent Bryant said.

The City of
OKLAHOMA CITY

Mayor and City Council

David Holt, Mayor

Bradley Carter, City Council Ward 1

James Cooper, City Council Ward 2

Barbara Peck, City Council Ward 3

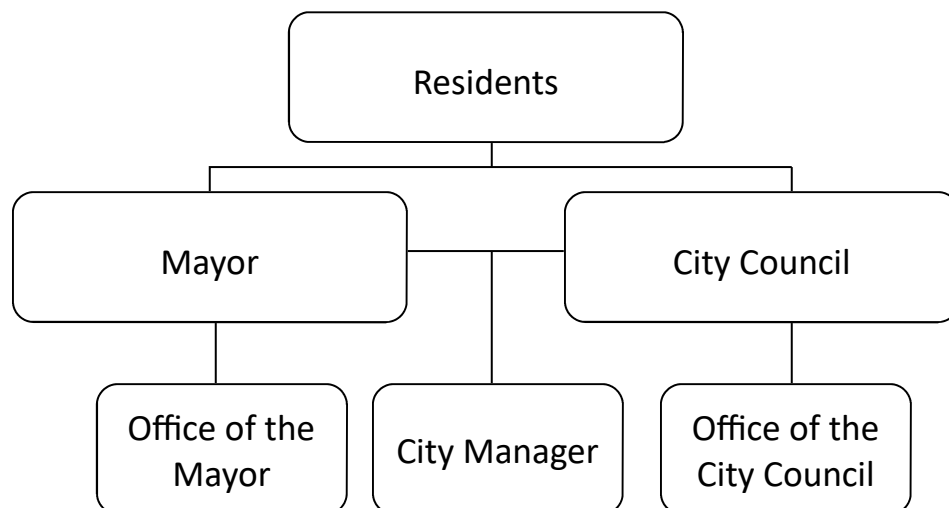

Todd Stone, City Council Ward 4

Matt Hinkle, City Council Ward 5

JoBeth Hamon, City Council Ward 6

Lee Cooper Jr., City Council Ward 7

Mark K. Stonecipher, City Council Ward 8

COUNCIL STRATEGIC PRIORITIES

City Council has established Strategic Priorities for addressing critical issues facing the City. These priorities provide guidance for the organization as the budget is developed. The following are the Council Priorities adopted by the City Council in 2017; more detail can be found beginning on page A-13.

Our priorities are grounded in the lessons of the City's history and the values of inclusiveness, mutual respect and self-reliance that are the hallmarks of our future. We will be responsive to our residents' needs as we address these priorities and continue to deliver what we promise. Our focus is to improve the quality of life for every Oklahoma City resident.

Promote safe, secure, and thriving neighborhoods

Develop a transportation system that works for all residents

Maintain Strong Financial Management

Enhance recreation opportunities and community wellness

Encourage a robust local economy

Uphold high standards for all City services

Continue to pursue social and criminal justice initiatives

RESPONSIBILITIES

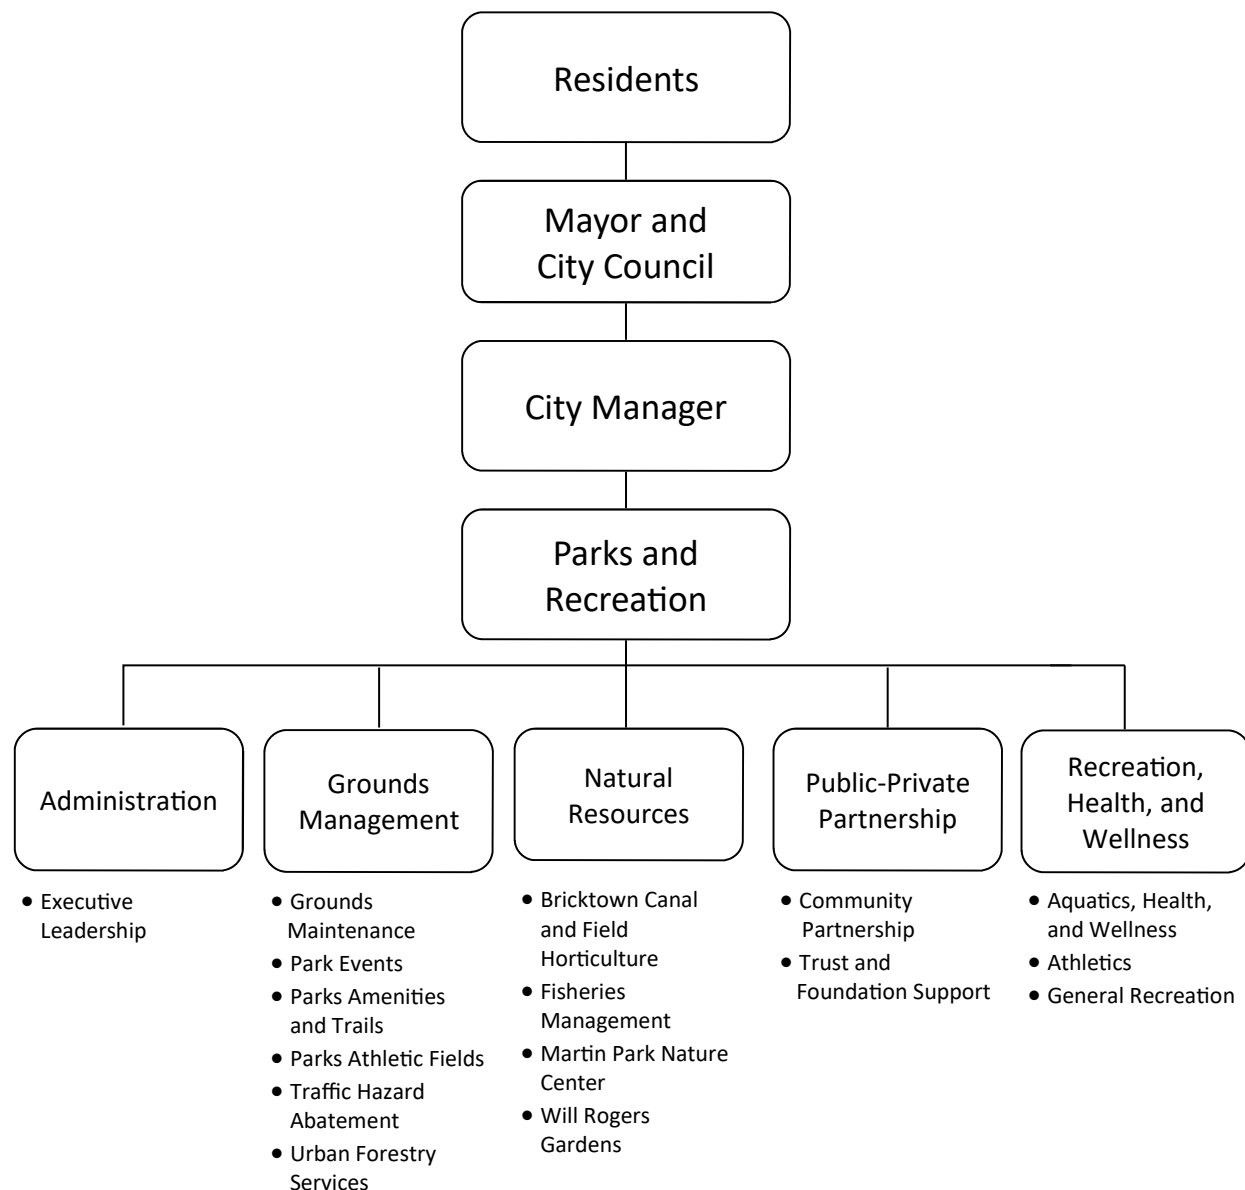

SUMMARY OF DEPARTMENTAL RESPONSIBILITIES

Non-Departmental is a budgeting mechanism for identifying and funding programs that are City-wide in nature. Non-Departmental also funds miscellaneous projects that reflect Council Policy. Included under this mechanism are such expenses as:

- Utilities
- Economic Development Resources
- Contingency Reserves
- Retiree Health Subsidy

No direct services are provided to residents and no staff positions are assigned to this department.

Police

Police Chief	Budget	Positions
Ron Bacy	\$297,951,282	1,578

DEPARTMENT INTRODUCTION

MISSION STATEMENT

The mission of the Oklahoma City Police Department is to deliver exceptional police services to our community with integrity, compassion, accountability, respect and equity.

DEPARTMENT BUDGET

DEPARTMENT OVERVIEW

The Police Department has a total budget of \$297,951,282, which is an increase of 4.19% from FY25. There are 1,578 positions authorized in the FY26 budget, representing a zero position increase over the FY25 budget.

POSITION HISTORY

Department Facts

- The Oklahoma State Bureau of Investigation launched a statewide Rapid DNA Program in January of 2025. This technology can generate DNA profiles from qualifying samples within 1-2 hours. OKCPD has several Rapid DNA operators and was the first agency to utilize the technology successfully in our state.
- OKCPD is now able to deploy drones in place of human first responders in some emergency and criminal incidents. In the first two months after the Drone as First Responder program launched, OKCPD conducted 30 flights to assist with fire calls and 56 flights to support officers in the field.
- The first phase of development for the new Police & Fire Training Center campus has begun with construction of the driving track. The track is expected to be completed in late 2026.

To review performance information, please see the attached supplemental performance report or visit our website: www.okc.gov/departments/finance/performance-data.

MAJOR BUDGET CHANGES

Police Major Budget Changes	Amount	Positions
1. Changes in personnel related costs such as salaries, merit , retirement, health insurance, and other benefits.	\$6,443,349	
2. Increases Capital funding for several projects planned for FY26. Including the construction of a new storage facility and the replacement of the boat dock and facility at Lake Hefner.	\$7,363,647

DEPARTMENT INTRODUCTION

MISSION STATEMENT

EMBARK'S mission is to be a self-sustaining transportation network that removes barriers of location and socioeconomic status, while elevating the status and use of transportation, so all of central Oklahoma can safely and quickly reach their destination.

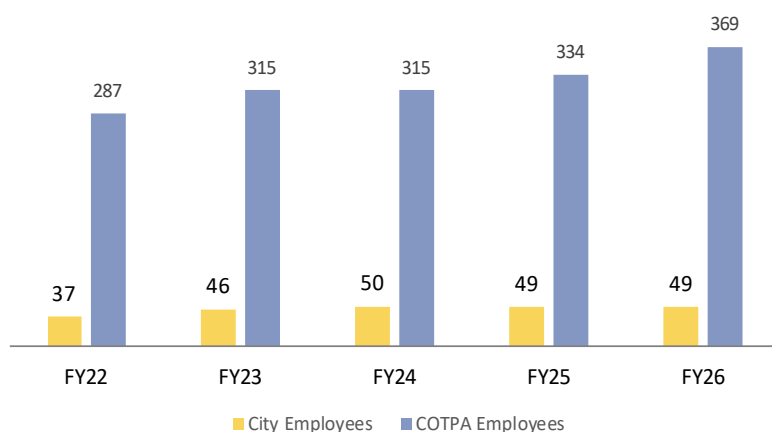

DEPARTMENT BUDGET

DEPARTMENT OVERVIEW

The Public Transportation and Parking Department has a total budget of \$47,601,854, which is an increase of 2.84%. There are 49 City positions authorized in the FY26 budget

POSITION HISTORY

Department Facts

- In FY24, EMBARK's family of transit services provided over 3.2 million passenger trips.
- The City of Oklahoma City has 3,853 off-street parking spaces and 1,531 on-street parking spaces available.
- In FY24, EMBARK implemented Phase I of the OKC Moves bus study by adjusting several bus schedules to improve efficiency, serve major destinations, and integrate RAPID NW into the region's transit system.
- RAPID NW, the city's first Bus Rapid Transit (BRT) line, launched in December 2023 and established early success by providing more than 230,000 passenger trips in its first seven

PUBLIC TRANSPORTATION

- **The Bus Operations Program** provides bus transportation to residents and visitors in the greater Oklahoma City metropolitan area so they can travel in a convenient, affordable, safe, and customer-friendly environment.
- **The Bus Rapid Transit Program** provides a premium rapid transit service to residents and visitors in the greater Oklahoma City area through faster and more frequent service with enhanced vehicles, stations and passenger amenities
- **The Bus Stop Management Program** provides bus stop maintenance and enhancement for residents and visitors of the greater Oklahoma City metropolitan area so they can experience safe, accessible, and convenient bus stops.
- **The Embark Norman Program** provides fixed-route bus and ADA paratransit transportation to the residents and visitors in the Norman area so they can travel in a convenient, affordable, safe, and customer-friendly environment. This service is made possible through an intergovernmental agreement between EMBARK and the City of Norman.
- **The EMBARK Plus Paratransit Program** provides paratransit services to eligible individuals with a disability who are unable to use regular fixed-route service independently so they can have safe, reliable, and customer-friendly transportation to access employment, health care, nutritional programs, recreation, and other destinations that are within the service area.
- **The Facilities Management Program** provides facility and grounds maintenance and repair services for residents, visitors, and employees so they can conduct their business in a safe environment that is accessible, clean, and comfortable.
- **The Fleet Management Program** provides vehicle maintenance and repair services for customers that utilize the transit system so they can receive transportation services in a safe, clean, comfortable, and dependable vehicle.
- **The Mobility Management Program** provides a variety of contracted, reservation-based transportation services to qualified residents with limited options in the greater Oklahoma City metropolitan area so they can have access to essential services.
- **The Oklahoma River Cruises Program** provides river transportation services to residents and visitors in the greater Oklahoma City area so they can travel along the Oklahoma River in a safe, customer-friendly environment.
- **The Streetcar Program** provides a downtown public streetcar system for Oklahoma City residents, businesses, and visitors so they can travel in a convenient, affordable, safe, and customer-friendly environment.

STORM WATER QUALITY

- **The Environmental Water Quality Program** provides environmental water quality assessments and technical services to residents, businesses, and government agencies so they can realize a reduction of pollution in community waterways and comply with the Clean Water Act.
- **The Household Hazardous Waste Collection Program** provides awareness, reuse, recycling and disposal services to the residents of Oklahoma City and participating municipalities so they can reduce their household hazardous waste and dispose of it in an environmentally safe manner.
- **The Public Outreach Program** provides education and training to increase environmental awareness so the community is informed about the City's Storm Water Quality Program.
- **The Storm Water Permitting Program** provides permitting services, training, inspections and enforcement to developers, contractors, facility owner/operators so the community can experience a reduction in pollution of community waterways.

Storm Water Quality Positions and Budget

Program	FY24		FY25		FY26

DEPARTMENT INTRODUCTION

MISSION STATEMENT

The mission of the Utilities Department is to provide water, wastewater, and solid waste services to metro area residents, businesses, and other communities so they can enjoy public health protection through safe drinking water and environmentally safe waste disposal.

DEPARTMENT BUDGET

- Administration*
- Customer Service
- Engineering
- Financial Services*
- Fleet Services
- Line Maintenance
- Solid Waste Management
- Southeast Water Supply
- Tinker Air Force Base
- Utilities Enterprise System
- Wastewater Quality
- Water Quality

Department Facts

- The Utilities Department operates on rate-payer funds, that is money received when utility bills are paid.
- The Utilities Department serves 1.5 million people.
- In FY24, an average of 104.62 million gallons of water was pumped daily, while 74.48 million gallons of wastewater were treated each day.
- Sold 2.01 billion gallons of reuse water in FY24.
- Recycling program diverted 15,895 tons of waste from landfills in FY24.

DEPARTMENT OVERVIEW

The Utilities Department has a total budget of \$119,403,249, which is an increase of 4.73%. There are 828 positions authorized in the FY26 budget, an increase of two positions over the FY25 budget.

POSITION HISTORY

SOUTHEAST WATER SUPPLY

- **The Pumping Station Operations and Maintenance Program** provides reliable transportation of fresh water from Southeast Oklahoma to the entire Oklahoma City metro region so they can benefit from an adequate water supply.

Southeast Water Supply Positions and Budget

Program	FY24		FY25		FY26	
	Adopted Positions	Actual Expenses	Adopted Positions	Adopted Budget	Proposed Positions	Proposed Budget
Pumping Station Operations and Maintenance	9.00	\$1,139,531	9.00	\$1,598,566	9.00	\$1,616,278
Line of Business Total	9.00	\$1,139,531	9.00	\$1,598,566	9.00	\$1,616,278

TINKER AIR FORCE BASE

- **The Tinker Wastewater Collection Program** provides operations, maintenance, and repair services to the collection system for Tinker Air Force Base so they can receive reliable wastewater collection service.
- **The Tinker Water Distribution Program** provides operations, maintenance, and repair services to the distribution system for Tinker Air Force Base so they can receive reliable water service.
- **The Tinker Water Production Program** provides operations, maintenance, and repair services of water wells for Tinker Air Force Base so they can receive reliable water service.

Tinker Air Force Base Positions and Budget

Program	FY24		FY25		FY26	
	Adopted Positions	Actual Expenses	Adopted Positions	Adopted Budget	Proposed Positions	Proposed Budget
Tinker Wastewater Collection	0.00	\$0	0.00	\$0	0.00	\$0
Tinker Water Distribution	4.00	339,822	5.00	629,151	5.00	631,409

Line of Business Total	4.00	\$339,822	5.00	\$629,151	5.00	\$631,409

UTILITIES ENTERPRISE SYSTEM

- **The Utilities Enterprise System Program** provides the ability to optimize the utilization of technology systems throughout the Utilities Department by strategically enhancing technology systems, facilitating value creation, and driving process modernization improving service to the Oklahoma City Metro Community.

Utilities Enterprise System Positions and Budget

Program	FY24		FY25		FY26	
	Adopted Positions	Actual Expenses	Adopted Positions	Adopted Budget	Proposed Positions	Proposed Budget
Utilities Enterprise System	20.00	\$2,213,414	20.00	\$2,663,211	21.00	\$2,726,669
Line of Business Total	20.00	\$2,213,414	20.00	\$2,663,211	21.00	\$2,726,669

WASTEWATER QUALITY

- **The Lift Station Maintenance Program** provides properly operating and maintained wastewater lift stations to ensure system reliability.
- **The Pre-Treatment Program** provides permitting, monitoring, and information services to commercial and industrial users so they can discharge their waste into the sanitary sewer system in accordance with Environmental Protection Agency (EPA) regulations.
- **The Wastewater Treatment Program** provides contract monitoring for outsourced treatment plant operations and biosolids disposal services provided to City residents, businesses and other communities so they can benefit from public and environmental health protection in accordance with EPA regulations.

Wastewater Quality Positions and Budget

Program	FY24		FY25		FY26	
	Adopted Positions	Actual Expenses	Adopted Positions	Adopted Budget	Proposed Positions	Proposed Budget
Lift Station Maintenance	15.50	\$1,320,793	15.50	\$1,722,504	15.50	\$2,741,045

The City of
OKLAHOMA CITY

Zoo

Executive Director / CEO	Budget
Dr. Dwight Lawson	\$18,419,272

DEPARTMENT INTRODUCTION

The Oklahoma City Zoo budget is managed and positions are funded through the Oklahoma City Zoological Trust.

On July 17, 1990, the Oklahoma City voters approved a one-eighth cent sales tax levy for the limited purpose of funding the Oklahoma City Zoo and Botanical Garden. The Oklahoma City Zoo Sales Tax Fund was created to collect all revenues pursuant to the Zoo tax levy. The ordinance provides that Zoo Sales Tax funds will only be used for the establishment, maintenance, replacement, and expansion of zoological parks, gardens, and entertainment facilities; the acquisition, maintenance, and replacement of real property, personal property, and buildings; the operational expenses, education research and program expenses, conservation program expenses, and all other expenses deemed necessary or advisable by the Oklahoma City Zoological Trust in connection with the operation of the Oklahoma City Zoo. The Oklahoma City Zoological Trust is a public trust of which the City of Oklahoma City is the sole beneficiary. The Trust operates the Oklahoma City Zoo under a lease and operating agreement with the City.

Department Facts

- The Oklahoma City Zoo and Botanical Garden is Oklahoma's premier cultural attraction for connecting people to wildlife and wild places to inspire conservation action. In 2024, the Oklahoma City Zoo once again earned its Association of Zoos and Aquariums certification, a continuous designation since 1981, confirming the Zoo's dedication to the highest standards of animal care and conservation. That dedication is evident with the completion of the Zoo's largest and latest habitat expansion, Expedition Africa. Presented by Inasmuch Foundation, this immersive 12-acre habitat officially opened March 2024 with new habitats, building renovations including the historic Love's Pachyderm Building, and elevated guest experiences. Located in the heart of the Zoo, Expedition Africa is home to giraffes, African lions, hyenas, wildebeest, zebras, honey badgers, and more. Plans are underway for the OKC Zoo's next expansion project, Shore to Sea, which will bring African penguins into the Zoo's animal family.
- The growing popularity of events like Breakfast with the Animals, OKC Zoo Gala, Haunt the Zoo, and SAFARI LIGHTS provide unique opportunities for guests to connect with the Zoo's wildlife, expert caretakers and conservation initiatives while new programs like Nature Explorer's Preschool provide a nature-based educational experience for children three to five years old.

EXPENDITURES

Summary of Expenditures by Funding Source	FY24 Actual	FY25 Adopted Budget	FY26 Proposed Budget	Percent Change
Zoo Sales Tax Fund	<u>\$18,252,997</u>	<u>\$18,578,026</u>	<u>\$18,419,272</u>	<u>-0.85%</u>
Fund Total	<u>\$18,252,997</u>	<u>\$18,578,026</u>	<u>\$18,419,272</u>	<u>-0.85%</u>

The City of
OKLAHOMA CITY

OVERVIEW OF FUND SUMMARIES

THE BUDGET IS COMPRISED OF 36 DIFFERENT FUNDS THAT SEGREGATE FINANCES FOR THE PURPOSE OF CARRYING ON SPECIFIC ACTIVITIES OR ATTAINING CERTAIN OBJECTIVES. THE FUND SUMMARIES ARE THE OFFICIAL BUDGET THAT IS ADOPTED BY COUNCIL AND FILED WITH THE OFFICE OF THE STATE AUDITOR AND INSPECTOR.

In accordance with the Oklahoma Municipal Budget Act, The City of Oklahoma City has established different funds to meet legal and operating requirements. The City classifies its funds as either operating or non-operating. The distinction is between those funds, and in some cases portions of funds, that directly support operations and those funds that provide for capital improvements or are so limited in their purpose that they cannot be said to support daily operations. This allows decision-makers to segregate operating costs from the total cost for the organization so that significant changes in capital funding are not misinterpreted as a significant change in operational costs.

Within the operating funds there are three basic categories of funds – General Operating, Special Revenue and Enterprise. The General Operating Funds include the General Fund, which accounts for all monies received and disbursed for general municipal government purposes, and the Internal Service Fund, which accounts for the financing of goods or services provided by one City department to another department on a cost reimbursement basis.

Special Revenue Funds account for proceeds of specific revenue sources that are restricted by law to expenditures for specified purposes.

Enterprise Funds account for utility, enterprise, and other services where the costs are financed primarily through user charges or where there is a periodic need to determine revenues earned, expenses incurred or net income for a service or program.

In the Non-Operating Funds, we have developed only two categories: Capital and Other. The Capital Funds are almost all special revenue funds dedicated to specific capital projects. The Other Funds category includes several funds with rather unique characteristics.

The diagram on the following page categorizes each of the City's funds. The fund summaries on the subsequent pages are listed in alphabetical order for ease of reference.

EACH OF THE FUND SUMMARIES INCLUDES THE REVENUE SOURCES, DEPARTMENT EXPENSES BY ACCOUNT CLASS, AND FUND BALANCE. ADDITIONALLY, A DESCRIPTION OF THE FUND IS PROVIDED ALONG WITH A GRAPHICAL REPRESENTATION OF HISTORICAL AND EXPECTED EXPENDITURES.

BUDGET AND FUND STRUCTURE

*Indicates the Fund has both an Operating and Non-Operating Component

**Trusts develop their budgets independently and are not part of this document. However, they have been listed for informational purposes. Boxes represent fund categories used to organize fund type.

FUND AND RELATED TRUST DESCRIPTIONS

FUND NAME	MAJOR REVENUES	MAJOR EXPENDITURES	ORIGIN
Operating Funds			
Airports	Transfer from OCAT	Airport Expenditures	Administrative
Court Administration and Training	Surcharge on Fines	Law Enforcement Training	State Law
Emergency Management	Telephone Tariff, General Fund Subsidy	Support of E-911 System	State/Local Law

(a) Use of fund balance is budgeted for one time uses. Unbudgeted fund balance remains within acceptable range per policy.

(b) The primary expenditures of this fund are capital in nature and the intent is to spend all funds for these purposes.

(c) This is a limited purpose fund. All fund balance is budgeted in compliance with the limited purpose.

(d) This is a limited purpose, limited term fund. This fund will terminate when the purpose is fulfilled.

(e) This is an enterprise fund supported by operating transfers from a City trust. Enterprise reserves are held in the Trust.

(f) Reserves in this fund were or are being accumulated for significant capital projects that are now underway.

(g) Due to the fact that most grant funds operate on a reimbursement basis, fund balance projections do not produce an adequate picture of financial health and are not included.

(h) The Zoo budgets 2% more expenses than revenue in order to provide budget authority for revenue exceeding estimate.

*Budgeted Revenues exclude use of fund balance

Ending Fund Balance	\$1,686,916	\$2,435,986 *	\$12,147 **

* Estimated.

** Assumes budgeted revenues and expenditures.

The Airports Fund was established in the FY89 budget. State statutes provide for the establishment of enterprise funds to account for each utility, enterprise, or service other than those operated as a department of the General Fund, where the costs are financed primarily through user charges or where a periodic need exists to determine revenues earned, expenses incurred, or net income for a service or program.

Funding for the operation of the Airports Fund comes from monthly transfers from

the Oklahoma City Airport Trust. The Trust was created as a Public Trust on April 1, 1956 pursuant to Title 60 of the Oklahoma Statutes, Section 176, on behalf of The City of Oklahoma City. The purpose of the Trust is to provide a means of financing and administering the construction of airports and air navigation facilities of the City. The provisions of the trust agreement provide that the Trust will lease, or otherwise manage, the related property and improvements financed by the Trust. The Trust will receive all revenues generated from related properties to repay revenue bonds or other debt instruments incurred by the Trust plus costs and expenses incidental to the management, operation, maintenance, and conservation of the Trust.

The Federal Asset Forfeiture Fund was established in FY85 within the Oklahoma City Municipal Facilities Authority (OCMFA) with the passage of Federal Law allowing the Federal Government to forfeit property obtained through illegal activity. It was established by City Ordinance allowing The City of Oklahoma City to accept federally forfeited property.

In FY94, the fund was moved from the OCMFA to the City budget. The Asset Forfeiture Fund consists of four sub funds: Federal Asset Forfeiture, State Asset Forfeiture, Treasury Asset Forfeiture, and Criminal Interdiction Team of Central Oklahoma (CITCO). In compliance with the Comprehensive Crime Control Act of 1984, all Federal funds will be utilized for law enforcement purposes only.

On September 12, 2017, the Oklahoma City voters approved on a temporary tax increase known as Better Streets, Safer City. This 27-month continuation of the expired MAPS 3 penny sales tax generated over \$246 million for street resurfacing, streetscapes, trails, sidewalks, and bicycle infrastructure. The initiative includes \$168 million for street resurfacing, \$24 million for streetscapes, \$24 million for sidewalks, \$12 million for trails, \$12 million for bicycle infrastructure.

The debt-free projects will create smooth and safe streets for drivers, on-street amenities for recreational and commuting cyclists, and streetscapes and trails that protect pedestrians and cyclists and enhance opportunities for economic development.

On September 12, 2017, the Oklahoma City voters approved a temporary tax increase known as Better Streets, Safer City. The use tax collected as part of the 27-month continuation is being used for capital improvements.

Among the capital improvements funded are police and fire vehicles, information systems, mobile data systems, a Citywide radio communication system, City public safety computer-aided dispatch systems, a communications network to support mobile data systems, improvements in the public emergency warning system and police helicopters.

** Assumes budgeted revenues and expenditures.

NOTES:

(a) Capital projects are lengthy in nature and difficult to predict completion. For this reason, the budget is based on the assumption that the outstanding encumbrances used as of February 2025 will remain to the end of the fiscal year. If encumbrances are actually expended by the end of the year, the budget will be overstated. Purchases and encumbrances in the budget year are made on a cash basis.

In 1975, the State of Oklahoma passed legislation noted in Title 11 § 17-109.11 authorizing cities to create a fund to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds). The revenue sources of the Capital Improvement Projects Fund may be the proceeds of the sale of assets, interest income, grants from agencies or other governmental units and transfers from other funds. The Fund's major financial resources are interest earnings and a transfer from the General Fund.

**City and Schools Capital Projects Use Tax Fund
Historical and Projected Expenditures**

On November 13, 2001, the Oklahoma City voters approved a limited purpose temporary sales tax for public school capital projects. Based on state statutes, the City Council approved an ordinance amending the City's use tax rate to mirror the sales tax rate's effective dates and amount. The rate of the tax was one-half percent from January 1, 2002 until April 1, 2003, when the rate changed to one percent. The tax expired on January 1, 2009.

State law requires that fees be collected for Council on Law Enforcement Education and Training (CLEET), Automated Fingerprint Identification Systems (AFIS) and Forensic Improvement on each case that is not a parking, stopping or standing violation and which is punishable by a fine of \$10 or greater. This fee is in addition to any fines, costs or fees already associated with the case. As of November 1, 2017, the total of the fees was increased to \$30 and consists of \$10 for CLEET, \$10 for the statewide AFIS fee and \$10 for the statewide Forensic Improvement fee. OKC,

because it operates its own basic law enforcement academy, retains \$2 of each CLEET fee collected. The monies deposited are for the sole use of the municipality in implementing its law enforcement training functions. Not more than seven percent (7%) of the monies shall be used for court and prosecution training.

Under Section 26, Article 10 of the State Constitution, the City of Oklahoma City is authorized to establish a Debt Service Fund. The General Obligation Debt Services Fund accounts for all expenditures for principal, interest and agency fees on all of the City's general obligation debt and judgments. Revenues in the General Obligation Debt Service Fund include ad valorem taxes and interest on reserves. By law, appropriations in the Debt Service Fund may not be reduced below the minimums required to make debt service payments.

**Debt Service Fund
Historical and Projected Expenditures**

The final debt service budget (statement of required funding) is prepared and submitted to required authorities at the end of August. The adopted budget is an estimate based on partial year results.

The Emergency Management Fund was established in FY90 to fund operations for the 911 emergency telephone and dispatch system, and the disaster preparedness and warning programs. The budget combines a subsidy from the General Fund, projected revenues from a charge to households and businesses accessing the system through their community or cell phone service, and fund balance and interest earned by the fund.

* Estimated.

** Assumes budgeted revenues and expenditures.

The Fire Fighting and Fire Rescue Services, Facilities or Equipment Tax Fund was established in FY90. Funding is provided through a dedicated three-quarter-cent sales tax approved by City voters to fund new or improved public safety services. The Fund receives one-half of the revenues collected through the special sales tax.

Each year the City Council adopts a resolution specifying the specific projects and funding levels in the Fire Fighting and Fire Rescue Services, Facilities or Equipment Tax Fund.

** Assumes budgeted revenues and expenditures.

The General Fund is used to account for all funds received and disbursed for general municipal government purposes including all assets, liabilities, reserves, fund balances, revenues and expenditures that are not accounted for in any other fund.

**General Fund - Operating
Historical and Projected Expenditures**

Starting in FY20, the General Fund began collecting sales tax funds related to the MAPS 4 Program. Passed by voters on December 10, 2019, the MAPS 4 1-cent sales tax is as an eight-year temporary general fund tax to fund the program outlined in the City Council resolution passed on August 27, 2019. As funds are received in the General Fund, transfers will be made to a separate MAPS 4 Program fund to be spent on the MAPS 4 Program as authorized by the City Council.

**General Fund - Non-Operating

NOTES: Use of Fund Balance

Due to the nature of grant funds, fund balance projections do not provide an adequate picture of financial health and are not included.

(a) Budgeted revenue include balances from prior year grant awards and anticipated new grant awards.

**Grants Management Fund
Historical and Projected Expenditures**

The Grants Management Fund was established in order to provide the City with a means of budgeting and accounting for grant awards. Although shown in the same manner as other City funds, the Grants Management Fund generally follows federal, rather than state or local law, for budgeting and spending. The information presented in this budget is an estimate of federal grant activity and does not restrict actual grant expenditures. Grant expenditures are governed by individual grant requirements.

On December 14, 2004, the Oklahoma City voters approved a 5.5% hotel occupancy tax for encouraging, promoting, and fostering convention and tourism development of the City, funding improvements to the Oklahoma City Fairgrounds, and sponsoring or promoting events recommended by the Oklahoma City Convention and Visitors Commission. On August 27, 2024, the voters approved a hotel tax increase from 5.5% to 9.25%. The increase went into effect on October 1, 2024 and

Ordinance No. 27,610 provides for four specific uses. Out of the 9.25%, 4.81% is dedicated to convention and tourism promotion and is used to fund a contract with the Oklahoma Convention and Visitor's Bureau; 3.25% is dedicated to capital improvements at the State Fairgrounds and the repayment of bonds used to finance those improvements; 1% is dedicated to sponsoring or promoting events recommended by the Convention and Visitor's Commission; and 0.19% will be used for improvements to the Oklahoma City Convention Center.

**Impact Fee Fund
Historical and Projected Expenditures**

In 2017, the Streets and Parks System Development Impact Fee Fund was established through City ordinance to collect and expend development fees related to new construction. Fee revenue received through the building permitting process is utilized for capital improvements to infrastructure in parks and streets within the same service area as the new construction.

MEDICAL SERVICE PROGRAM FUND

**Medical Service Program Fund
Historical and Projected Expenditures**

The Medical Service Program Fund was created in the FY10 budget for a new ambulance fee as part of the Medical Service Program enacted by the City Council on December 8, 2008. The program took effect on October 1, 2009. The Fund receives the \$3.65 monthly fee paid by households enrolled in the program for coverage under the Emergency Medical Services Authority (EMSA) TotalCare program. The fund is used to pay for medical transport services, as well as, the administrative costs of the Utilities Department for

operating the billing and customer service aspects of the program.

METROPOLITAN AREA PROJECTS (MAPS) SALES TAX

**MAPS Sales Tax Fund
Historical and Projected Expenditures**

The Oklahoma City voters approved an ordinance amending the City sales tax code on December 14, 1993. This ordinance levied an additional limited term sales tax of one percent for the term of five years, beginning January 1, 1994 and ending January 1, 1999. The Oklahoma City voters extended this tax on December 8, 1998, adding six months to the life of the tax, which expired June 30, 1999.

The ordinance established a limited purpose tax fund to be expended only for specified projects, including improvements

to the North Canadian River; a metropolitan learning center; a baseball park; improvement of the Myriad Convention Center; improvement of the Civic Center Music Hall; improvement of the Oklahoma City Fairgrounds; an indoor sports/convention facility; all or part of a transportation system between Interstate 40 and Meridian Avenue and downtown Oklahoma City; site acquisition, site preparation, site improvements, infrastructure, parking facilities, personal property, engineering fees, architectural fees, and legal fees related to the main projects; payment of principal and interest on and the costs of issuance of notes or obligations in support of the main projects; payment of senior citizens tax refunds; and related administrative costs.

**MAPS Operations Fund
Historical and Projected Expenditures**

The MAPS Operations Fund was originally funded by the MAPS Use Tax, which was separate from the MAPS Sales Tax. The MAPS Use Tax was enacted by the City Council and was in effect for five-and-a-half years, while the MAPS Sales Tax was in effect. The tax provided for a levy of one percent on the sale of tangible personal property not subject to sales tax from January 1, 1994 through June 30, 1999.

Funds collected from the additional levy were accounted for separately and are to be used for operating, maintaining, and replacing capital as needed on any or all of the nine major MAPS projects. The MAPS Operations Fund budget reflects only the funding for adopted expenditures.

The Oklahoma City voters approved a one-cent sales tax for MAPS 3 on December 8, 2009. The tax began April 1, 2010 and lasted for seven years and nine months. The initiative contained a diverse list of eight projects including: the new 70-acre Scissortail Park linking the core of downtown with the Oklahoma River; the new Oklahoma City Streetcar system; a new downtown convention center and Omni Hotel; sidewalks for major streets and near facilities used by the public; 57 miles of new public bicycling and walking trails throughout the City; improvements to

the Oklahoma River, including the RIVERSPORT OKC whitewater rafting and kayaking facility and other upgrades which have earned the river a designation as a U.S. Olympics Training Site; state-of-the-art Health and Wellness Centers designed for senior citizens; and improvements to the Oklahoma State Fairgrounds.

**MAPS 3 Use Tax Fund
Historical and Projected Expenditures**

Following the approval of the one-cent MAPS 3 Sales Tax by City voters on December 8, 2009, the City Council approved an ordinance based on state statute that amended the City's use tax rate to be equal to the sales tax rate. The MAPS 3 Use Tax will be in effect for the same seven years and nine months as the MAPS 3 Sales Tax. The Use Tax will pay for the cost of the management and oversight of the MAPS 3 construction projects. In addition, the Use Tax was used to support enhanced public safety by providing funding for Police and Fire uniform positions that would

otherwise have been cut from the General Fund in the FY11 budget. In FY13, a non-operating component was included in the MAPS 3 Use Tax Fund providing a reserve for future capital funding.

**MAPS 4 Program Fund
Historical and Projected Expenditures**

On December 10, 2019, the Oklahoma City voters approved a one-cent sales tax for MAPS 4 Program. The temporary general fund tax will begin on April 1, 2020 and will last for eight years, generating an estimated \$978 million. The City will begin collecting revenue from the sales tax in May 2020. The initiative contains a broad array of sixteen projects addressing a variety of human and community needs including: enhancements to City parks; four new youth centers; a new senior wellness center and assistance to low-income seniors; three new

mental health and addiction support centers; a family justice center; transit improvements, sidewalks, bike lanes, trails and streetlights; support for residents experiencing homelessness; maintenance and enhancements to the Paycom Center and related facilities; an animal shelter; a new Fairgrounds Coliseum; a diversion hub for low-level criminal offenders; investments in the northeast Oklahoma City Innovation District; the renovation of the Freedom Center and a new Clara Luper Civil Rights Center; citywide beautification projects; and a new multipurpose stadium.

Following the approval of the one-cent sales tax for the MAPS 4 Program by the Oklahoma City voters on December 10, 2020, the City Council approved an ordinance based on state statute that amended the City's use tax rate to be equal to the sales tax rate. The MAPS 4 Use Tax will be in effect for the same eight year period as the corresponding sales tax. The MAPS 4 Use Tax will pay for the cost of the management and oversight of the MAPS 4 projects. In addition, the Use Tax will include a non-operating component to support public safety capital and other City capital improvements.

The Oklahoma City Improvement and Special Services Assessment Districts Fund was created in 2001 for the Downtown Oklahoma City Business Improvement District (BID) and the Stockyards BID. Since then, BIDs for Western Avenue, Capitol Hill, the Adventure District, and Uptown 23rd Street have been formed. The Western Avenue, and Capitol Hill BIDs have been renewed for a second ten-year term, while the Downtown and Stockyards BIDs have been renewed for a third term.

Benefit assessment districts improve and convey special benefits to properties located within the boundaries of the districts. The districts also finance new improvements and services, including street beautification, maintenance, marketing and image enhancement programs above and beyond those currently provided by the City. Assessments are calculated annually and collected by the City of Oklahoma City in this fund. The districts provide claims to the City to cover services or debt service as detailed in the respective contracts. The assessment rates and contract for the upcoming fiscal year are not yet finalized. When the assessments and contracts are finalized an amendment to the budget may be presented to Council for consideration.

On November 13, 2001, Oklahoma City voters approved a limited term, limited purpose sales tax to be earmarked for certain public school capital projects. The rate of the tax was one-half percent from January 1, 2002 until April 1, 2003 when the rate changed to one percent. The tax expired on January 1, 2009. The OCMAPS trust was dissolved in FY18 and the remaining funds will be used to complete existing projects.

**Police and Fire Capital Equipment Sales Tax Fund
Historical and Projected Expenditures**

The Police and Fire Capital Equipment Sales Tax Fund was established in FY01. Funding was provided through a 32-month one-half cent sales tax approved by City voters on March 14, 2000 for police and fire capital equipment projects beginning July 1, 2000 and ending March 1, 2003. Among the capital improvements funded are police and fire vehicles, information systems, mobile data systems, a Citywide radio communication system, City public safety computer-aided dispatch systems, a communications network to support mobile data systems, improvements in the public emergency warning system and police helicopters.

**Police Services, Facilities or Equipment Tax Fund
Historical and Projected Expenditures**

The Police Services, Facilities or Equipment Tax Fund was established in FY90. Funding is provided through a dedicated three-quarter-cent sales tax approved by City voters to fund new or improved public safety services. The Fund receives one-half of revenues collected through the special sales tax. Each year the City Council adopts a resolution specifying the specific projects and funding levels in the Police Services, Facilities or Equipment Tax Fund.

Special Assessment Districts Fund Historical and Projected Expenditures

The Special Assessment Districts Fund was created in FY21 as a result of new rules from the Governmental Accounting Standards Board (GASB) requiring municipalities to reflect these districts in the budget. Special Assessment Districts allow a majority of property owners in a neighborhood to petition the City to create an assessment district for the purpose of improving the roads in that neighborhood. Under this program the City sells bonds and has the work completed and creates an assessment roll for all of the property owners in the neighborhood to repay the bond over time.

The Special Purpose Fund is used primarily for donations to the City of Oklahoma City or for other designated uses. The expenditures are made from specific accounts designated for each special purpose. Typical expenditures of the fund are projects relating to improvements by neighborhood associations, recreation improvements, renovations in parks, improvements at the animal shelter, opioid remediation and projects relating to fire safety.

**Sports Facilities Sales Tax Fund
Historical and Projected Expenditures**

The Oklahoma City Sports Facilities Improvement Sales Tax Fund, established in FY08 pursuant to voter approval on March 4, 2008, is a limited term, limited purpose sales tax earmarked for certain capital improvements relating to the City's sports arena and the construction of the professional basketball team practice facility. Funding was provided through a one percent temporary sales tax that began on January 1, 2009 and expired on March 31, 2010.

**Sports Facilities Use Tax Fund
Historical and Projected Expenditures**

The Oklahoma City Sports Facilities Use Tax is the companion use tax to the one-cent Oklahoma City Sports Facilities Sales Tax. The tax provides a levy of one percent on the sale of tangible personal property not subject to sales tax from January 1, 2009 through March 21, 2010. The City Council has expressed its intent to use this fund for expenses related to the Oklahoma City Sports Facilities Sales Tax Fund and the funding of other City capital projects as specified by a resolution of the City Council.

**Stormwater Drainage Utility Fund
Historical and Projected Expenditures**

The Stormwater Drainage Utility Fund was established by Council on June 13, 1995 to address federal mandates governing National Pollution Discharge Elimination System (NPDES) programs and is responsible for planning and implementing strategies for improving the quality of storm and other runoff waters. The Stormwater Drainage Utility fund is an enterprise fund with operating revenues generated from a drainage fee. Fees are billed monthly along with water, wastewater, and solid waste fees.

The Transportation and Parking Fund was established by Council action in September 1989. The Fund was established as a direct result of the reorganization of the Central Oklahoma Transportation and Parking Authority (COTPA), in which administrative functions became part of the City organization. The reorganization also separated Public Transportation and Parking Services into two distinct operations identified separately.

The Central Oklahoma Transportation and Parking Authority (COTPA) was created in

1966 as a Public Trust pursuant to Title 60 of the Oklahoma Statutes, Section 176. The purpose of COTPA is to provide a means of financing municipal public transportation services and functions. The trust indenture provides that COTPA will acquire and operate transportation service and equipment, receive all revenue generated from these services, pay the debt service requirements on the revenue bonds issued by COTPA, pay all operating expenses, and finance future improvements. The Trust does not have the power to levy taxes.

Utilities Fund
Historical and Projected Expenditures

The Water and Wastewater Fund was established in 1988 by the City Council for the purpose of identifying operating expenditures of the Utilities Department and is funded by monthly cash transfers from the Oklahoma City Water Utilities Trust (OCWUT). During FY21, the Solid Waste Management system was consolidated with the water and wastewater systems under the Oklahoma City Water Utilities Trust (OCWUT). As part of the merger, the Solid Waste Management Cash Fund was merged with the Utilities Fund. Expenditures from this

fund are made for water treatment; maintenance and repairs of water, wastewater, and solid waste management systems, utility customer service and billing functions, and refuse collection activities.

On July 17, 1990, the Oklahoma City voters approved a one-eighth cent sales tax levy for the limited purpose of funding the Oklahoma City Zoo. The Oklahoma City Zoo Sales Tax Fund was created to collect all revenues pursuant to the Zoo tax levy. The ordinance provides that Zoo Sales Tax funds will only be used for the establishment, maintenance, replacement, and expansion of zoological parks, gardens, and entertainment facilities; the acquisition, maintenance, and replacement of real property, personal property, and buildings; the operational expenses, education

research and program expenses, conservation program expenses, and all other expenses deemed necessary or advisable by the Oklahoma City Zoological Trust in connection with the operation of the Oklahoma City Zoo. The Oklahoma City Zoological Trust is a public trust of which the City of Oklahoma City is the sole beneficiary. The Trust operates the Oklahoma City Zoo under a lease and operating agreement with the City.

CAPITAL IMPROVEMENT BUDGET

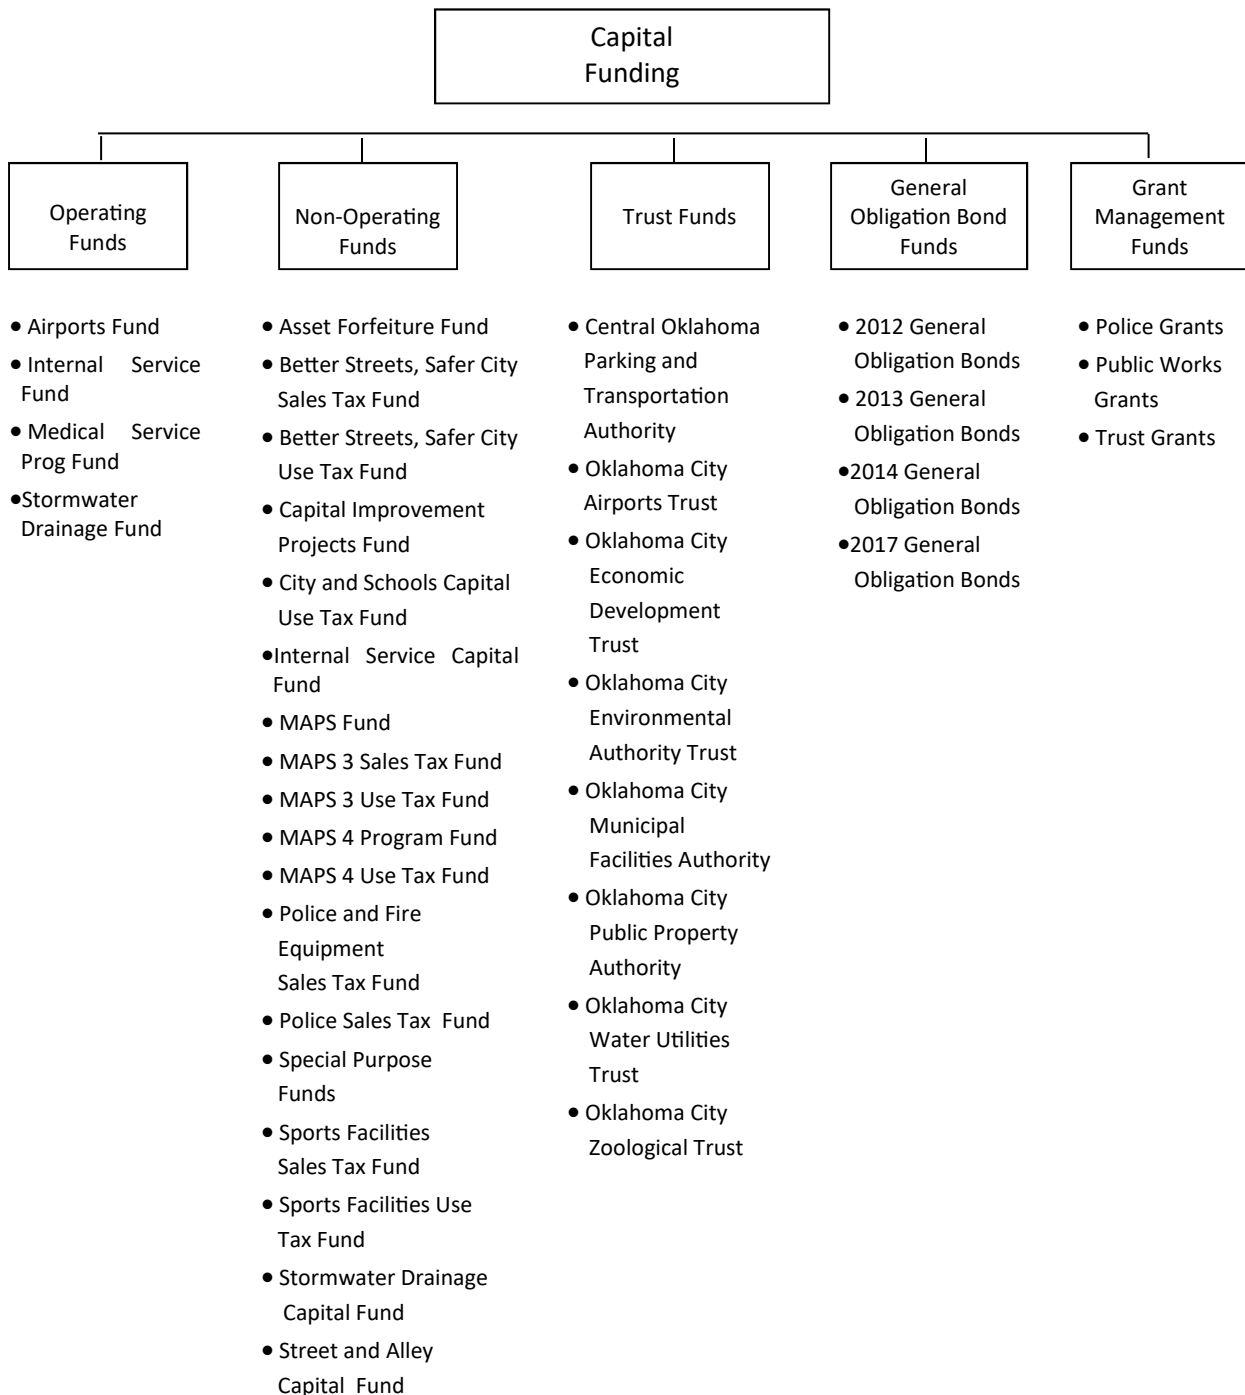

THE CAPITAL IMPROVEMENT BUDGET IS SEPARATE FROM THE CITY'S OPERATING BUDGET APPROVED BY THE CITY COUNCIL. THE PROVIDED CAPITAL BUDGET IS A LISTING OF FY26 AMOUNTS BUDGETED AND FUNDING SOURCES OF EACH PLANNED PROJECT. THE PLANNED CAPITAL EXPENDITURES REPRESENTS THE COST OF NEW CONSTRUCTION, RENOVATION, ACQUISITION OR CAPITAL MAINTENANCE OF CITY INFRASTRUCTURE, FACILITIES, OR OTHER CAPITAL INVESTMENTS, TO ENSURE THE CONTINUATION OF SERVICE, ENHANCE OPERATIONS AND PROMOTE ECONOMIC DEVELOPMENT.

A FIVE-YEAR CAPITAL IMPROVEMENT PLAN IS PREPARED BIENNIALY OR TRIENNIALY TO IDENTIFY PROJECTS ACROSS THE CITY WHICH IMPROVE MUNICIPAL SERVICES, STRENGTHEN INFRASTRUCTURE, ENHANCE CULTURE AND RECREATION, AND PROMOTE THE ECONOMIC DEVELOPMENT AND GROWTH OF THE CITY. THE FIVE-YEAR CIP PLAN IS AVAILABLE TO THE PUBLIC AND PUBLISHED ONLINE AT [HTTPS://WWW.OKC.GOV/DEPARTMENTS/FINANCE/FINANCIAL-AND-BUDGET-REPORTS/BUDGET-AND-TAX-REPORTS](https://www.okc.gov/departments/finance/financial-and-budget-reports/budget-and-tax-reports).

CAPITAL IMPROVEMENT FUNDING

The FY26 Capital Improvement Budget includes capital expenditures funded through various sources. Capital projects funded by General Obligation Bonds and Public Trusts are included in this section to provide a comprehensive capital position. Capital budgets for these two sources are not approved through the normal budget process. City voters approve General Obligation Bond propositions providing authorization for bond funded capital projects. Public trusts' capital budgets are approved by the trustees.

IMPACT OF CAPITAL PROJECTS ON THE OPERATING BUDGET

The City recognizes that capital projects have an impact on the operating budget in two distinct ways and has taken appropriate steps to address those impacts. The first impact occurs during the design and construction phase of capital projects. As projects are being undertaken, City staff has numerous design, management, construction and oversight responsibilities. For example, implementation of the General Obligation Bond Programs have required significant resources, particularly within the Public Works Department, due to the extensive design and project management requirements of these programs. Where feasible, the costs of project management are charged to the associated projects by the department providing those services.

The second and primary impact of capital projects on the operating budget is the ongoing maintenance and operations requirements that continue after a project is completed. As part of the operating and capital budget development process, departments are asked to identify costs associated with the maintenance and operation of capital projects that are to be completed in the coming fiscal year and future fiscal year impacts.

The City's capital planning process includes the estimate of future operating and maintenance costs resulting from proposed capital improvements. Capital improvements that replace existing City assets generally reduce maintenance and operating costs in the near term. As the assets age, maintenance and operating costs will increase, but generally do not exceed the cost of operating and maintaining the assets they are replacing. For new capital projects, which increase City assets, Departments are required to provide estimates of future operating and maintenance costs to assist in the decision making for operating budgets and to allow for consideration of the feasibility of the projects.

FY26 Capital Budget by Function

\$1,462,718,019 **

*Public Works includes streets, bridges, drainage and traffic projects

AIRPORTS

2- Shuttle Buses FY26 - Will Rogers World Airport (Ward 3)

Purchase of replacement two buses Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$290,000
Project Total	\$290,000

A1250006 - WRWA Upgrade Baggage Handling System - Will Rogers World Airport (Ward 3)

Replacement and/or addition of baggage conveyor, upgrade or replacement of operating hardware/software, replacement of aging components in the baggage handling system. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,500,000
Project Total	\$2,500,000

A1250007 - WRWA Wayfinding and Signage Services - Will Rogers World Airport (Ward 3)

Yearly Services Contract for signage maintenance, fabrication, and installation. The Airport signage will need to be updated as areas of the Airport change in use, destination, or as tenants change, or as new sign needs are identified. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$300,000
Project Total	\$300,000

A1250008 WRWA Reconstruct Terminal Apron South Gates - Phase 2 - Will Rogers World Airport (Ward 3)

Rehabilitation of the terminal apron. Several areas of pavement are over 40 years old and showing signs of distress in the form of cracking, spalling, and surface delamination. The rehabilitation will be performed in phases and may be spread over multiple Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,314,000
Project Total	\$2,314,000

A2230001 - WPA Terminal Apron Pavement Rehabilitation - Wiley Post Airport (Ward 3)

Routine pavement maintenance is required to extend useful life. Previous projects addressed the asphalt portion. Rehabilitation of concrete portion of terminal apron. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$350,000
Project Total	\$350,000

A2250001 - WPA Aircraft Box Hangars - Wiley Post Airport (Ward 3)

This authorization for professional services will be for Project No. OCAT WPA 2516 Aircraft T-Hangars for additional box hangars to have available box hangars for lease. The airport is at capacity for small box hangars for lease. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,653,000
Project Total	\$1,653,000

A4250000 - WRWA Metro Tech New Hangar - Will Rogers World Airport (Ward 3)

This project is for the design and construction of a new hangar to be constructed for the Metro Tech Campus (Project) at Will Rogers World Airport. The hangar is intended to house a single MD-80 aircraft for maintenance and training purposes. The hangar i Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$6,000,000
Project Total	\$6,000,000

A7250000 - MMAC Medium Voltage Transformers T38 and T39 Replacement - Mike Monroney Aeronautical Center (Ward 3)

Replace the pad-mounted, medium-voltage Transformers near the Thomas P. Stafford Building. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$300,000
Project Total	\$300,000

A7250001 - MMAC TPS Emergency Lighting - Mike Monroney Aeronautical Center (Ward 3)

Emergency TPS lighting at Mike Montgomery Aeronautical Center. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$160,000
Project Total	\$160,000

A7250003 - MMAC Medium Voltage Standby Electrical - Mike Monroney Aeronautical Center (Ward 3)

MV Standby Electrical Equipment. Electrical equipment needed to keep FAA rented facilities (MMAC) with power. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$300,000
Project Total	\$300,000

A7250005 - MMAC AHQ Temporary Chiller - Mike Monroney Aeronautical Center (Ward 3)

Rental of temporary chiller and appurtenances. Temporary chiller at AHQ building is damaged and beyond repair. Providing temporary chiller until a replacement chiller can be installed. Approximately 13 rental months at 28days/month. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$150,000
Project Total	\$150,000

A7250006 - MMAC TPS Fire Sprinkler Replacement - Mike Monroney Aeronautical Center (Ward 3)

Type A Study to determine severity of the Fireline issue. FAA has identified corrosion and microbial issues with the fire lines at Thomas P. Stafford building. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,080,000
Project Total	\$1,080,000

A7250007 - MMAC TPA Skylight Replacement - Mike Monroney Aeronautical Center (Ward 3)

MMAC TPS Building Skylight Replacement. The Thomas P. Stafford (TPS) Building Skylights are leaking and need replacement. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$680,000
Project Total	\$680,000

AWS Explosive Detection Screening Equipment (EDSE) - Will Rogers World Airport (Ward 3)

Purchase EDSE to comply with TSA-mandated Aviation Worker Screening (AWS). Estimated annual operating cost is \$75,000.

	FY26 Cost
Oklahoma City Airport Trust	\$75,000
Project Total	\$75,000

CEPA Future Hgr Dev. Taxilane - Clarence E. Page Airport (Ward 3)

Hangar development in the northeast "Future Individual Hangar Development Area" is growing and this taxilane extension will provide additional area for development with access to the taxiways and runways. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$392,000
Oklahoma City Airport Trust	\$8,000
Project Total	\$400,000

CEPA Construct New Maint Fac - Clarence E. Page Airport (Ward 3)

Construct new 60x100 Maintenance Facility and install electronic gate. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$360,000
Project Total	\$360,000

CEPA RCE Box Hangars - Clarence E. Page Airport (Ward 3)

This project will be to build hangars along the new taxi lane that is being developed in calendar year 2025. The plan is to do split funding with ODAA funding 40% for three hangars with one add alternate so we are budgeting for four hangars. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,760,000
Project Total	\$1,760,000

CEPA Reconstruction Taxiway A - Clarence E. Page Airport (Ward 3)

CEPA reconstruction of Taxiway A. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$587,000
Oklahoma City Airport Trust	\$17,000
Project Total	\$604,000

ConRAC Buses - Will Rogers World Airport (Ward 3)

Purchase two new buses. Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$1,100,000
Project Total	\$1,100,000

De-Ice Truck - Will Rogers World Airport (Ward 3)

Replace De-ice truck. Current truck is 17 years old and will send it to WPA to replace their current piece. Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$312,000
Project Total	\$312,000

Horticulture Maintenance Facility - Will Rogers World Airport (Ward 3)

Construct a new horticulture maintenance facility for grounds maintenance. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,650,000
Project Total	\$2,650,000

MMAC ANF-1 Chiller & Cool Repl - Mike Monroney Aeronautical Center (Ward 3)

OCAT WRWA 2318 ANF I Chiller and Cooling Tower Replacements. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$3,095,000
Project Total	\$3,095,000

MMAC Arb Loadg Dock Exp Repair - Mike Monroney Aeronautical Center (Ward 3)

Repair Expansion joint in the Loading Dock Area. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$650,000
Project Total	\$650,000

MMAC Atb Chiller & Cooling Tow - ATB Chiller and Cooling Tower - MMAC (Ward 3)

Replace chiller and cooling tower. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,000,000
Project Total	\$2,000,000

MMAC Bmb Vechicle Maint Roof - Mike Monroney Aeronautical Center (Ward 3)

Replacement of roof over vehicle maintenance area of BMB and sealing of window openings. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$220,000
Project Total	\$220,000

MMAC Environmental Remediation - Mike Monroney Aeronautical Center (Ward 3)

This will be used when it is necessary to remediate buildings or areas before projects. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$250,000
Project Total	\$250,000

MMAC Fsb Medium Voltage Switch - Mike Monroney Aeronautical Center (Ward 3)

Replace the pad-mounted, medium-voltage Switch 49970 near the Thomas P. Stafford Building. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$470,000
Project Total	\$470,000

MMAC Hangar 8 Roof Replacement - Mike Monroney Aeronautical Center (Ward 3)

Hangar 8 Roof Replacement. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$80,000
Project Total	\$80,000

MMAC Hangar 9 Roof Replacement - Mike Monroney Aeronautical Center (Ward 3)

Hangar 9 Roof Replacement. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$3,810,000
Project Total	\$3,810,000

MMAC Hgr9 Chiller, Tower & AHU - Mike Monroney Aeronautical Center (Ward 3)

Replace two (2) 300 ton chillers, cooling tower and seven (7) AHU's. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$6,060,000
Project Total	\$6,060,000

MMAC LED Streetlight Upgrade - Mike Monroney Aeronautical Center (Ward 3)

Replace aging lamp post heads including lamps and ballasts. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$570,000
Project Total	\$570,000

MMAC Lsf Roof & Gutter Repairs - Mike Monroney Aeronautical Center (Ward 3)

Repair/replace gutter on the LSF Building and replace cap sheet on roof. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,500,000
Project Total	\$1,500,000

MMAC Macarthur Blvd Storm Sewer - Mike Monroney Aeronautical Center (Ward 3)

Repair and replace storm sewer along MacArthur Blvd. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$100,000
Oklahoma City Airport Trust	\$0
Project Total	\$100,000

MMAC Mechanical Systems Repair - Mike Monroney Aeronautical Center (Ward 3)

This will be used when it is necessary to repair or maintain mechanical HVAC systems due to failures before a full project can begin. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$250,000
Project Total	\$250,000

MMAC Medium Voltage Systems - Mike Monroney Aeronautical Center (Ward 3)

This will be used when it is necessary to repair or maintain medium voltage systems due to failures before a full project can begin. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$250,000
Project Total	\$250,000

MMAC Medium Voltage Upgrades - Mike Monroney Aeronautical Center (Ward 3)

Repair, replace and expand medium voltage electrical system as needed. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$250,000
Project Total	\$250,000

MMAC Mike Monroney Blvd Entry - Mike Monroney Aeronautical Center (Ward 3)

Replacement of the paving from Regina Ave. through the intersection of Foster Ave. Also included are curb replacement and construction of crosswalks. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

MMAC MMAC Macarthur Blvd Pavin - Mike Monroney Aeronautical Center (Ward 3)

MacArthur Blvd Paving Repair and Replacement. MacArthur Blvd - SW 64th Street to SW74 Street; and MacArthur Blvd - SW 59th Street to SW 63rd Street. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$300,000
Project Total	\$300,000

MMAC Multi-Elevator Replace-I - Mike Monroney Aeronautical Center (Ward 3)

Replace the elevators in the following buildings: ARB (3 pass - 1 freight), CAMI (2 pass - 2 freight), CAMI Hi-Bay (1 freight), Hangar 8 (1 pass), Hangar 9 (3 pass - 1 freight), RTF (1 pass). Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$3,500,000
Project Total	\$3,500,000

MMAC MV Sectionalizing and Circuit Separation - Mike Monroney Aeronautical Center (Ward 3)

MMAC MV ReplaceTransforers and Switches Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,200,000
Project Total	\$1,200,000

MMAC Natural Gas System Repair - Mike Monroney Aeronautical Center (Ward 3)

This will be used when it is necessary to repair or maintain the natural gas master meter system due to failures before a full project can begin. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$100,000
Project Total	\$100,000

MMAC Registry Chiller/Boiler - Mike Monroney Aeronautical Center (Ward 3)

Registry Chiller and Boiler Replacement. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,900,000
Project Total	\$1,900,000

MMAC Roof Study & Master Plan - Mike Monroney Aeronautical Center (Ward 3)

Evaluate and prioritize the conditions of all OCAT roof on the MMAC campus. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$260,000
Project Total	\$260,000

MMAC Water Meter Purch & Instl - Mike Monroney Aeronautical Center (Ward 3)

Purchase water meters for buildings on the MMAC campus. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,500,000
Project Total	\$2,500,000

Motor Grader - Will Rogers World Airport (Ward 3)

Replace equipment becoming less dependable, costly to maintain and obsolete parts. Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$400,000
Project Total	\$400,000

Service Animal Relief Area - Will Rogers World Airport (Ward 3)

Construct a new service animal relief area. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

Snow Broom FY26 - Will Rogers World Airport (Ward 3)

Purchase of a Snow Broom. Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$750,000
Project Total	\$750,000

TYMCO Sweeper - Will Rogers World Airport (Ward 3)

Purchase TYMCO Sweeper. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$376,000
Project Total	\$376,000

WPA Construct New Atct - Wiley Post Airport (Ward 1)

Construct new Airport Terminal and Air Traffic Control Tower. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$9,100,000
Oklahoma City Airport Trust	\$583,000
Project Total	\$9,683,000

WPA Drainage Improvements - Wiley Post Airport (Ward 1)

Design and construct a new RCB trunk line in Basin D identified in the 2015 Drainage Study conducted by MKEC to alleviate flooding problems. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,032,000
Project Total	\$2,032,000

WPA Gulfstream Demo - Wiley Post Airport (Ward 1)

Demolition of WPA Gulfstream facility. Estimated annual operating cost is \$1,491,600.

	FY26 Cost
Oklahoma City Airport Trust	\$2,125,000
Project Total	\$2,125,000

WPA Hangar 10 Roof - Wiley Post Airport (Ward 1)

Recoating of the Hangar 10 roof. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

WPA Hgr 11 Middle & High Roof - Wiley Post Airport (Ward 1)

Re-roof high roof and adjacent equipment room (middle roof). Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$510,000
Project Total	\$510,000

WPA Perimeter Fence & Gates - Wiley Post Airport (Ward 1)

Purchase and installation of a new perimeter fence & gates around the entire airport. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$100,000
Oklahoma City Airport Trust	\$0
Project Total	\$100,000

WPA Reconstruct A-5 - Wiley Post Airport (Ward 1)

Reconstruction of taxi lane A-5 East of Taxiway B to withstand 100,000 number of aircraft. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,500,000
Project Total	\$1,500,000

WPA Rehabilitate Term Apron - Wiley Post Airport (Ward 1)

Routine pavement maintenance is required to extend useful life. Previous projects addressed the asphalt portion. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$100,000
Oklahoma City Airport Trust	\$250,000
Project Total	\$350,000

WPA TW B PAVEMENT REHAB - Wiley Post Airport (Ward 1)

Reconstruct, rehabilitate, clean and seal PCC joints and cracks on Taxiway B. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$0
Oklahoma City Airport Trust	\$200,000
Project Total	\$200,000

WPA Widen Rway 17R/35L to 100' - Wiley Post Airport (Ward 1)

Widen Runway 17R/35L from 75' to 100' and reconstruct asphalt section of runways. Install new lights in cans previously installed. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$6,953,000
Project Total	\$6,953,000

WRWA AAR Multi Hangar Painting - Will Rogers World Airport (Ward 3)

Repainting of AAR Hangars, excluding Hangar 4. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$200,000
Project Total	\$200,000

WRWA AAR New 3-Bay Hangar - Will Rogers World Airport (Ward 3)

AAR received funding from the State of Oklahoma to design and construct a new 3-Bay Aircraft Hangar at Will Rogers World Airport. The new hangar will be located north of the existing Hangar 3B. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$9,584,000
Project Total	\$9,584,000

WRWA AAR Ramp Pavement Rehab-I - Will Rogers World Airport (Ward 3)

The AAR ramp is located to the east of the northern end of Taxiway A and is approximately 3,000 feet long by 300 ft. wide. Due to the size of the apron, the rehabilitation is split into 2 phases. Phase I consists of approximately 1,500 ft. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$4,140,000
Project Total	\$4,140,000

WRWA Airports Proc Impv Implem - Will Rogers World Airport (Ward 3)

The Airports process improvement implementation will apply the solutions recommended in the study to automate and streamline business processes. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

WRWA COMMON USE GATES AND TICKET COUNTERS - Will Rogers World Airport (Ward 3)

Professional services and construction for podiums and display cabinets at Gates 20, 22, 24 & 32. In addition add two ticket counters in Area 729 of the non-secure area. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$368,000
Project Total	\$368,000

WRWA Common Use System - Will Rogers World Airport (Ward 3)

WRWA Common Use system to allow airlines the joint-use of Gate 32 for international flights, as well other Airport/unassigned gates and ticket counters. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$400,000
Project Total	\$400,000

WRWA Conrac Canopy Fabric Repl - Will Rogers World Airport (Ward 3)

Replace 25-30% per year of Lot 3 Canopy Fabric as needed. Estimated annual operating cost is \$0.

	FY26 Cost
PAX\Customer Facility Charges	\$500,000
Project Total	\$500,000

WRWA Equipment Capital - Will Rogers World Airport (Ward 3)

WRWA Equipment Capital Bucket. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$750,000
Project Total	\$750,000

WRWA FIDS AND ENGAGE IMPROVE - Will Rogers World Airport (Ward 3)

Flight information display system (FIDS) and Engage hardware replacement of aging Legacy hardware and software. Estimated annual operating cost is \$40,000.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

WRWA Fuel Facility Comm - Will Rogers World Airport (Ward 3)

Upgrade all Fuel Facility components (microloads, PLC) required to communicate over Ethernet (reference project # A1180013). Currently, everything is serial and not reliable. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$150,000
Project Total	\$150,000

WRWA Garage B & C Repairs - Will Rogers World Airport (Ward 3)

Garage B and C review/repair waterproofing and structural repairs. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$1,000,000
Project Total	\$1,000,000

WRWA Hldrm Seating &Elect Upg - Will Rogers World Airport (Ward 3)

Design holdroom seating layouts, add and upgrade additional holdroom floor electrical outlets, replace aging seating. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$3,431,000
Project Total	\$3,431,000

WRWA Lariat Landing Dev-Phse 1 - Will Rogers World Airport (Ward 3)

This plan outlined the implementation of certain infrastructure to provide road access and utilities to the Phase 1 development area. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$600,000
Project Total	\$600,000

WRWA Lariat Landing Hangar Development - Will Rogers World Airport (Ward 3)

Eastside Hangar Development. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$20,000,000
Project Total	\$20,000,000

WRWA Lot 3 Rehab - Will Rogers World Airport (Ward 3)

Crack and base repair of Surface Parking Lot 3. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$90,000
Project Total	\$90,000

WRWA Masterplan Update - Will Rogers World Airport (Ward 3)

The existing master plan was approved in 2010. This project will be to perform a complete master plan update for Will Rogers World Airport. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$227,000
Oklahoma City Airport Trust	\$23,000
Project Total	\$250,000

WRWA Mechanical Improvements - Will Rogers World Airport (Ward 3)

Emergency repairs. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$100,000
Project Total	\$100,000

WRWA Network Infra Refresh - Will Rogers World Airport (Ward 3)

Terminal communication infrastructure refresh including replacement and improvements to comm room equipment and wiring throughout the terminal building to improve reliability and security for Airport and tenant systems. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

WRWA Parcs System Refresh - Will Rogers World Airport (Ward 3)

WRWA Parking Access and Revenue Control System (PARCS) system refresh. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

WRWA Parking Garage & MEP Eval - Will Rogers World Airport (Ward 3)

Analysis and engineering for painting of all Parking Garages B and C. Evaluation of Parking Garages and Pedestrian Tunnel MEP Systems. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$2,818,000
Project Total	\$2,818,000

WRWA PARKING GARAGE D - Will Rogers World Airport (Ward 3)

Design and construction for a new five story parking Garage D to be located just north of the existing five story Garage C. Prepare preliminary and final design documents for the bidding and construction of the new garage. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$7,252,000
Project Total	\$7,252,000

WRWA Passenger Bridge Upgrade - Will Rogers World Airport (Ward 3)

Paint, wall panels, flooring, replace major components with modernized upgrades. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$8,511,000
Oklahoma City Airport Trust	\$462,000
Project Total	\$8,973,000

WRWA Pavement Replace Rehab - Will Rogers World Airport (Ward 3)

Funding for unexpected pavement repair or replacement project. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$500,000
Project Total	\$500,000

WRWA Pedestrian Access East - Will Rogers World Airport (Ward 3)

This project enhances pedestrian safety and accessibility by creating a defined pathway between the sidewalk and parking lot on Terminal Drive's East side for airport employees and tenants. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$150,000
Project Total	\$150,000

WRWA Pedestrian Access West - Will Rogers World Airport (Ward 3)

This project enhances pedestrian safety and accessibility by creating a defined pathway between the sidewalk and parking lot on Terminal Drive's West side for airport employees and tenants. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$150,000
Project Total	\$150,000

WRWA Plaza and Canopy Refresh - Will Rogers World Airport (Ward 3)

The canopy's on the upper level and in the plaza need painted, lighting redone, bird proofed, trash cans, seating and new column covers. Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$1,000,000
Project Total	\$1,000,000

WRWA Ramp Cupping Plow - Will Rogers World Airport (Ward 3)

Purchase Cupping Plow to clear ramps. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$139,000
Project Total	\$139,000

WRWA Reconstr Rw 17R-35L North - Will Rogers World Airport (Ward 3)

Evaluate & design for the rehab of concrete pavement, lights and shoulders on runway 17R/35L. The north 1,000 feet requires full reconstruction. The work will include all connecting taxiways to a distance beyond the runway safety area on each connecting taxiway. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$2,665,000
Oklahoma City Airport Trust	\$1,074,000
Project Total	\$3,739,000

WRWA Reconstr Terminal Apron So - Will Rogers World Airport (Ward 3)

Reconstruction of the terminal apron. Several areas of pavement are over 40 years old and showing signs of distress in the form of cracking, spalling, and surface delamination. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$6,609,000
Oklahoma City Airport Trust	\$405,000
Project Total	\$7,014,000

WRWA Rehab Runway 17R/35L Pave - Will Rogers World Airport (Ward 3)

Reconstruct the center 50 feet (25 feet on each side of the centerline) of Runway 35L/17R. Rehabilitation will include runway shoulders and runway centerline lights. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$0
Oklahoma City Airport Trust	\$400,000
Project Total	\$400,000

WRWA Snow & Mowing Equip Store - Will Rogers World Airport (Ward 3)

Construct building to store snow equipment in the summer and mowing equipment in the winter. Estimated annual operating cost is \$10,000.

	FY26 Cost
Oklahoma City Airport Trust	\$300,000
Project Total	\$300,000

WRWA Term Build Flooring Repl - Will Rogers World Airport (Ward 3)

WRWA Replacement of porcelain tile flooring with terrazzo flooring. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$3,208,000
Oklahoma City Airport Trust	\$0
Project Total	\$3,208,000

WRWA Terminal Access Road - Will Rogers World Airport (Ward 3)

Rehabilitate the terminal entrance and exit road along with adjacent intersecting roads. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$1,951,000
Oklahoma City Airport Trust	\$500,000
Project Total	\$2,451,000

WRWA TERMINAL AREA MASTER PLAN - Will Rogers World Airport (Ward 3)

The Master Plan will provide a planning tool to correct landside traffic issues and provide a roadmap for future development in the terminal area in-line with forecasted airport growth projections and a related approved and phased development plan. Estimated annual operating cost is \$0.

	FY26 Cost
Oklahoma City Airport Trust	\$200,000
Project Total	\$200,000

WRWA Terminal Restrooms Renova - Will Rogers World Airport (Ward 3)

Update the access and finishes to all level 1 , level 2 and mezzanine restrooms in the main terminal area and west concourse. The upgrades will include bringing the restrooms up to the current ADA code requirements. Estimated annual operating cost is \$0.

	FY26 Cost
Other Grants	\$1,532,000
Oklahoma City Airport Trust	\$0
Project Total	\$1,532,000

AIRPORTS FY26 TOTAL**\$162,521,000**

BOND-LIBRARIES

Downtown Library - 300 Park Avenue (Ward 6)

Expansion, renovation, remodeling, and repair. In addition, potential site preparation, infrastructure, appurtenances, roadways, parking, equipment, furniture and technology improvements. Estimated annual operating cost is \$0.

	FY26 Cost
2017 G.O. Bonds	\$3,180,000
Project Total	\$3,180,000

Libraries CNTRL_ULSTA - To be determined. (N/A)

Libraries Unlisted Control Account. Estimated annual operating cost is \$0.

	FY26 Cost
2017 G.O. Bonds	\$450,000
Project Total	\$450,000

BOND-LIBRARIES FY26 TOTAL

\$3,630,000

CITY CLERK

Centralized Records Facility - 19 N. Klein Avenue (Ward 6)

Acquisition, expansion, improvement, rehabilitation, repair, construction, equip and furnish the City's Centralized Records Facility. Estimated annual operating cost is \$250,000.

	FY26 Cost
2017 G.O. Bonds	\$3,200,000
Project Total	\$3,200,000

Network Improvements - 200 N. Walker Ave. (Ward 6)

Improvements and modifications related to network equipment maintained by City Clerk. Estimated annual operating cost is \$0.

	FY26 Cost
Capital Improvement Fund	\$74,000
Project Total	\$74,000

CITY CLERK FY26 TOTAL

\$3,274,000

CITY MANAGER

AE-0002 - Paycom Arena-OKC Arena - 100 W Reno Ave (Ward 6)

Public Works - CIP. AE-0002 - Oklahoma City Arena - CMAR Agreement. Estimated annual operating cost is \$0.

Project Total	\$87,186

I-44, Reno, May, NW 10 - Area bound by I-44, W Reno, N May, and NW 10th St (Ward 6)

Resurfacing, repair, rehabilitation or improvement of the streets in areas bounded by listed streets which may include AE, signals, signs, markings, devices, conduit, lighting, drainage, intersection improvements, ROW, utilities, or sidewalks. Estimated annual operating cost is \$0.

	FY26 Cost
2017 G.O. Bonds	\$81,666
Project Total	\$81,666

Impact: Mustang Rd & I-40 - Mustang road & I-40 Interchange. (Ward 3)

Traffic Impact Project Benefits N-1 - Mustang road & I-40 Interchange - Provide N bound continuous right-turn lane at I-40 E bound on-ramp, additional lane on I-40 E bound collector-distributor, additional W bound left-turn lane on I-40 W bound off-ramp. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$738,735
Project Total	\$738,735

Impact: NW 27th & N Portland - NW 27th Street & N Portland Avenue. (Ward 2)

Impact Project – Benefit Area: I-2 – NW 27th Street & N Portland Avenue – Install Signal. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$90,064
Project Total	\$90,064

Impact: I-240 & Sooner Road - I-240 & S Sooner Road. (Ward 4)

Impact Project – Benefit Area: I-240 & Sooner Road – Construct a southbound right turn lane at the intersection of I-240 westbound on/offramp at S Sooner Road. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$242,149
Project Total	\$242,149

Impact: I-40 & S Anderson Rd - I-40 & S Anderson Road. (Ward 4)

Impact Project – Benefit Area: R-2 – I-40 & S Anderson Road – 1. Install traffic signal at the north interchange, 2. Add an east bound right turn lane to the south interchange. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$528,776
Project Total	\$528,776

Impact: N Santa Fe & NW 150th - N Santa Fe Avenue & NW 150th Street. (Ward 7)

Impact Project- Benefit Area:N-5 –N Santa Fe & NW 150th – 1. Intersection widening/modifications to provide right-turn lanes on EB&WB approaches & longer left-turn lanes on all four approaches, 2. Crosswalk, sidewalk ramp, & traffic signal modifications. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$2,202,938
Project Total	\$2,202,938

Impact: NW 164th & N MacArthur - NW 164th Street and N MacArthur Boulevard. (Ward 8)

Traffic Impact Project - Benefit Area: N-6 --- NW 164th Street and N MacArthur Boulevard - Construct northbound right turn and install traffic signal. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$725,000
Project Total	\$725,000

Impact: NW 23rd & NW Grand Blv - NW 23rd Street & NW Grand Boulevard. (Ward 2)

Impact Project – Benefit Area: I-2 – NW 23rd Street & NW Grand Boulevard – 1. Construct southbound turn lane, 2. Construct southbound right turn. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$270,000
Project Total	\$270,000

Impact: NW 39th Exprswy &Tulsa - NW 39th Expressway & Tulsa Avenue. (Ward 2)

Impact Project – Benefit Area: I-1 – NW 39th Expressway & Tulsa Avenue – Construct southbound right turn bay 150'. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$266,687
Project Total	\$266,687

Impact: NW Exprswy & N Morgan - NW Expressway & N Morgan Road. (Ward 1)

Impact Project – Benefit Area: R-4 – NW Expressway & N Morgan Road – 1. Construct westbound right turn, 2. Construct eastbound right turn, 3. Convert eastbound and westbound left turn to flashing yellow arrows. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$179,197
Project Total	\$179,197

Impact: NW Expswy/Lake Hefner - NW Expressway & Lake Hefner Parkway. (Ward 2)

Impact Project – Benefit Area: C-1 – NW Expressway & Lake Hefner Parkway – 1. Implement dual right turn lanes and additional lane on channelized northbound right turn approach, 2. Add a westbound right turn lane. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$1,474,687
Project Total	\$1,474,687

Impact: NW Expwy & W Hefner Rd - NW Expressway and W Hefner Road. (Ward 1)

Traffic Impact Project - Benefit Area: N-6 --- NW Expressway and West Hefner Road - Construct eastbound right turn, construct northbound right turn, and convert eastbound and westbound to flashing yellow arrow left turn. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$643,435
Project Total	\$643,435

Impact: NW Expy & Council Road - NW Expressway and Council Road. (Ward 1)

Traffic Impact Project - Benefit Area: N-6 --- NW Expressway and Council Road - Construct eastbound right turn and construct westbound right turn. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$811,536
Project Total	\$811,536

Impact: SW 29th west of Morgan - SW 29th west of Morgan Road. (Ward 3)

Traffic Impact Project - Benefit Area: N-1 --- SW 29th west of Morgan Road - Widen to four (4) travel lanes for approximately 1,000 feet. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$324,842
Project Total	\$324,842

Impact: SW 54th & S Portland - SW 54th Street & S Portland Avenue. (Ward 3)

Impact Project – Benefit Area: N-2 – SW 54th Street & S Portland Avenue – 1. Add eastbound and westbound right turn lanes on SW 54th Street, 2. Add dual southbound left turn lanes on S Portland Avenue. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$1,430,000
Project Total	\$1,430,000

Impact: W Memorial Rd & N May - W Memorial Road & N May Avenue. (Ward 8)

Impact Project – Benefit Area: I-1 – W Memorial Road & N May Avenue, Westbound – 1. Construct southbound right turn bay 150' on W Memorial Road, 2. Construct southbound right turn bay 150' on N May Avenue. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$619,392
Project Total	\$619,392

Impact: Wilshire & N Council - W. Wilshire Boulevard and N. Council Road. (Ward 1)

Traffic Impact Project - Benefit Area: N-6 --- West Wilshire Boulevard and North Council Road - Construct eastbound right turn and northbound right turn. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$560,226
Project Total	\$560,226

Impact: NW Expsrwy & N Indepenc - NW Expressway & N Independence Ave. (Ward 2)

Traffic Impact Project- Benefit Area C-1 – NW Expsrwy & N Independence Ave–1. Extend right turn along NW Expsrwy to N Independence Ave, E of ramp @ Hefner Prkwy, 2. Add SB left turn on N Independence Ave & restripe approach to left/through/right lanes. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$398,020
Project Total	\$398,020

Impact: NW Expy & N County Line - NW Expressway and N County Line Road. (Ward 1)

Traffic Impact Project - Benefit Area: N-6 --- NW Expressway and N County Line Road - Construct southbound turn lane, construct northbound left turn, and convert eastbound and westbound arrow left turn. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$1,873,622
Project Total	\$1,873,622

Impact: SW 44th West of Council - SW 44th Street West of Council Road. (Ward 3)

Traffic Impact Project - Benefit Area: N-1 --- SW 44th Street West of Council Road - Provide westbound right-turn auxiliary lane along Western Heights Public Schools campus. Estimated annual operating cost is \$0.

	FY26 Cost
Development Impact Fees	\$1,442,429
Project Total	\$1,442,429

Indiana/Linwood Bike Lanes - N Indiana Avenue from NW 19th Street to Linwood Boulevard.; Linwood Boulevard from N Indiana Avenue to N Shartel Avenue (Ward 6)

Tier 1, Tier 2, and Tier 3 bike facilities project for the Better Streets Safer Sales Tax Program. Estimated annual operating cost is \$0.

	FY26 Cost
Better Streets Safer City Tax	\$3,181,111
Project Total	\$3,181,111

Kelley_MLK_NE 36 _NE 50 - Area bound by Kelley Ave, MLK, NE 36th St, and NE 50th St (Ward 7)

Resurfacing, repair, rehabilitation or improvement of the streets in areas bounded by listed streets which may include AE, signals, signs, markings, devices, conduit, lighting, drainage, intersection improvements, ROW, utilities, or sidewalks. Estimated annual operating cost is \$0.

OVERVIEW OF BONDS AND DEBT SERVICE

Major capital improvements such as streets, drainage, facilities, and major equipment are often financed by bonds. This funding mechanism allows payment for infrastructure improvements to be made over multiple years, usually over the life of the improvement.

General Obligation Bonds (GO Bonds) are approved by the voters at a special election called for that purpose.

Each year, the City repays a portion of the remaining principal on GO Bonds it has issued, along with interest on the remaining balance. Together these payments are called Debt Service. The ad valorem property tax is the primary revenue source used for repaying GO Bonds. The Debt Service Fund is totally independent of the City's operating funds and because of this independence, debt service costs do not affect current or future operations.

State law does not place a cap on the amount of debt the City can incur through our General Obligation Unlimited Tax (GOULT) Bond program. However, our General Obligation Limited Tax (GOLT) Bond program is subject to an annual ad valorem property tax limit of 5 mills. Revenue bonds for water, sewer, airport and parking projects, backed by user fees, have been issued by various trusts established by the City. The City is the legal beneficiary of these trusts.

General Obligation Bonds are backed by the full faith and credit of the City, meaning the City must levy sufficient ad valorem property taxes to pay the annual principal and interest payments. By State law, the City may only use ad valorem property taxes to retire our general obligation bonds and pay judgements levied against the City. The City has a policy of keeping the ad valorem property tax rate at or near a ten-year rolling average of 16 mills.

The Debt Service budget is adopted and filed with the County Excise Board, which establishes property tax rates once the results from the previous year are finalized. The City's adopted budget will be amended during the fiscal year to address any differences that exist between the adopted budget and the final budget approved by the County Excise Board.

The City has retired approximately \$79.7 million in General Obligation bonded debt and has issued \$160 million in FY25, which will leave the total General Obligation Bond indebtedness at the end of FY25 at approximately \$1.192 billion. This equates to \$1,623 per capita estimated for FY25 compared to \$1,599 per capita at the end of FY24.

Since 2009, Standard & Poor's Global Ratings have rated Oklahoma City's General Obligation debt at the highest level (AAA). Since 2011, Moody's Investors Service have rated the City's General Obligation debt at their highest rating (Aaa).

Oklahoma City's expanding economic base, ongoing downtown redevelopment, conservative financial management, and moderate debt contributed to the City's high rating. This high rating means lower interest rates enabling the City to spend a larger portion of the funds on major capital projects.

AAA

The City of Oklahoma City's General Obligation bonds are rated "AAA" by Standard & Poor's and "Aaa" by Moody's Investor Service, the highest rating available.

DEBT SERVICE BUDGET

	Actual FY24	Adopted FY25	Proposed FY26
Revenues			
Ad Valorem (Property Tax)	\$119,082,395	\$94,519,311	\$107,992,854
Interest	3,678,720	2,000,000	3,900,000
Other	8,668,090	8,000,000	9,000,000
Fund Balance	0	45,000,000	40,000,000

Ending Fund Balance	\$149,249,169	\$129,169,348 *	\$101,280,004 **

* Estimated.

** Assumes budgeted revenues and expenditures.

REMAINING BOND AUTHORIZATION ISSUANCE PLAN

NOTE: This information includes debt service for bonds anticipated to be issued.

NOTE: This information includes tax rates for anticipated bond issues. Although there is no limit in Oklahoma State Law, the Mayor and City Council of Oklahoma City follow an informal policy of keeping the mill levy/ad valorem tax rate at or near \$16 per \$1,000 dollars of net assessed value.

OVERVIEW OF BUDGET GUIDELINES AND CONTROL

THE BUDGET GUIDELINES AND CONTROL SECTION DESCRIBES OKLAHOMA CITY'S FINANCIAL PLANNING AND BUDGETING PRACTICES, INCLUDING STATE LAWS THAT AFFECT BUDGETING, HOW THE BUDGET MAY CHANGE DURING THE FISCAL YEAR, AND THE MAJOR FINANCIAL POLICIES AND PRACTICES OF THE CITY.

LEGISLATIVE REQUIREMENTS

OKLAHOMA STATE LAW ALLOWS FOR TWO METHODS OF BUDGETING. THE CITY OF OKLAHOMA CITY HAS CHOSEN THE FUND AND DEPARTMENT METHOD AND THESE ARE THE REQUIREMENTS:

1. A budget that discloses the complete financial position and condition of the City must be prepared and submitted to the Mayor and City Council at least thirty days prior to the beginning of the fiscal year.
2. The budget must contain a summary, a message from the City Manager and a description of important budget features. Actual revenues and expenditures for the immediate prior fiscal year must be included along with the budgeted revenues and expenditures for the current year and estimated revenues and expenditures for the upcoming fiscal year.
3. The estimate of revenues and expenditures must be accounted for by fund and account. The budget of expenditures for each fund may not exceed the estimated revenues. No more than 10 percent of the total budget for any fund may be budgeted for miscellaneous purposes (e.g., contingencies and reserves).
4. No later than fifteen days prior to the beginning of the budget year, the Council must hold a public hearing on the proposed budget. The date, time and place of the hearing, along with a summary of the budget, must be published in a newspaper of general circulation no less than five days before the hearing. The proposed budget is available to the public at this time.
5. After the hearing and at least seven days prior to the beginning of the budget year, Council must adopt the budget.
6. The adopted budget must be filed with the State Auditor and Inspector and the City Clerk. The adopted budget becomes effective on the first day of the fiscal year.
7. No expenditures or encumbrances may exceed 90 percent of the appropriation for any fund until revenues, including the prior fiscal year's fund balance, in an amount equal to at least 90 percent of the appropriation for the fund are collected.
8. General obligation operating debt and deficit spending are prohibited. Oklahoma City's debt service requirements are, therefore, budgeted in a Debt Service Fund. Revenue bonds may be issued by Trusts and Authorities, while voter approved general obligation bond issues may be used to finance specific capital projects.
9. The Municipal Budget Act also allows cities to transfer funds between departments and/or between expenditure categories (i.e., Capital Outlay to Personal Services, Supplies to Capital Outlay, etc.). Since these transfers represent a deviation from the adopted budget, the City Manager reports these transfers to the City Council as an informational item. This practice keeps the governing body informed of necessary operational changes as the adopted budget is implemented.
10. Trusts that have been created to benefit the City are required to submit budgets, financial reports and related materials to the Mayor and City Council.

LEVELS OF BUDGETARY CONTROL

THE BUDGET IS ADOPTED BY THE MAYOR AND CITY COUNCIL BY FUND, DEPARTMENT AND EXPENDITURE CLASSIFICATION.

The following are the definitions for each classification:

Personal Services are the costs of personnel, such as compensating City employees for salaries, wages, and employee benefits (social security, retirement, and insurance), the cost of health insurance for retired employees, and other personnel related costs such as uniform allowance.

Other Services and Charges are for expenditures for services (e.g., advertising, repairs, postage), contractual arrangements, and any other expenditures that are not applicable to the other classifications.

Supplies and Materials are items used to provide City services such as fuel, parts, and office supplies.

Capital Outlay is the purchase, construction or improvement of machinery and equipment, furniture, land, buildings, and similar assets. Capital outlay items have a useful life of over one year and a cost of \$50,000 or more. Definitions differ for grant and certain special revenue funds.

Transfers are payments to other funds or trusts related to the City. Some transfers are general fund subsidies to other City funds.

Debt Service is the payment of principal and interest on bonds that financed the purchase or construction of City facilities such as roads, buildings, and water supply systems.

Actual expenditures are charged to more detailed accounts. For example, the supplies and materials classification contains distinct object accounts for fuel, office supplies, computer supplies and other commodities.

Departments have the flexibility to shift funds between accounts within the same classification (e.g., from the fuel account to the office supplies account) or between organizational divisions in the same classification (e.g., from the Fire Department/ Administration Division's personal service classification to the Fire Department / Fire Suppression Division's personal service classification).

A department cannot exceed the adopted budget for any classification without either a budget amendment or an appropriately approved budget transfer.

Budget Transfers

Transfers are more common than budget amendments and must be approved by the department (or, if funds are transferred from one department to another, by both departments), the Office of Management and Budget, the Finance Director, and in some cases, the City Manager. Transfers are reported quarterly to the Mayor and City Council for informational purposes.

Budget Amendments

The Oklahoma Municipal Budget Act permits the City Council to amend the City's annual adopted budget. The budget may be amended for supplemental appropriations up to the amount of any additional revenues that are available due to:

1. Revenues received from unanticipated sources;
2. Revenues from anticipated sources in excess of unbudgeted estimates; or
3. Unanticipated, unencumbered cash balances on hand at the end of the previous fiscal year in excess of budgeted estimates.

The Oklahoma Municipal Budget Act also allows the City Council to take action, as it deems necessary, to amend the budget if it appears that projected revenues will be insufficient to meet appropriations.

The budget amendment must be adopted at a City Council meeting and filed with the City Clerk and the State Auditor and Inspector. In the event of a budget amendment, Oklahoma City incorporates the same public notice and public hearing practices used in the adoption of the original budget.

ACCOUNTING BASIS

THE CITY OF OKLAHOMA CITY'S BUDGET IS BEST CHARACTERIZED AS BEING DEVELOPED ON A MODIFIED CASH AND EXPENDITURES/ENCUMBRANCES BASIS.

The operating budget is an estimate of revenues and expenditures for one fiscal year. Only revenues expected to be received in cash during the year or soon thereafter are included in revenue estimates, as well as any fund balance that will be used for one-time expenditures during the coming year. Only amounts that will be spent or encumbered (under contract) by the end of the fiscal year are budgeted as expenditures. This is in conformance with the Oklahoma Municipal Budget Act that does not allow the City to incur operating fund obligations for more than one fiscal year.

Annual financial reports are prepared under the modified accrual and accrual basis of accounting, as required by Generally Accepted Accounting Principles (GAAP). The annual financial report also compares actual revenues and expenditures on the budgetary basis to the budget so that budget performance can be measured.

The City of Oklahoma City's budgetary basis of accounting differs from the basis of accounting required by GAAP for preparing the City's Annual Comprehensive Financial Report (ACFR). The major differences between the budgetary basis of accounting and the basis of accounting required by GAAP are listed in the following paragraphs. A reconciliation of the budgetary basis and GAAP basis fund balances is provided each year in the ACFR.

1. For budgetary purposes, only revenues expected to be received in cash during the year or soon thereafter are included in revenue estimates along with unreserved fund balance expected to be used during the coming year. For GAAP purposes, governmental fund type revenues are recognized when they are both "measurable and available" according to the modified accrual basis of accounting. Proprietary fund type revenues are recognized when earned according to the accrual basis of accounting.
2. For budgetary purposes, only amounts that will be spent or encumbered (under contract) by the end of the fiscal year are budgeted as expenditures. For GAAP purposes, governmental and proprietary fund type expenditures are recorded when incurred according to the modified accrual and accrual basis of accounting. Encumbered amounts are commonly treated as expenditures for budgetary purposes, while encumbrances are never treated as expenditures for GAAP purposes.
3. Transactions, such as transfers, classified as "other financing sources (or uses)" in the ACFR for GAAP purposes are classified as revenues and expenditures for budgetary purposes.
4. All City public trust revenues and expenses are incorporated for GAAP purposes but only included in budgetary revenues and expenses to the extent that transfers are budgeted from or to a City fund by the public trust.

OVERVIEW OF FINANCIAL POLICIES AND PRACTICES

THIS SECTION DESCRIBES THE MAJOR POLICIES AND PRACTICES THAT GUIDE OKLAHOMA CITY'S FINANCIAL PLANNING AND MANAGEMENT. POLICIES ARE SHAPED BY STATE LAW AND ESTABLISHED BY THE MAYOR AND CITY COUNCIL. PRACTICES ARE DETERMINED BY CITY MANAGEMENT AND, WHILE OFTEN RATIFIED BY THE MAYOR AND CITY COUNCIL IN ANNUAL BUDGETING AND OTHER MAJOR DECISIONS, HAVE NOT BEEN ADOPTED AS POLICIES.

The financial policies and practices described in this section address:

**Budgeting and Financial
Planning**

Capital Planning

Revenue

Investments

Debt Management

Procurement

Accounting and Auditing

BUDGETING AND FINANCIAL PLANNING POLICIES

A RESOLUTION ADOPTING UPDATED BUDGETING AND FINANCIAL PLANNING POLICIES, ADOPTED BY THE CITY COUNCIL AUGUST 27, 2024, REQUIRES THAT THE CITY MANAGER PREPARE AND SUBMIT THE PROPOSED BUDGET IN ACCORDANCE WITH THE FOLLOWING POLICIES. A STATEMENT OF COMPLIANCE AND TABLE CAN BE FOUND ON PAGES F20-F21.

1. **Balanced Budget.** Under Title 11, Oklahoma Statutes, Section 17-206, the budget of expenditures for a fund may not exceed the estimated revenues, including budgeted fund balance, for the fund.
2. **Municipal Budget Act.** The City of Oklahoma City originally chose to begin using and complying with the Municipal Budget Act (Title 11, Sections 17-201 through 17-218) on December 18, 1979 (Item VIII. B.) for its budget process. The City will continue to follow the provisions and requirements of the Municipal Budget Act in its annual budgeting process.
3. **Borrowing for Operations.** The City is prohibited, per the Oklahoma Constitution, from borrowing money from any City operations, capital expenditures or otherwise, in the absence of voter approval.
4. **Fund Balance.** Fund Balance should not be budgeted as revenue to support ongoing operations in the annual budget. Fund Balance may be budgeted to fund one-time expenditures. Fund balance may be drawn upon for cash flow needs and may be used as revenue without amending the budget if other revenue sources in total fall short of the estimate used in the adopted budget.
5. **Reserves.** To provide cash flow, meet unexpected needs, and minimize the disruption caused by decreases in revenues over the course of a fiscal year, City operating funds should maintain two types of reserves: contingency and operating reserve.
 - a. **Contingency.** Each City fund should include an appropriation adequate to fund a contingency account of a targeted amount of 2% of the fund's budgeted expenditures. As needs arise, appropriations may be transferred from the contingency account within legal and procedural limitations on transfers. The Municipal Budget Act specifies that no more than 10% of the total budget may be budgeted for miscellaneous purposes. This account would count as a miscellaneous purpose under the Municipal Budget Act because what it will be used for cannot be known.
 - b. **Operating Reserve.** Operating reserve is the fund balance carried forward into the next fiscal year that is not budgeted. Each City fund will maintain an operating reserve, although the requirements for operating reserve differ depending on the type of fund.
 - i. **General Fund:** The General Fund shall maintain operating reserves at the beginning of each fiscal year in the amount of no less than 17% and no more than 22% of the total General Fund budget for that fiscal year. This equates to maintaining approximately 2-3 months of expenditures in operating reserves. The Government Finance Officers Association (GFOA) recommends a minimum of two months' worth of operating revenues or expenditures be maintained in operating reserve. General Fund operating reserves should be counter-cyclical; reserve requirements are higher when the financial condition of the City is better so that operating reserves may be drawn down should the financial condition worsen. If the operating reserve falls outside of the 17%-22% range, the City Manager will recommend appropriate action to address the situation. Should operating reserves fall below the minimum level, it will be the goal of the City to restore the operating reserve to the minimum level within two years. Should the operating reserve exceed the recommended maximum level, the City Manager may recommend that the excess be transferred to a capital maintenance reserve (see Section 5(c) "Capital Maintenance Reserve" below).

BUDGETING AND FINANCIAL PLANNING POLICIES

- ii. **Other Funds.** Any fund that supports personnel or other ongoing operating expenditures shall maintain operating reserves at a target level of at least 10% of the total budgeted expenditures of the fund for the ensuing fiscal year. For the purposes of this section, “budgeted expenditures” means total budgeted expenditures and budgeted transfers to other funds for the ensuing fiscal year for a fund. City enterprise funds that are fully supported by a trust of the City, such as the Oklahoma City Water Utilities Trust or the Oklahoma City Airports Trust, are excepted from this operating reserve requirement. Funds fully supported by a trust will follow the trust policy for operating reserve requirements.
 - c. **Capital Maintenance Reserve.** City facilities require regular capital maintenance to extend the life of the facility and to keep them functioning effectively. To ensure that City facilities are well maintained, a new Capital Maintenance Reserve Fund will be established. The fund shall be dedicated to the maintenance of City facilities, and the primary source of revenue in the fund shall be contributions from the General Fund when the operating reserve level in the General Fund exceeds the high end of the range, and the City Manager recommends a contribution be made to the Capital Maintenance Reserve Fund. Should the General Fund’s operating reserve fall below 17%, the City Manager may recommend funds be transferred from the Capital Maintenance Reserve to the General Fund for liquidity purposes and bring the operating reserve back to the minimum levels recommended in this policy.
 - d. **Reporting requirements.** The City Manager shall notify the Mayor and Council of reserve and contingency levels for all funds in the proposed budget.
6. **Performance-based Budget.** The City Manager shall develop and present a budget that includes meaningful measures of the performance of City government in meeting its various service demands. Such measures should be tied to individual programs, address specific services or functions, and should measure the effectiveness and efficiency of services delivered rather than only the workload generated. Historical performance measures data and performance targets for the coming fiscal year shall be transmitted to the Mayor and City Council along with the proposed budget. The same information should be published in the Annual Budget Book. The City Manager shall consider the validity of the measures and the ability of departments to meet the expected level of performance in allocating funds in the proposed budget.
7. **Scope of Budget.** The annual budget shall estimate revenues and make appropriations for spending on all City, State, and federal funds estimated to be available to the City during the fiscal year.
- a. Several funds within the budget have differing controls over them than the adopted budget. These are Grant Funds, the Debt Service Fund, and the Bond Fund. While appropriations for these funds are contained in the annual budget, they are controlled by different sources than the annual budget.
 - i. The annual budget will contain an estimate of revenues and expenditures in the federal, state, and private grant funds; however, the control of those funds is at the individual grant level, not at the broader fund level.
 - ii. The Debt Service Fund, also referred to as the Sinking Fund, will be included in the annual budget; however, the County Excise Board approves the final Debt Service budget. The Finance Department will amend the annual budget to bring it in line with the final budget approved by the County Excise Boards for the counties in which Oklahoma City is located; however, it is the annual budget and State law, under Title 11, Section 17-207, which governs the Debt Service Fund budget.
 - b. **Trust Budgets.** All trusts for which the City is the beneficiary must submit their annual budget to the City Council to be received by Council, so they are aware of the financial activity in those trusts.

BUDGETING AND FINANCIAL PLANNING POLICIES

8. **Annual Budget Book.** In addition to the annual budget adopted by the City Council, the City shall make available an Annual Budget Book on the City's website. This book shall include such information as may be useful to residents, including information on programs, performance, and staffing levels.
9. **Appropriations for Fiscal Year.**
 - a. **Level of control.** The annual budget shall be filed with the State Auditor and Inspector as required by Title 11 Oklahoma Statutes, Section 17-209, to the level of specificity required by Title 11 Oklahoma Statutes, Section 17-213. The annual budget shall make appropriations specific to the fund, department, and general character of expenditure. Funds may be encumbered in accordance with Title 62 Oklahoma Statutes, Section 310.2 and the City Charter and Code, provided that the unencumbered, unexpended balance of the appropriation as a whole is not exceeded.
 - b. **Transfers.** The Oklahoma Municipal Budget Act (Oklahoma Statutes Title 11, section 17-201 et. seq) provides for certain transfers of unexpended and unencumbered appropriations by the chief executive officer or designee as authorized by the governing body. To streamline the process and decrease delays in processing, the following procedure is put in place:
 - i. The City Manager may authorize transfers of any unexpended and unencumbered appropriation or any portion thereof from one account class (categories of budget as described in the Municipal Budget Act) to another within the same department or from one department to another within the same fund (except that no appropriation for debt service or other appropriation required by law or ordinance may be reduced below the minimum required).
 - ii. The City Manager may designate the Assistant City Managers to authorize transfers.
 - iii. Assistant City Managers shall authorize transfers between departments within the same fund.
 - iv. The Budget Analysts shall authorize transfers between account classes within any department within the same fund except those involving Personnel Accounts (51). The Budget Director shall authorize transfers involving Personnel accounts.
 - v. The City Manager shall authorize all transfers involving Non-Departmental contingency. The Budget Director shall authorize transfers involving Non-Departmental accounts that are not contingency.
 - vi. The City Manager will inform the Council of all transfer adjustments to the budget through City Manager reports or Council items.
 - c. **Fund Transfers / Payments.**
 - i. The City Manager, or his/her designee, may administratively transfer/pay City funds to: (1) public trusts whose sole beneficiary is the City of Oklahoma City and/or (2) irrevocable trusts intended for the exclusive use and benefit of eligible and voluntarily participating retired employees/beneficiaries of the City. Such payments/transfers

BUDGETING AND FINANCIAL PLANNING POLICIES

shall be included on the regular Claims Report presented to the City Council.

- ii. In accordance with the Oklahoma Municipal Budget Act, the City Manager, or their designee, may administratively transfer unexpended and unencumbered appropriation or any portion thereof from one department to another within the same fund; except that no appropriation for debt service or other appropriation required by law or ordinance shall be reduced below the minimums required.
- d. **Lapsed appropriations.** The fiscal year ends on June 30th. State law, under Title 62 of Oklahoma Statutes Section 310.4, provides a 90-day period from June 30th to September 30th where claims for payment for goods or services ordered in the previous fiscal year can be made against appropriations from the prior fiscal year. After that time, no further claims can be made against prior year appropriations.
- e. **Purchase Order (PO) Rollover Process.** PO's rolled over from the prior year to the current year will be administratively reappropriated without the need of a budget amendment. This process is in compliance with the Section 17-206, item D of the Municipal Budget Act, which reads as follows:

Encumbrances for funds whose sole purpose is to account for grants and capital projects and/or any unexpended appropriation balances may be considered nonfiscal and excluded from the budget by the governing body, but shall be reappropriated to the same funds, accounts and for the same purposes for the successive fiscal year, unless the grant, project or purpose is designated or declared closed or completed by the governing body.

10. Budget Amendments. The annual budget shall be amended in accordance with Title 11 Oklahoma Statutes, Section 17-216.

- a. The governing body may amend the budget to make supplemental appropriations to any fund up to the amount of additional revenues which are available for current expenditures for the fund due to:
 - i. Revenues received or to be received from sources not anticipated in the budget for that year;
 - ii. Revenues received or to be received from anticipated sources but in excess of the budget estimates therefor; or
 - iii. Unexpended and unencumbered fund balances on hand at the end of the preceding fiscal year, which had not been anticipated or appropriated in the budget. Any appropriation authorizing the creation and indebtedness shall be governed by the applicable provisions of Article 10 of the Oklahoma Constitution.
- b. If at any time during the budget year it appears probable that revenues available will be insufficient to meet the amount appropriated or that, due to unforeseen emergencies, there is temporarily insufficient money in a particular fund to meet the requirements of appropriation for the fund, the governing body shall take action as it deems necessary. For that purpose, it may amend the budget to reduce one or more appropriations, or it may amend the budget to transfer money from one fund to another fund. Still, no appropriation for debt service may be reduced, and no appropriation may be reduced by more than the amount of the unencumbered and unexpended balance thereof. No transfer shall be made from the debt service fund to any other fund except as permitted by the terms of the bond issue or applicable law.

BUDGETING AND FINANCIAL PLANNING POLICIES

- c. A budget amendment as provided in this section authorizing supplemental appropriations or a decrease in the total appropriation of funds shall be adopted at a meeting of the governing body and filed with the municipal clerk and the State Auditor and Inspector. Any resolution amending the budget of any fund to recognize and appropriate fund balance shall state the reason for the amendment and the estimated impact upon reserve levels.
11. **Long-Term Planning.** The City Manager shall, at least every other year, prepare and transmit to the Mayor and City Council a forecast of City revenues and expenditures for the ensuing five years and the major financial policy issues likely to be addressed in that five-year period.
 12. **Decentralization.** The City Manager shall make every effort to involve departments in the preparation of the proposed budget and give managers maximum legal flexibility in encumbering and expending funds once the budget is adopted. See, e.g., Title 62 Oklahoma Statutes, Section 310.2.
 13. **Capital Expenditure.** Capital expenditure is the cost of new construction, renovation, acquisition, or capital maintenance of City infrastructure, facilities, or other capital investments, to ensure the continuation of service, enhance operations and promote economic development. The City will make efforts to fund capital expenditures through an increase in General Fund spending and commitment of “non-recurring” revenue sources. As a target, the City will work to budget 1-3% of the General Fund for capital expenditures and/or transfer to the Capital Improvement Projects Fund each year.
 14. **Capital Planning.** Every other year, the City Manager shall submit a five-year capital improvement plan to the Mayor and City Council. This plan shall seek to ensure the adequate condition and sustainability of the City’s infrastructure, facilities, and capital investments. The Plan should also address the City Council’s priorities, federal and state mandates, and comply with the City’s current comprehensive plan.
 15. **Arbitrage Compliance.** To comply with federal regulations under the Internal Revenue Code (IRC), Section 148 on interest earnings on tax-exempt bonds, the City shall annually project payments to the federal government for arbitrage penalties, rebates, and other payments for the next five years. Funds that owe arbitrage penalties will pay their own costs each year.
 16. **Cost Allocation Plan.** The City Manager shall annually prepare and distribute a cost allocation plan. This plan should allocate the costs of the various administrative departments, such as the Finance Department or Municipal Counselor Department, among all departments offering direct service to the public. The plan should conform to all requirements of federal funding agencies regarding such plans. The plan should be as simple as possible while maintaining equity. In preparing the cost allocation plan, the City Manager shall solicit input from both the administrative departments whose costs are allocated and the direct service departments to which costs are allocated. The City Manager may determine which allocated costs are paid from one department or fund to another based on the ability to pay but shall maintain equitable treatment of all departments or funds.
 17. **Interest Service Funds.** The City shall establish separate funds for the provision of certain services that support the operations of all City Departments. Currently, Information Technology, Risk Management, Fleet Services, and the Print Shop are set up as internal service funds. The internal service funds shall establish methodologies for charging for their services to departments that fairly represent the level of service provided to each department. The internal service funds shall be self-sustaining and not subsidized so that the costs of their services may be accurately reflected in department budgets.

BUDGETING AND FINANCIAL PLANNING POLICIES

- 18. Interest and Investment Income.** Interest and investment income earned by each fund shall be deposited in the same fund. All interest and investment income shall have the same purpose as that of the fund.
- 19. Revenues.** The City must be sensitive to the balance between the need for services and the City's ability to support those services.
- a. Mix of Revenues.** The City should strive to maintain a diversified mix of revenues to balance the sources of revenue amongst taxpayers and to provide ongoing stability and predictability. The City will strive to keep a total revenue mix that encourages growth and keeps Oklahoma City economically competitive and a city of choice for people to live and do business.
 - b. Charges for Services.** As much as is reasonably possible, City services that provide direct benefit should be supported by fees and charges to provide maximum flexibility in the use of general City taxes to meet the cost of services of broader public benefit. Fees should recover full costs, including all direct costs, capital costs, department overhead, and Citywide overhead. Departments that impose fees or service charges should prepare and periodically update cost-of-service studies for such services.
- 20. Retirement Contributions.** The City shall provide its share of contributions to the City's Police and Fire retirement systems in accordance with the state statutes establishing each system. Consistent with §40-62(b) of the Municipal Code, the City shall provide the actuarially determined contribution for all employees covered by the Oklahoma City Employee Retirement System (OCERS) to maintain a fully funded position, as determined in the annual report from the OCERS actuary, up to a maximum of to 10%.

CAPITAL PLANNING

OKLAHOMA CITY'S CAPITAL PLANNING PROCESS IS GOVERNED BY ORDINANCES AND RESOLUTIONS ADOPTED BY THE CITY COUNCIL. THE CAPITAL PLANNING POLICIES ARE SUMMARIZED BELOW:

1. The Capital Improvement Plan (CIP) covers five years and is prepared every two years.
2. The CIP identifies projects and includes estimated capital cost, operating cost impact, justification, relationship to adopted plans and policies, and proposed sources of funding.
3. Project evaluation criteria are established by the City Manager.
4. The CIP is sent to applicable boards, trusts, authorities and commissions for review and comment prior to its adoption. Comments and recommendations need not be incorporated in the plan.
5. The City Council adopts the CIP after at least one public hearing with adequate notice to citizens of hearing time and place.
6. The CIP may be amended by the City Council. Amendments may change the priority for a project, change the proposed commencement year, or increase the estimated cost.
7. Projects may be added to the CIP by the City Council after recommendation by the City Manager, review by appropriate boards, trusts, authorities and commissions, and a public hearing.

THE CITY MANAGER PROVIDES THE CITY COUNCIL PERIODIC PROGRESS REPORTS ON THE STATUS OF CAPITAL IMPROVEMENT PROJECTS.

REVENUE

OKLAHOMA CITY'S AUTHORITY FOR GENERATING REVENUE IS LIMITED BY STATE LAW. SPECIFIC USER FEES ARE SET BY THE CITY COUNCIL, WHILE MUNICIPAL TAXES REQUIRE VOTER APPROVAL.

REVENUE POLICIES SUMMARIZED

1. The City sales tax rate is currently established at 4.125%. Of this amount, the General Fund receives 2.25%, the Public Safety Sales Tax Fund receives 0.75%, divided equally between the Police and Fire Departments, the Oklahoma City Zoo receives 0.125%, and 1.00% is dedicated to the MAPS 4 Program.
2. The hotel tax collection rate is established at 5.5% of gross receipts of all room rentals at the sales value of the room. Collections are dedicated to promoting convention and tourism and to capital improvements at the fairgrounds.
3. Occupational taxes and utility taxes and fees are established at various rates.
4. User fees are established and revised by the City Council. The City Code includes a general schedule of fees which is updated by ordinance each time fees change.
5. Fees, penalties, and assessments for late payment are authorized by the various provisions establishing fees and taxes.

REVENUE PRACTICES

1. Revenues are estimated annually.
2. Efforts are made to diversify revenues.
3. User charges are reviewed periodically and recommendations to increase or decrease charges are based on the following:
 - a. The history of charge levels, including how long present charges have been in place.
 - b. For charges that defray all or part of the cost of delivering a service, how revenues compare to costs.
 - c. How City charges compare to those of surrounding and comparable cities.
 - d. The potential impact on the City, the local economy and on individuals and firms who will pay the charge.
4. Increases to user charges are to be implemented incrementally whenever possible.

Sales, use and hotel tax revenues are monitored and reported to the City Manager, the Mayor and City Council each month. Total City revenues are monitored, analyzed and reported to the City Manager monthly and to the Mayor and City Council quarterly.

INVESTMENT

THE CITY TREASURER FOLLOWS THREE MAJOR PRIORITIZED OBJECTIVES IN INVESTING THE CITY'S FUNDS: SAFETY, LIQUIDITY AND RETURN ON INVESTMENTS.

The City Council approved a revised and updated investment policy effective August 1, 2017. The City's investment policy incorporates City Charter, Municipal Code and statutory requirements and recognizes standards promulgated by the Government Finance Officers Association and the Association of Public Treasurers of the United States and Canada. In accordance with this policy, the City Treasurer follows three major prioritized objectives in investing the City's funds: safety, liquidity and return on investments.

Safety. Safety of principal is the foremost objective of the City's investment program. Investments of the City shall be undertaken in a manner that seeks to ensure the preservation of capital of the portfolio. This objective will be to minimize credit risk and interest rate risk.

Liquidity. The City's investment portfolio shall at all times be sufficiently liquid to enable the City to meet all operating cash flow needs that are reasonably anticipated. This will be accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands.

Return on Investments. The City's investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the City's investment risk constraints, liquidity needs and cash flow characteristics of the portfolio. Return shall be subordinate to safety and liquidity.

The Charter of Oklahoma City Article IV, § 13, provides for the investment of municipal funds in the custody of the City Treasurer upon the direction of the Council and only in such securities as are provided by the Constitution and the laws of the State of Oklahoma for the investment of the municipal funds. The statutes that bear on the investment of municipal funds are 62 O.S. Supp. 2000 § 348.1; 62 O.S. Supp. 2000 §§ 348.3 and 62 O.S. Supp. 2000 §§ 517.1 et seq. The City Manager is authorized to appoint Assistant City Treasurers to assist with the function of the City Treasurer and perform the duties of City Treasurer in absence or incapacity as specified in the Oklahoma City Municipal Code, § 2-232 (2002). In accordance with these provisions, the City Treasurer and Assistant City Treasurers will authorize all purchases, sales and trades of investments in accordance with the scope, objectives and covenants of the policy including those recommended by any independent professional investment consultants hired by the City. The City Treasury personnel involved in the investment process shall act responsibly as custodians of public funds. The City Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls and procedures to regulate the activities of assistants and any independent professional investment consultants.

The City Treasury personnel who have authority to invest public funds, make wire transfers, or who have signatory authority for depository accounts are required to be bonded in accordance with the Oklahoma City Municipal Code, § 2-233 (2002). The City Treasurer and a designee of the City Manager's Office will review all investment transactions.

The City currently invests in short-term U.S. Treasury securities, callable and non-callable agencies, collateralized or insured certificates of deposit, collateralized savings accounts, money market funds repurchase agreements and prime commercial paper. Repurchase agreements are fully collateralized by U.S. Treasury securities and agencies under a master repurchase agreement.

The City's basic investment strategy is to structure the investment portfolio to meet various cash flow needs and attain a market-average rate of return.

Through historical experience, the Treasurer has documented the on-going cash flow needs of the City (e.g. bi-weekly payroll, vendor payments, debt service payments, and capital project requirements). In most instances, investment maturities are ladderized to cover specific, known cash flow requirements throughout the year, such as debt service payments and capital improvement program expenditures. Short term investments, including money market funds, high balance savings accounts and prime commercial paper are maintained for liquidity.

INVESTMENT

This portfolio strategy allows the City to meet liquidity requirements and provides the City reasonable rates of return under various market conditions. The portfolio is structured within the maturity and type limitations described below.

MATURITY LIMITATIONS

Percentage of Total Invested Principle

	<u>MAXIMUM %</u>	<u>MINIMUM %</u>
0-1 Year	100%	5%-25%
1-3 Years	90%	0%
3-5 Years	90%	0%

INVESTMENT TYPE LIMITATIONS

Percentage of Total Invested Principal

	MAXIMUM %	MINIMUM %
Repurchase agreements	100%	0%
U.S. Treasury Securities*	100%	0%
Certificates of deposit	50%	0%
Money market funds	100%	0%
Savings account	100%	0%
U.S. non-callable agencies securities	100%	0%
U.S. callable agencies securities	20%	0%
Prime commercial paper	7.5%	0%
Direct City debt obligation and judgments	5%	0%

*Includes SLGS

The investment policy also has additional provisions pertaining to the following:

- Standard of care
- Ethics and conflict of interest
- Authorized depository institutions/financial dealers
- Collateralization
- Safekeeping and custody
- Delivery versus payment
- Internal controls
- Investment committee
- Investment procedures
- Record keeping and reporting
- Interest earnings
- Competitive selection of investments
- Performance standards
- Bond fund proceeds
- Policy adoption
- Advance refunding escrows

DEBT MANAGEMENT

THE ISSUANCE OF DEBT IS CONTROLLED BY THE RELEVANT PROVISIONS OF THE OKLAHOMA STATE CONSTITUTION, OKLAHOMA STATE STATUTES, OKLAHOMA CITY CHARTER, OKLAHOMA CITY MUNICIPAL CODE, OKLAHOMA CITY DEBT MANAGEMENT POLICY AND OTHER RULES AND REGULATIONS PROMOGULATED BY VARIOUS REGULATORY AND GOVERNMENT AGENCIES SUCH AS THE SECURITIES AND EXCHANGE COMMISSION AND THE INTERNAL REVENUE SERVICE.

THE CITY AND THE PUBLIC TRUSTS, OF WHICH THE CITY IS A BENEFICIARY, ISSUE THE FOLLOWING TYPES OF BONDS:

1. **General Obligation Bonds.** The City may issue general obligation bonds that have been approved by a majority of the voters, voting in an election, for the purpose of approving various municipal improvements. These bonds are sold at a competitive public sale, backed by the full faith and credit of the City, and retired by an annual ad valorem property tax levy. The City strives to issue general obligation bonds in amounts designed to keep the ten year average ad valorem tax rate at or near 16 mills.
2. **Revenue Bonds.** The City has created a number of trusts to finance City services that have issued revenue bonds to acquire assets or construct improvements. The debt of these trusts does not constitute debt of the City and is payable solely from the resources of the trusts.

THE CITY'S CAPITAL FUNDING AND DEBT MANAGEMENT PRACTICES ARE DESIGNED, AS FOLLOWS:

1. To maintain a balanced relationship between issuing debt and pay-as-you-go financing.
2. To use debt only for capital projects that cannot be financed from current revenues.
3. To schedule maturities of debt so as not to exceed the expected useful life of the capital project or asset(s) financed.
4. To maintain and improve current bond ratings so that borrowing costs are minimized and access to credit is preserved. Good communication with bond rating agencies will be maintained and the City will follow a policy of full disclosure on official bond statements.
5. To actively monitor its investment practices to ensure maximum returns on its invested bond proceeds while complying with Federal arbitrage requirements.
6. To comply with all continuing disclosure obligations and reporting of material events as required by the Securities and Exchange Commission Rule 15c2-12.

PROCUREMENT

THE CITY COUNCIL HAS ADOPTED THE FOLLOWING PURCHASING POLICIES:

1. Comply with all pertinent state and local legal requirements governing purchasing.
2. Act to purchase for the City the highest quality in supplies and contractual services at the least expense consistent with prevailing economic conditions, while establishing and maintaining a reputation of fairness and integrity.
3. Endeavor to obtain as full and open competition as possible on all purchases and sales, and to competitively bid all formal contracts without undue restrictions and with open competition.
4. Provide a fair and equal opportunity to all vendors.
5. Maximize the possibilities of buying in large quantities, so as to take full advantage of discounts.
6. Strive to process all payments due vendors promptly and without unnecessary delay.
7. Obtain the greatest possible revenue from the disposal of surplus or obsolete materials and equipment.
8. Conduct the entire process of public purchasing in an open, impartial and ethical manner. In this regard, this policy prohibits the acceptance of gratuities, gifts or other favors that might raise questions concerning the impartiality of the process.
9. Maintain accountability through a system of checks and balances, stringent accounting and budget controls and periodic reports to supervising officials.
10. Keep abreast of current developments in the field of purchasing, pricing, market conditions and new product development, and to secure for the City the benefits of any research done in the field of purchasing.
11. The City Manager, with the assistance of the Municipal Counselor and City Auditor, has issued a City of Oklahoma City Purchasing Policies and Procedures Manual to all departments based on the formal policies established by the City Council.
12. The City Manager shall amend the manual as required by changes in pertinent law, ordinances or operating procedures.

ACCOUNTING AND AUDITING

FINANCIAL REPORTING

1. The City's approach to financial reporting and disclosure is comprehensive, open and accessible. The objective of financial reporting activities is to provide interested parties with accurate, timely and understandable information concerning the City's financial operations and results.
2. The City has a comprehensive accounting information system. Interim financial statements provide City management, the Mayor and City Council with regular financial analyses. The City's accounting and financial reporting comply with Generally Accepted Accounting Principles (GAAP).
3. The City produces the Annual Comprehensive Financial Report (ACFR) for the City and the Oklahoma City Employee Retirement System and annual reports for major public trusts, in accordance with state and federal law. This reporting attempts to meet or exceed industry standards (established by the Governmental Accounting Standards Board) for financial reporting. The ACFR encompasses the City and related public trusts, associations, foundations, etc. as determined to comprise the City's reporting entity and over which the City exercises accountability and serves as the City's primary external reporting document.
4. The City also produces financial reports meeting regulatory requirements for secondary market disclosure, as determined by the Securities and Exchange Commission and other financial documents required to maintain the City's regulatory compliance.

INTERNAL CONTROLS

1. The City's internal control environment is designed to safeguard City assets and provide reliable financial records. Reasonable assurances are provided through implementation of the following internal controls.
 - a. Transactions are executed in accordance with City Council and/or management's general or specific authorization.
 - b. Transactions are recorded as necessary to permit preparation of financial statements in conformity with GAAP or other criteria applicable to such statements and/or to maintain accountability for assets.
 - c. Access to assets is permitted only in accordance with the City Council and/or management's authorization.
 - d. The recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.
2. The City's internal controls are reviewed annually as a part of the independent audit and in compliance with federal and state regulations. Internal controls are also routinely reviewed by internal auditors. The City implements cost effective management and internal control recommendations.

ACCOUNTING AND AUDITING

AUDITING

1. By City Council resolution, the Audit Committee Charter was established as a standing committee of the City Council.
2. The Audit Committee reviews matters relating to internal and external auditing and the City's system of internal controls. The Audit Committee promotes cooperation among auditors and management, preserves the independence of the auditing function and ensures that appropriate action is taken on audit findings.
3. The City Charter and Oklahoma Statutes require an annual independent audit. Statutes also require annual audits of active public trusts. The City and its public trusts comply with audit requirements.
4. The City's independent auditor is competitively selected based on technical qualifications to obtain qualified audit services at the lowest cost to the City.
5. By City Council resolution, public trusts of which the City is the beneficiary are encouraged to use the independent auditor competitively selected by the City. The City complies with the Single Audit Act which requires that a comprehensive audit of federal funds be conducted in conjunction with the City's annual financial audit associated with the ACFR.
6. The City Auditor is appointed by the Mayor and City Council. The position of City Auditor is established by the City Charter and the office has been confirmed and established by ordinance as the Auditing Department. The Auditing Department and the City Auditor are a part of the Division of Public Affairs whose duties and responsibilities as established by the City Charter or related ordinance include, but are not limited, to the following:
 - a. determine whether management has established and complied with procedures and practices to ensure that:

City operations are being conducted efficiently and effectively, in a manner consistent with the intended objectives of the governing body and in compliance with applicable laws and regulations; resources, including funds, contractual rights, property and personnel, are adequately safeguarded; and financial and management records and reports disclose fairly, accurately and completely all information that is required by law, that is necessary to assess the City's financial position and that is necessary to understand and evaluate the results of operations.
 - b. evaluate and report on the adequacy and effectiveness of the internal control structure established and utilized over the payment of municipal funds;
 - c. attend bid openings and verify the correctness, completeness and accuracy of bids received; and
 - d. receive and file annually property inventories.
7. The Office of the City Auditor develops an audit plan which is submitted for the review and approval of Mayor and Council. The Comprehensive Audit Plan is a detailed work program that allocates the professional hours available among specified audit engagements.
8. Policies and procedures adopted by resolution of Mayor and Council direct that the operations of the Office of the City Auditor shall be conducted in accordance with government auditing standards.

STATEMENT OF COMPLIANCE WITH BUDGETING AND FINANCIAL PLANNING POLICIES

A RESOLUTION ADOPTING UPDATED BUDGETING AND FINANCIAL PLANNING POLICIES, ADOPTED BY THE CITY COUNCIL AUGUST 27, 2024 REQUIRES THAT THE CITY MANAGER PREPARE AND SUBMIT THE PROPOSED BUDGET IN ACCORDANCE WITH THE POLICIES SPECIFIED BY THE RESOLUTION AND THAT THE PROPOSED BUDGET INCLUDE A STATEMENT OF THE EXTENT TO WHICH IT COMPLIES WITH THOSE POLICIES.

SUMMARY OF BUDGET REQUIREMENTS

1. **Scope of Budget.** This budget complies with the policy requiring that all City funds be budgeted.
2. **Appropriations for Fiscal Year.** The budget complies with policy requirements regarding level of budgetary control and appropriations lapsing at the end of the fiscal year.
3. **Financial Forecast.** Information from the five-year financial forecast, required at least every two years, was last presented to Council in February.
4. **Decentralization.** This budget was prepared with department involvement as required by the policy.
5. **Performance-based Budget.** This budget includes measures of performance and has considered them when allocating funds, as required by the policy.
6. **Operating Reserves.** The policy requires each City fund to maintain two types of reserves: fund balance and contingency.
 - **Contingency.** Each City fund should include an appropriation adequate to fund a contingency account of a targeted amount of 2% of the fund's budgeted expenditures. Refer to the Table of Compliance for contingency levels for each operating fund.
 - **Fund Balance.** Fund Balance is an unbudgeted reserve which may be drawn upon for cash flow needs, and may be used as revenue without amending the budget if other revenue sources in total fall short of the estimate used in the adopted budget. The policy states that Fund Balance should not be used to fund on-going operations and this budget meets this requirement.
 - **General Fund.** The General Fund shall maintain reserves at the beginning of each fiscal year in the amount of no less than 17% and no more than 22% of the total General Fund budget for that fiscal year. This equates to maintaining approximately two months of expenditures in operating reserves. For the purposes of this section, "budgeted expenditures" means total budgeted General Fund expenditures and budgeted transfers to other funds for the ensuing fiscal year.
 - **Other Funds.** Any fund that is not partially funded through transfers from the General Fund and supports personnel or other ongoing operating expenditures shall maintain reserves at a target level of at least 10% of the total budgeted expenditures of the fund for the ensuing fiscal year. City enterprise funds that are fully supported by a trust of the City are excepted from this operating reserve requirement. Funds that are fully supported by a trust will follow the trust policy for operating reserve requirements.
7. **Borrowing for Operations.** This budget will not require any fund to borrow for ongoing operations.
8. **Capital Expenditures.** City policy is that non-recurring revenue be used for capital and one-time expenses. As a target, the City works to budget 1-3% of the General Fund for capital expenditures.
9. **Cost Allocation Plan.** A cost allocation plan was prepared, distributed to departments, and used as the basis for determining Administrative Service Chargebacks as required by policy.
10. **Interest and Investment Income.** Interest and investment income earned by each fund shall be deposited in the same fund.
11. **Budget Amendments.** If budget amendments are necessary, they will be conducted as required by policy.

TABLE OF COMPLIANCE WITH RESERVE POLICY

Operating Only		FY26 Proposed Budget	FY26 Budgeted Contingency (a)	Contingency as a % of Budget (b)	Projected Unbudgeted Fund Balance (c)	Fund Bal. as a % of Budget (d)
(e)	General Fund	\$611,977,537	\$8,156,313	1.33%	\$138,767,069	22.68%
(g)	Asset Forfeiture Fund	3,325,914	1,205,291	36.24%	1,951,214	58.67%
(e)	Court Admin. and Training Fund	127,000	6,400	5.04%	17,763	13.99%
(g)	Fire Sales Tax Fund	62,260,877	5,015,000	8.05%	20,271,496	32.56%
(e,f,g)	Hotel/Motel Tax Fund	24,877,136	0	0.00%	0	0.00%
	MAPS 3 Use Tax	208,750	206,865	99.10%	67,893	32.52%
	MAPS 4 Use Tax	8,312,278	3,167,020	38.10%	3,209,396	38.61%
(g)	Medical Service Program Fund	11,801,409	1,493,047	12.65%	12,738,823	107.94%
(g)	Police Sales Tax Fund	55,758,336	1,257,809	2.26%	25,544,037	45.81%
(g)	Stormwater Drainage Fund	23,490,468	605,000	2.58%	1,125,215	4.79%
(f,i)	Zoo Sales Tax Fund	18,419,272	0	0.00%	0	0.00%
Funds Supported by the General Fund or Other Entities (h)						
(i)	Airports	\$27,041,839	\$336,882	1.25%	\$12,147	0.04%
	Emergency Management Fund	11,832,366	200,000	1.69%	525,947	4.44%
	Internal Service Fund	76,703,450	1,280,946	1.67%	14,207,674	18.52%
(i)	Transportation and Parking Fund	7,293,001	141,367	1.94%	0	0.00%
(i)	Solid Waste Mgmt. Fund	13,881,126	364,256	2.62%	0	0.00%
(i)	Water Fund	65,552,461	1,260,000	1.92%	3,740,979	5.71%
(i)	Wastewater Fund	39,969,662	630,000	1.58%	1,957,839	4.90%

NOTES:

- (a) The budgeted contingency includes only operating contingencies.
- (b) The City's Financial Policies set a target of 2% for budgeted contingency.
- (c) The Projected Unbudgeted Fund Balance figures were calculated using estimates developed at the time the budget was presented to the City Council
- (d) The City's Financial Policies set an 17-22% target for unbudgeted fund balance in the General Fund and at least 10% in other funds.
- (e) Contingency is below target levels of 2% because of a management decision to lower contingency in order to maximize availability of funds for departmental programs.
- (f) These funds are dedicated for use by other entities; contingency is included in the receiving entity's budget.
- (g) These funds carry a high unbudgeted fund balance as a reserve for future projects.
- (h) These funds can rely on the General Fund or other entities for some or all of their funding and, therefore, do not have the same fund balance requirements as other funds.
- (i) All expenditures managed in these funds are expended on behalf of trusts. City enterprise funds that are fully supported by a trust of the City are excepted from the unbudgeted fund balance requirement.

GLOSSARY

Account – An entity for recording specific revenues or expenditures, or for grouping related or similar classes of revenues and expenditures and recording them within a fund or department.

Account Class – A category of expenditures used in the budget and based on the Municipal Budget Act. Specifically, Personal Services, Other Services and Charges, Materials and Supplies, Capital Outlay, Debt Service and Transfers.

Account Code – An expenditure or revenue account number such as office supplies or rental of equipment. This is synonymous with line item.

Accrual Basis of Accounting – The accrual basis of accounting recognizes revenues, when earned, and expenses, when incurred, as opposed to recognizing revenues when received and expenses when paid. The accrual basis of accounting is used in proprietary fund types and the pension trust fund.

ACFR– Annual Comprehensive Financial Report . The City prepares this annual report which provides the public with an accurate picture of current financial conditions.

ADA – Americans with Disabilities Act. Enacted in 1990 and amended in 2008 as a wide-ranging civil rights law that prohibits discrimination based on disability. In regard to public entities, the act also mandates compliance with specific physical and procedural access regulations to all service and programs offered.

Administrative Services Charge – An internal charge to departments for central services provided by General Fund departments.

Adopted Budget – A plan of financial operation, legally adopted by the City Council, providing an estimate of expenditures for a given fiscal year and a proposed means of financing them. The legal requirements for adopting a budget are set forth in the Oklahoma State Statutes (Title 11 Sections 17-201 - 17-216, known as the Municipal Budget Act).

Ad Valorem Tax – A tax based on the value of real property, most commonly real estate. The City can only use this revenue source to pay General Obligation Bond debt and pay judgments against the City.

A/E or A&E – Architect and engineering services.

AFSCME – American Federation of State, County and Municipal Employees. This bargaining unit represents non-uniform and non-management City employees.

Agenda – A list or outline of items to be considered or performed by the governing body.

Allocation – Part of a lump-sum appropriation designated for expenditure by specific organizational units and/or for special purposes, activities or objects.

Appropriated Fund Balance – Any fund balance appropriated for a fund for the budget year.

Appropriation – An authorization to expend or encumber revenues and fund balance of a fund.

Arbitrage – A requirement that if the investment earnings on tax-exempt bond proceeds exceed the interest paid on the bond issue, then the excess earnings above the interest paid on the bonds must be forwarded to the U.S. Treasury.

ARPA—American Rescue Plan Act. The economic stimulus plan was enacted in 2021 to accelerate the United States’ recovery from the impact of the COVID-19 pandemic and provided \$350 billion to state and local governments.

ARRA – American Recovery and Reinvestment Act. Enacted in 2009, an economic stimulus package enacted by the 111th U.S. Congress in February 2009 to create jobs and promote investment and consumer spending.

Balanced Budget – A budget developed wherein estimated revenues, including budgeted fund balance, meets or exceeds budgeted expenditures.

GLOSSARY

Base Budget – An estimate of the funding available for existing programs as established by the Office of Management and Budget for each department at the beginning of a budget cycle.

BEDI – Brownfield Economic Development Initiative. An economic development grant program designed to assist cities with the redevelopment of abandoned and underused industrial and commercial facilities impacted by environmental contamination.

Better Streets, Safer City – On Sept. 12, 2017, Oklahoma City voters approved 13 bond propositions and two sales tax initiatives known as the Better Streets, Safer City projects. The 10-year, \$967 million bond package invests in streets, police and fire facilities, parks and other basic needs. A permanent 1/4 cent sales tax was passed that provided funding for 129 more police officers and 57 more firefighters with an annual \$26 million boost for public safety and other day-to-day operations. It's the first increase in the permanent general operations sales tax rate since 1976. The final initiative is a temporary, 27-month one cent sales tax will generate \$240 million for street resurfacing, streetscapes, trails, sidewalks and bicycle infrastructure.

BID – Business Improvement District. A public/private sector partnership in which property and business owners of a defined area elect to make a collective contribution to the maintenance, development, and marketing of their commercial district. This is accomplished through an additional assessment against each property in the Business Improvement District.

Bond Rating – A bond rating performs the isolated function of credit risk evaluation. While many factors go into the investment decision-making process, the bond rating is often the single most important factor affecting the interest cost on bonds.

Budget – A plan of financial operations for a fiscal year, including an estimate of proposed expenditures for given purposes and the proposed means for financing them.

Budget Summary – A tabular listing of revenues by source and expenditures by fund and by department within each fund for the budget year.

Budget Year – The fiscal year for which a budget is prepared or being prepared.

Budgetary Basis – The basis of accounting used for the purpose of budgeting. The City uses a modified cash and expenditures basis. This means that revenues are not recognized until they are received, and expenditures are recognized when they are incurred or committed not when the funds are actually spent.

Budgeted Fund Balance – The amount of the carryover or Fund Balance from the prior year that is projected to be used to fund expenditures in the budget. Budgeted Fund Balance is counted as revenue for budget purposes.

Budgeted Reserve – See Contingency.

CALEA – Commission on Accreditation for Law Enforcement Agencies. Created in 1979, a program for establishing a body of standards for law enforcement professionals and administering an accreditation process.

Capital Budget – A one-year plan for financing a program of long-term work projects for the physical development of the City. The capital budget is usually enacted as part of the complete annual budget, which includes other operating and capital outlay and is based on a Capital Improvement Program.

Capital Improvement Program (CIP) – A five-year plan for financing long-term work projects for the physical development of the City which identifies each project, the expected beginning and ending date, annual cost and proposed method of financing each project.

Capital Outlay – Expenditures of at least \$50,000 that result either in the acquisition of fixed assets or property, durable for longer than one year.

Capital Project – A project to acquire, develop, improve, or maintain City infrastructure, facilities, and/or capital assets (long-term investments held for a period of more than one year).

GLOSSARY

CARES Act—The Coronavirus Aid, Relief, and Economic Security Act. Enacted in 2020 to provide economic relief to Americans during the COVID-19 pandemic, CARES provided \$139 million to state and local governments, as well as direct payments to local governments with a population of 500,000 or greater.

CCTV – Closed Circuit Television. CCTV is a video camera and TV monitoring system primarily used for surveillance and security.

CDBG – Community Development Block Grant. The CDBG is a program of the U.S. Department of Housing and Urban Development. CDBG grants fund local community development through affordable housing, anti-poverty programs and infrastructure development. National priorities include activities that benefit citizens with low to moderate income, prevent or eliminate slums or blight, and other community development activities that address an urgent threat to health or safety. These grants may be used for real estate acquisition, relocation, demolition, rehabilitation of housing and commercial buildings, construction of public facilities, improvements to water and sewer facilities, streets, neighborhood centers, the conversion of school buildings, as well as for public services, such as economic development and job creation/retention.

CEPA – Clarence E. Page Airport. This general aviation airport is home to small aircraft and aviation-related enterprises.

CHAPPS – Cops Helping Alleviate Police Problems. Developed in 1983, CHAPPS offers support to the Oklahoma City Police Department employees and their families without cost or obligation by responding to “critical incidents” that may overwhelm a person’s emotional coping mechanisms.

Chargeback – A charge to departments receiving services from another City department. See Internal Service Fund.

Chief Executive Officer – The mayor of an aldermanic city or a strong-mayor-council city, the mayor of a town, or the city manager or chief administrative officer as it may be defined by applicable law, charter or ordinance.

CLEET – Council on Law Enforcement, Education and Training. Established in 1963, CLEET supports Oklahoma law enforcement by enhancing public safety, providing education and training, promoting professionalism and enhancing competency within the ranks of Oklahoma law enforcement.

CWA – Clean Water Act. Enacted in 1972, the Act establishes the basic structure for regulating discharges of pollutants into the waters of the United States and regulating quality standards for surface waters.

C-MOM – Capacity Assurance, Management, Operation and Maintenance Programs. C-MOM is an approach presented by the Environmental Protection Agency to manage wastewater facilities. The plan includes using an information-based approach to setting priorities, evaluating capacity for all parts of the system, developing a strategic approach to preventative maintenance, and conducting periodic program audits to identify deficiencies and potential problems.

CNG – Compressed Natural Gas. CNG is a fossil fuel and clean burning alternative to gasoline, diesel and propane.

COBRA – Consolidated Omnibus Budget Reconciliation Act. Enacted in 1985, a portion of the Act sets forth requirements for employers and employees with regard to health insurance after leaving employment.

Contingency – An amount designated in the budget of a specific fund for use in unforeseen circumstances.

COTPA – Central Oklahoma Transportation and Parking Authority. Established in 1966, COTPA provides public transit services in the City and, through contracts, in many suburban areas and also operates downtown parking garages.

Core to Shore – A planning process to focus on development between the downtown core south to the shore of the Oklahoma River. The Core to Shore zone covers approximately 1,375 acres impacted by the I-40 realignment.

Current year – The year in which the budget is prepared and adopted, or the fiscal year immediately preceding the budget year.

Debt Service – The amount owed for principal and interest of bonds and other debt instruments according to a predetermined payment schedule.

Dedicated Revenues – Income that is restricted by law to fund specific purposes.

GLOSSARY

Deficit – The excess of a fund's current liabilities and encumbrances over its current financial assets as reflected by its books of account.

Demand Measure – A specific type of performance measure used in the City's Leading for Results process referring to the number of total units of service expected to be requested or required.

Department – A functional unit within a fund which carries on a specific activity, such as a fire department or a police department within a general fund.

Division – See "Line of Business."

DOE – Department of Energy. The federal agency whose mission is to advance energy technology and promote related innovation in the United States.

DOJ – Department of Justice. The federal agency responsible for criminal investigation and law enforcement.

EEOC – Equal Employment Opportunity Commission. The federal agency tasked with ending employment discrimination in the United States.

Efficiency Measure – A specific type of performance measure used in the City's Leading for Results process measuring cost or expenditure per Output or Result.

EMSA – Emergency Medical Services Authority. EMSA is a trust of the Tulsa and Oklahoma City governments. As an arm of local government, EMSA puts out bids for a private ambulance service to provide emergency and non-emergency medical services and dispatching in the Oklahoma City area.

Encumbrances – Obligations in the form of purchase orders, contracts, or salary commitments that are charged to an appropriation and for which a part of the appropriation is reserved. Encumbrances are eliminated when paid or when an actual liability is set up.

Enterprise Fund – Funds where the costs are financed primarily through user charges.

EPA – Environmental Protection Agency. The agency of the federal government charged with protecting human health and with safeguarding the natural environment (air, water, and land).

Estimated Revenue – The amount of revenues estimated to be received during the budget year in each fund for which a budget is prepared.

Excise Tax – Taxes paid when purchases are made on specific goods or activities and often included in the price of the product or service. An example would be taxes on tobacco.

Expenditures – The total outflow of funds represented by: (a) supplies, materials and services received for current operations; (b) payments in the form of goods or services received; (c) equipment and other assets received; (d) payment for servicing debts including interest or principal; and (e) transfers to other funds.

FAA – Federal Aviation Administration. The federal agency responsible for the regulation of civil aviation and overseeing the development of air traffic control.

FEMA – Federal Emergency Management Agency. An agency of the United States Department of Homeland Security established to coordinate the response to disaster that has occurred in the United States and overwhelms the resources of local and state authorities.

Fiscal Year (FY) – The annual period for reporting fiscal operations which begins and ends on dates as the Legislature provides or as provided by law. The City's fiscal year is July 1 to June 30.

GLOSSARY

Fixed Assets – Assets with a useful life in excess of one year and an initial cost equal to or exceeding \$50,000. Classifications include land, buildings, machinery, furniture, equipment, and construction in progress.

FLSA – Fair Labor Standards Act. Enacted in 1938, a federal law that established the national minimum wage, guaranteed time and-a-half for overtime for certain jobs, and other employment laws.

FMLA – Family and Medical Leave Act. Enacted in 1993, this federal labor law allows an employee to take unpaid leave due to illness or to care for a sick family member.

FOP – Fraternal Order of Police. This bargaining unit represents sworn law enforcement officers.

Franchise Tax – A gross receipts tax assessed on public utilities granted a franchise by the voters for use of City rights of way.

Fund – An independent fiscal and accounting entity with a self-balancing set of accounts to record cash and other financial resources, together with all liabilities, which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

Fund Balance – The excess of a fund's current financial assets over its current liabilities and encumbrances, as reflected by its books of account.

Generally Accepted Accounting Principles (GAAP) – The standard framework of guidelines for financial accounting which sets forth the standards conventions, and rules accountants follow in recording and summarizing transactions and preparing of financial statements and annual reports.

General Fund – A fund used to account for all monies received and disbursed for general municipal government purposes including all assets, liabilities, reserves, fund balances, revenues, and expenditures that are not accounted for in any other fund.

GIS – Geographical Information System. GIS integrates hardware, software, and data for capturing, managing, analyzing, editing and sharing and displaying all forms of geographically referenced information and can be integrated into any enterprise information system framework.

GO Bond – General Obligation Bond. GO Bonds are issued by The City of Oklahoma City to finance major capital improvements and infrastructure projects. GO bonds require a vote of the citizens and they are repaid over time with real property (ad valorem) taxes.

GOLT Bond – General Obligation Limited Tax Bond. GOLT Bonds are issued by The City of Oklahoma City for economic development to provide funding for the City's Strategic Investment Program. GOLT bonds require a vote of the citizens and they are repaid over time with real property (ad valorem) taxes.

Governing Body – The city council of a city, the board of trustees of a town, or the legislative body of a municipality as it may be defined by applicable law or charter provision.

Grant – A contribution by an organization (most often the federal government) to support a particular function.

GRAVE – Gun Resistance and Violence Education. An educational awareness program sponsored by the Oklahoma City Police.

HIDTA – High Intensity Drug Trafficking Area. Established in 1990, a drug-prohibition enforcement program that identifies certain areas for increased law enforcement activity.

Hiring Freeze – A temporary restriction on hiring in order to achieve financial savings.

HOME – Home Investment Partnerships Program. HOME is the largest Federal block grant to state and local governments designed exclusively to create affordable housing for low-income households. Each year it allocates approximately \$2 billion among the states for hundreds of localities nationwide.

GLOSSARY

HOPWA – Housing Opportunities for People with AIDS. This HUD program addresses the specific needs of persons living with HIV/AIDS and their families. It makes grants to local communities, states, and nonprofit organizations for projects that benefit those individuals.

HP – Historic Preservation is the theory and practice of creatively maintaining the historic built environment and controlling the landscape component of which it is an integral part.

HUD – U.S. Department of Housing and Urban Development. HUD is a Cabinet department of the United States government founded in 1965 to develop and execute policy on housing and cities. It has largely scaled back its urban development function and now focuses primarily on housing.

IAFF – International Association of Fire Fighters. This bargaining unit represents professional firefighters.

ICMA – International City/County Management Association. Founded in 1914, ICMA is an organization for local government leaders and managers. Their mission is to create excellence in local government by advocating and developing the professional management of local government worldwide.

Immediate Prior Fiscal Year – The year preceding the current year.

IMPACT – Initiating Multiple Police Actions Against Criminal Targets. This is a Police Department program administered through the briefing stations that focuses on reducing crime.

Infrastructure – The main physical foundation of the City including roads, utilities, water mains, streets, and bridges.

Internal Service Fund – A fund established to finance and account for services and commodities furnished by one department to another department on a cost reimbursement basis. See Chargeback.

ISTEA – Intermodal Surface Transportation Efficiency Act. Enacted in 1991, a federal law that allows for the distribution of funds for highway, mass transportation, trails, and other transportation purposes. Oklahoma City uses ISTEA funds for highway improvement projects and for a network of trails around the City.

Issue Statement – Identifies the critical trends that will impact the department and its customers over the next two to five years.

LARA – Lake Atoka Reservation Association. Lake Atoka is 100 miles southeast of Oklahoma City. In 1959, the City constructed the reservoir to supply water to Lake Draper through a 60-inch pipeline. LARA was created by The City of Oklahoma City, the Oklahoma City Water Utilities Trust, and the City of Atoka in 1974 to administer use of the Reservation, its resources, and facilities. The eight members are the Mayors of Oklahoma City and City of Atoka, the Manager of Oklahoma City, the Chairman of the Oklahoma City Water Utilities Trust (OCWUT), one appointee from Oklahoma City, and three citizens of Atoka County who are appointed by the City of Atoka.

Levy – To impose ad valorem taxes or the total amount of ad valorem taxes for a purpose or entity.

LFR – See “Leading for Results.”

Leading for Results – The strategic planning process used by all City departments to develop strategic business plans, the performance-based program budget and related performance measures to document the results achieved by departmental programs.

Line Item – An account for recording specific revenues or expenditures within a fund or department.

Line of Business – A set of programs within a department sharing a common purpose that produce results for citizens. Lines of Business represent broad result areas and are the second highest level of organization in the City. A Department is typically comprised of several Lines of Business. This terminology is used in the Leading for Results process and is comparable to a Division within a Department.

GLOSSARY

Listed Project – A capital improvement project listed for funding in a specific bond issuance statement.

Maintenance and Operations Expenditures (M & O's) – Costs of services and supplies needed for a service, program or department. Under Oklahoma's Municipal Budget Act, these are budgeted and accounted for under two distinct classes: "other services and charges" and "materials and supplies."

MAPS – Metropolitan Area Projects. The MAPS Sales Tax Fund was established by City ordinance on October 13, 1993 for a one cent limited purpose City sales tax approved by voters on December 14, 1993 and extended for six months on December 8, 1998 to support certain capital projects in the Central Business District and Fair Park. The tax expired on June 30, 1999.

MAPS 3 – On December 9, 2009, voters extended a one-cent temporary sales tax initiative to continue the progress started with MAPS (1993) and the MAPS for Kid's sales tax (2001). The \$777 million MAPS 3 tax began April 2010 and ended December 2017. Proceeds funded a new downtown convention center and 70-acre park, a modern downtown streetcar system, bicycle trails, sidewalks, senior centers and improvements along the Oklahoma River.

MAPS 4—On December 10, 2019, voters extended a one-cent temporary sales tax initiative to move forward with a unique and ambitious plan to transform the Oklahoma City community. The program will raise \$978 million over eight years for projects targeting neighborhood and human needs, such as a mental health and addiction and homelessness, as well as quality of life and job creation, including an Innovation District and a multi-purpose stadium.

MAPS for Kids Sales Tax – On November 13, 2001, the voters approved a limited term, limited purpose sales tax earmarked for certain public school capital projects for public school districts within the boundaries of the City of Oklahoma City. The tax rate was one-half percent from January 1, 2002 until April 1, 2003 when the rate changed to one percent. The tax expired on January 1, 2009. 70% of the sales tax was dedicated to Oklahoma City School District I-89, the district serving the center of the City. The remaining 30% was divided among the City's other 23 public school districts serving Oklahoma City residents based on student population.

MCA – McGee Creek Authority. MCA became responsible for the care, operation and maintenance of the McGee Creek Dam and Reservoir project on September 1, 1990. The dam and reservoir supply municipal and industrial water to the MCA, as well as downstream flood protection, recreation, and fish and wildlife enhancement. Participants include the Southern Oklahoma Development Trust; the City of Atoka, the Oklahoma City Water Utilities Trust (OCWUT), and the City of Oklahoma City.

Mill Levy – The percentage rate of total taxable property values needed for General Obligation bond debt service and judgments often referenced as property tax rate.

Mission – A clear, concise statement of the purpose for the entire department focused on the broad yet distinct results the department will achieve for its customers.

Modified Accrual Basis of Accounting – The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectible within the current period to pay current liabilities. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due. The City uses the modified accrual basis of accounting for governmental and agency funds.

MS 4 Permit – Municipal separate storm water program that operates under approval by the Oklahoma Department of Environmental Quality.

Municipality – Any incorporated city or town.

NDC – National Drug Control a.k.a. Office of National Drug Control Policy. Created in 1988, a component of the Executive Office of the President responsible for the coordination drug-control efforts and funding.

NPDES – National Pollution Discharge Elimination System. This is the system that grants and regulates discharge permits and regulates both point and non-point sources that discharge pollutants into U. S. waters.

GLOSSARY

OCAT – Oklahoma City Airport Trust. OCAT was established on April 1, 1956 to provide leadership and oversight for operations at Will Rogers World Airport, Wiley Post Airport, and Clarence E. Page Airport, along with buildings and grounds for Mike Monroney Aeronautical Center, a major Federal Administration Complex.

OCEAT – Oklahoma City Environmental Assistance Trust. OCEAT provided services and activities on behalf of the City of Oklahoma City that included financing and partial operation of the City's sanitation activities of pollution control and waste disposal, and certain cultural, educational, and housing activities. The Trust was dissolved on March 31, 2021 and was consolidated with the water and wastewater systems in a merger with OCWUT.

OCEDT – Oklahoma City Economic Development Trust. OCEDT was established October 9, 2007 to facilitate, enable, operate, manage, market, administer, and finance all forms of economic or community development projects within or near the City of Oklahoma City by providing loans, grants, and other incentives to further job creation and private investment.

OCERS – Oklahoma City Employee Retirement System. OCERS provides retirement benefits and disability allowances for virtually all full-time, civilian employees of the City and public trusts included in the City's reporting entity. Assets are held separately from the City and may be used only for the payment of member benefits.

OCMAPS – Oklahoma City Metropolitan Area Public Schools Trust. The OCMAPS Trust was the governing body responsible for the MAPS for Kids sales tax funds and management of its construction projects. It was dissolved on April 18, 2018 and the remaining funds will be used to complete existing projects.

OCMIOT—Oklahoma City MAPS Investment and Operating Trust. The Trust will develop a strategic investment plan to support long-term sustainable funding for MAPS 4 projects' operational expenses and maintenance.

OCMFA – Oklahoma City Municipal Facilities Authority. OCMFA was established on November 16, 1976 to provides services on behalf of the City that include financing, partial operation, and capital purchases for administration of the City's risk management activities, water and wastewater assets, information technology, capital leasing and other general government activities. The Mayor and Council serve as the Authority's trustees and the City Manager serves as the General Manager.

OCPPA – Oklahoma City Public Property Authority. OCPPA was established in 1961 to provide services on behalf of the City that include the financing and operating of five municipal golf courses, the Oklahoma City Fairgrounds, Film Studio (formerly the Convention Center), Downtown Arena, Civic Center Music Hall, and other City buildings. The Mayor and Council serve as OCPPA trustees and the City Manager is the General Manager.

OCRA – Oklahoma City Redevelopment Authority. OCRA was established to conserve, develop, and redevelop the central business district.

OCRRA – Oklahoma City Riverfront Redevelopment Authority. OCRRA was established to develop, finance, and maintain the property adjacent to the Oklahoma River.

OCWUT – Oklahoma City Water Utilities Trust. OCWUT was established in 1960 to oversee the construction of the Atoka Reservoir and its Pipeline Project. OCWUT provides utility customers with outstanding quality water, wastewater, and solid waste services.

OCZT – Oklahoma City Zoological Trust. OCZT was created on January 7, 1975 to develop, maintain, operate and manage the Oklahoma City Zoo. Trustees include the Mayor, the City Manager, one Council Member and six other members recommended by the Oklahoma Zoological Society.

ODOC – Oklahoma Department of Commerce. ODOC is the primary economic development arm of the state government.

ODOT – Oklahoma Department of Transportation. ODOT is the state department in charge of maintaining public roadways in Oklahoma.

OESC – Oklahoma Employment Security Commission. OESC is the state's employment services agency.

GLOSSARY

OMB – Office of Management and Budget. OMB prepares, coordinates and monitors the City’s operating and capital budgets and develops an annual revenue forecast, month-by-month revenue and expenditure targets, and five-year revenue and expenditure projections.

OPEBT – Oklahoma City Post-Employment Benefits Trust. OPEBT provides post-employment health insurance benefits for substantially all full-time, civilian employees of the City and public trusts included in the City’s reporting entity. Assets are held separate from the City and may only be used to pay member benefits.

Operating Reserve – That portion of the fund balance which has not been appropriated in a budget year.

Other Services and Charges – An account class for expenditures for services (e.g., advertising, repairs, postage) and other expenditures that do not fit in the remaining classifications.

Output Measure – A specific type of performance measure used in the City’s Leading for Results process referring to the amount produced or workload.

Performance Based Budgeting – Structures the budget around allocating resources to programs and the results expected from each program. The results from each program are conveyed through performance measures.

Performance Measures – Specific quantitative measures of work performed within an activity or program (e.g., total miles of streets cleaned) or specific quantitative measures of results obtained under a program or activity (e.g., reduced vandalism due to street lighting program).

Personal Services – The account class containing the costs of personnel such as salaries, wages and employee benefits (social security, retirement and insurance), costs for travel, and training reimbursements.

Program – Identifies the third highest level in the formal City organization in which a specific activity is carried out. A program is characterized by a grouping of related activities and services for a common objective. In the Leading for Results format, programs replaced sections and multiple programs comprise a Line of Business.

Project 180 – A massive renovation project of more than 180 acres in downtown Oklahoma City. The three-year, \$140 million initiative includes the redesign of downtown streets, sidewalks, parks and plazas to improve appearance and make the central core more pedestrian friendly.

Proposed Budget – A plan of financial operation, proposed by the City Manager to the City Council, providing an estimate of expenditures for a given fiscal year and a means to finance them.

Proprietary Fund Accounting – Accounting used for government operations that are financed and operated in a manner similar to business enterprises and for which preparation of an income statement is desirable.

Purchase Order—A document approving the order of goods or services from a contracted vendor, and encumbering city funds in the amount of the order.

Reserve for Prior Year Encumbrances – An amount budgeted as revenue to provide budget authority for items encumbered in one year which will not be received and paid for until a future year.

Result Measure – A specific type of performance measure used in the City’s Leading for Results process measuring the degree to which the customer experiences the desired impact or benefit.

Revenue Estimate – A formal estimate of how much income will be earned from a specific revenue source for some future period, typically, a future fiscal year. Revenue sources can include taxes, intergovernmental grants, and fees for services, fines and permits.

RFP – Request for Proposal. This is an invitation for consultants, suppliers and other companies to submit a formal offer to provide a specific product or service. The Proposals are then reviewed and scored on a set of criteria to select a vendor or vendors to negotiate a contract to provide the product or service.

Right-of-Way (ROW) – A passageway reserved or granted over land for purposes of transportation or maintenance of existing services.

GLOSSARY

SCADA – Supervisory Control and Data Acquisition system. This is a large-scale, distributed measurement and control system that provides for monitoring, control and alarming of complete and/or remote sites.

Section – Identifies the third highest level in the formal City organization in which a specific activity is carried out. With the implementation of Leading for Results, a section was reorganized into a Program. Previously, a Division may have consisted of several sections. See Program.

SID – Special Improvement District. A public/private sector partnership in which property and business owners in a defined area elect to make a collective contribution to the maintenance, development and marketing of their commercial district. This is accomplished through an additional assessment against each property in the Special Improvement District.

Special Purpose Funds – Funds dedicated for a specific purpose, such as a fund established to receive donations to support parks and recreation activities.

Special Revenue Funds – Funds used to account for receipts from revenue sources that have been earmarked for specific activities and related expenditures.

Strategic Result – Two to five-year goals that, if achieved, demonstrate how departments are responding to issues.

Strategy – A tactic accomplished by departments operationally that contributes to achieving Strategic Result goals.

Supplies – The account class that includes articles and items which are consumed or materially altered when used by operating activities, such as office supplies, maintenance parts and small tools, and minor equipment.

TANF – Temporary Assistance for Needy Families. This program provides cash assistance to indigent American families with dependent children through the United States Department of Health and Human Services. It is the government program commonly known as “welfare.”

TIF – Tax Increment Financing. TIF captures the future tax benefits of real estate improvements in a designated area to pay the present cost of those improvements. It is designed to channel funding, or tax increment, toward improvements in blighted or underdeveloped areas where development would not otherwise occur.

TOC – Total Organic Carbon. The amount of carbon bound in organic compounds, often used as an indicator of water quality.

Transfer – An account class that includes payments from one City fund to another or to a related trust.

Trust – A public trust created by a municipality to issue obligations and enter into financing for the benefit of the municipality.

TSA – Transportation Security Administration. The federal agency in charge of security standards for passenger and freight transportation in the United States.

Unbudgeted Reserve – The amount of fund balance that is not budgeted and available for cash flow purposes.

Use Tax – A consumption tax assessed on products/services used or stored by a resident of the assessing state but purchased outside the state and where a sales tax was not paid on the purchase.

USDOC – United States Department of Commerce. The Cabinet department of the United States government concerned with promoting economic growth, technology, entrepreneurship and business development, environmental stewardship and statistical research and analysis.

Vacancy Discount – Projected salary savings from personnel turnover. The discount is budgeted as a percentage of the budgeted salary, insurance and retirement for departments in funds with significant Personal Services expenses.

Vision – The guiding beliefs of Oklahoma City that serve as a basis for all strategic business planning.

GLOSSARY

Weed and Seed – A neighborhood specific crime prevention strategy led by the U.S. Department of Justice, The City of Oklahoma City, various law enforcement and government agencies, non-profit groups, and community residents, who are committed to preventing, reducing and controlling crime and delivering programs and services for community residents.

WIA – Workforce Investment Act. The WIA is a United States federal law passed August 7, 1998 to replace the Job Training Partnership Act and certain other Federal job training laws with new workforce investment systems.

WPA – Wiley Post Airport. WPA is a reliever airport for Will Rogers World Airport, serving both business and corporate air travelers.

WRWA – Will Rogers World Airport. WRWA is the commercial airport for the City of Oklahoma City with over 3.9 million boarding passengers each year.

Performance Management—Leading For Results

READER'S GUIDE

In this section, long-term issues and program performance measures are provided for each department. The long-term issues are highlighted in blue and appear at the beginning of each department section.

Long-Term Issues includes issue statements, strategies and strategic results for each department. The issue statements describe the critical trends expected to impact the department and their customers over the next two to five years. The strategies summarize the department's operational plans to ensure the achievement of strategic results. Strategic results are goals that go beyond current practice and status quo to measure the impact on the aligned issue statement.

Performance Measures are included for each program. Measures are structured so that each program has a full family of measures to report not only the customer experience or satisfaction but also the workload of the program, the demand on the program, and the efficiency or cost of providing services. Required for each program are result measures to illustrate the outcome each program delivers to customers and output measures to provide an idea of the workload of each program. Many programs also include demand measures where there may be a gap between demand and output, illustrating a need for additional resources, and efficiency measures which help show cost over time for a program with a narrowly focused service delivery area.

Legend

The key symbol indicates a key measure. These measures align directly with the purpose of the program and best measure the impact on the program's customers.

Measure aligns with council priority to promote safe, secure, and thriving neighborhoods.

Measure aligns with council priority to develop a transportation system that works for all residents.

Measure aligns with council priority to maintain strong financial management.

Measure aligns with council priority to enhance recreational opportunities and community wellness.

Measure aligns with council priority to encourage a robust local economy.

Measure aligns with council priority to uphold high standards for all city services.

Measure aligns with council priority to continue to pursue social and criminal justice initiatives.

More information about Oklahoma City Council Priorities can be found in the Introduction section of the FY26 Budget Book.

The way we do business

Performance Management—Leading For Results

Leading for Results (LFR) is the “way we do business.” What this means is that the City uses a performance management system for all City departments linking department operations to a strategic business plan. The strategic business plan is organized into programs with each program having an established budget and family of performance measures. The performance measures are used to set department goals and measure progress in achieving those goals using the resources allocated to programs. The entire process is focused on the benefit received by the customer (residents). Leading for Results provides better information to decision makers, which in turn helps them determine how to allocate resources.

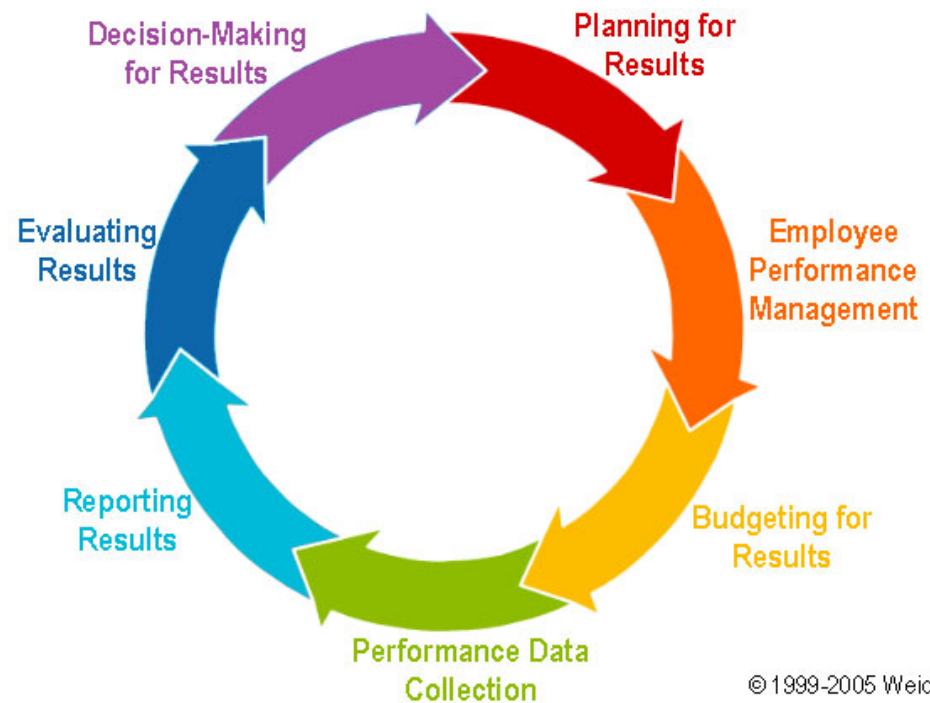

The Leading for Results performance management system includes planning, employee performance, budgeting, data collecting, reporting, evaluating, and decision-making. The Strategic Business Plan contains the information needed to perform these functions and provides a concise overview of departmental operations. The graph below illustrates the performance management process. As the arrows indicate, each step is critical and flows into the next, which creates a continuous cycle.

Leading for Results equips departments with the ability to develop strategic or department-wide Issue Statements and Strategic Results as well as the ability to focus operationally on individual performance measures.

The strategic portion of the process begins with an assessment of the future where departments identify the biggest challenges impacting them and their customers over the next two to five years. These challenges are then refined into Issue Statements which help the department clearly communicate what the trend is that they are facing and the consequences of the trend if not addressed. With the Issue Statements clearly identified, departments develop Strategic Results which are typically stretch goals that, if achieved, demonstrate the department’s ability to respond to the challenges they identified as Issue Statements. Departments will also develop Strategies which are the operational tactics that will be used to achieve Strategic Results. Issue Statements, Strategic Results, and Strategies can be reviewed at the beginning of each department section.

The operational portion of the process organizes the services each department provides into programs and performance measures.

FY24 Actual

FY25 Projection

FY25 Target

FY26 Target

Long-Term Issue - Changing Aviation Industry Environment

The changing nature of the aviation industry creates financial and infrastructure challenges along with increasing safety, security, and environmental requirements, if not addressed, will have an impact on:

- *Staffing, workload and performance*
- *Long-term airport planning*
- *Customer satisfaction*
- *The quality of service*
- *Deferred maintenance*

Strategies to address the Long-Term Issue

- *Improve and enhance the airport roadway through implementing the new wayfinding plan.*
- *Passenger Surveys*
- *Long Term Master Area Plan*
- *Rates for new/renewed leases will be based on benchmarking of the airport industry, and appraisals to determine market value rates.*
- *Analyze rates structures with funding required to support airport infrastructure.*
- *Maximize food, beverage and retail concession agreements, airport staff will do periodic reviews of goods/services provided, and an inspection of the books and records.*
- *Maximizing parking revenue*
- *Reduce Airport maintenance requirements on tenant facilities.*

Long-Term Issue - Changing Aviation Industry Environment

Strategic Result(s) to measure annual progress on Long-Term Issue

Improve the airport environment utilized by the traveling public and tenants through long-term planning and infrastructure improvements as evidenced by:

- *By 2024, 100% of new signs will be installed to implement the wayfinding plan.*
- *Maintain all new/renewed leases at market rate and/or include rates sufficient to fund airport provided infrastructure.*
- *Maintain food, beverage and retail concession revenue growth of at least 2% per year. Complete the concession development by 2024.*
- *Maintain parking revenue growth per transaction of at least 2% per year.*
- *Reduce maintenance resources required on tenant facilities.*
- *Complete a rate study at all airports by 2024*
- *Adopt a new lease structure by 2024 that reduces the Airport's maintenance obligations*
- *Increase customer satisfaction scores*

1	% of new signs installed to implement the wayfinding plan	55%	55%	100%	100%	100%
2	% increase in Food, beverage, and retail concession revenues per boarding passenger	104%	40%	40%	2%	2%
3	% change in parking revenue per transaction	-2%	23%	23%	2%	2%

Long-Term Issue - Air Service Development

The growth in Oklahoma City's population and business activity has resulted in an increased demand for additional air service that has been impacted by the COVID pandemic, if not addressed could result in:

- *Missed revenues*
- *Missed economic development, tourism, and convention business opportunities*
- *Decreased customer satisfaction*

Strategies to address the Long-Term Issue

- *Remain competitive with airline rates and charges*
- *Attend air service conferences and perform target market presentations to specific airlines.*
- *Review passenger trends and forecasts, the FAA Terminal Area Forecast, community activities, local business climate, and economic climate.*
- *Develop federal inspection facilities for international traffic*

Strategic Result(s) to measure annual progress on Long-Term Issue

Continue efforts to attract air service in Oklahoma City as evidenced by:

- *Limit growth in airport cost to airlines per boarding passenger to no more than 5% per year.*
- *Staff will accomplish a minimum of three marketing presentations to airlines per year.*
- *Achieve a 2% increase in boarding passengers each year.*
- *Complete the development of the Federal Inspection Station (FIS) by 2025*

4	% increase in the airport cost to the airline per boarding passenger	-9%	34%	34%	5%	5%
5	# of marketing presentations to air carriers each year	10	19	8	10	10
6	% change in boarding passengers	11%	7%	7%	2%	2%

Long-Term Issue - Development, Maintenance and Infrastructure

The amount of land available for development, the increasing maintenance demands from vacant facilities and from the cost of maintaining existing ageing infrastructure, if not addressed, will:

- *Customer service could be negatively affected by deteriorating infrastructure*
- *A lack of funding for capital improvement projects*
- *Degrade safety and reliability*

Strategies to address the Long-Term Issue

- *Complete design and construct new parking facilities.*
- *Perform facility and pavement infrastructure assessments to better inform capital improvement planning process.*
- *Utilize technology to extend useful life and use predictive analysis*

Strategic Result(s) to measure annual progress on Long-Term Issue

Continue to maintain and improve existing infrastructure, as evidenced by:

- *Annually, evaluating the % of garage public parking that exceeds 85% of capacity.*
- *Reinspect airfield pavements for input into a Pavement Management Program to update pavement condition index (PCI) ratings to help maintain ratings above 70.*
- *By 2025, implement an asset management system to track aging infrastructure.*

Long-Term Issue - Facility and Lease Administration

The increasing demand for Facility and Leasing services due to the continuing emphasis on economic development, growth in the Airport terminal, changes in Federal regulations, and the lack of technological resources, as well as a reduced ability to respond to requests due to lack of personnel will result in:

- Delays in preparing contracts and agreements
- Prevent the Airport Trust from generating sustainable revenue sources to fund airport operations and capital expenditures.
- Prevent the City from receiving the benefits from economic development opportunities.
- Inadequate financial and human resources to address maintenance and development needs

Strategies to address the Long-Term Issue

- Acquire, implement, refine and maximize use of technology to streamline processes for staff and customers
- Continue to evaluate acres to be leased
- Evaluate development standards
- Market available property

Strategic Result(s) to measure annual progress on Long-Term Issue

Property revenue generation to support operation of the Airport system as evidenced by:

- Annually, 90% of agreements and renewals will be completed in a timely manner.
- Annually, an additional 5% per year of leasable airport property will be leased
- Implement property management solution by 2024

Long-Term Issue - Accountability

The continuing expectations for government accountability as evidenced by more extensive accounting and auditing regulations, City Council Strategic Priorities and the Leading for Results program, if not addressed, will result in:

- *Loss of public trust and confidence that could result in diminished ability to fund infrastructure and service improvements through voter-approved funding*
- *Diminished service levels that are not efficient or cost-effective*
- *Decreased employee confidence in City leaders and managers*
- *The lack of an ethical culture throughout the City leading to an increased risk of fraud, waste, abuse, and significant policy violations*

Strategies to address the Long-Term Issue

- *Identify important programs and operations for inclusion in the Audit Plan through a triennial citywide risk assessment.*
- *Plan and deliver audit services using a risk-based approach to ensure audit scope and objectives are defined clearly and focused on important issues or concerns.*
- *Respond to requests for advisory services and investigate potentially unethical or fraudulent acts in a professional, sensitive manner.*
- *Undergo a triennial peer review to ensure audit services are provided in accordance with generally accepted government auditing standards.*
- *Communicate with audit clients throughout service delivery to ensure a complete and accurate understanding of conditions, facts, and circumstances.*
- *Provide professional opinions and recommendations for improving City programs through published reports.*
- *Provide Hotline information to employees through presentations, posters, brochures, intranet and direct mailings.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, City Council and other City decision makers will continue to benefit from objective, timely and useful audit information as evidenced by:

- *At least 90% of City Council and other City decision makers surveyed will rate audit services as "good" or "excellent"*
- *At least 95% of audit recommendations will be accepted by management*

45	% of City Council and other City decision makers rating quality of audit services as "good" or "excellent"	100%	100%	100%	90%	90%
46	% of audit recommendations accepted by management	100%	100%	100%	95%	95%

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, management, and employees will benefit from timely review of reports of fraud, waste, abuse, and significant policy violations as evidenced by:

- *At least 90% of actionable allegations will be assessed and assigned for investigation within five days of reporting*

47	% of actionable allegations assessed and assigned for investigation within 5 days of reporting	N/A	95%	100%	90%	90%

Long-Term Issue - Complex Information Systems

The continuing reliance on complex information systems combined with rapid technology advancement creates a need for knowledge and expertise to assess controls over information systems that support critical operational and financial activities, which, if not addressed will lead to:

- Increased risks relating to system security, availability and integrity
- Programs failing to meet objectives
- Undetected violations of laws, regulations and policies

Strategies to address the Long-Term Issue

- Contract with an information technology expert to update the citywide information systems risk assessment
- Coordinate outsourced assessments of information technology controls

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2026, control assessment will be completed for 75% of information systems rated as high-risk.

Long-Term Issue - Increasing Demand for Government Transparency

The increasing demand for government transparency including meeting management, requests for information and open records, if not addressed will result in:

- *Loss of public trust and confidence*
- *Delays in responses to requests for information and open records*
- *Failure to comply with the Open Meetings Act*

Strategies to address the Long-Term Issue

- *Increase the number of City and Trust records available online to departments and the public*
- *Provide training for Open Records Act and Open Meetings Act compliance*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, City and public customers will benefit from improved customer service as evidenced by:

- *95% of City Clerk records requests completed within 8 hours*
- *90% of requests for records and information maintained in other city departments completed within 7 business days*

59	% of City Clerk records requests completed within 8 hours of request	99%	99%	100%	95%	95%

Long-Term Issue - Accessibility and Storage of Information

The increasing demand for user friendly online information and the lack of technological resources to simplify access to store and retrieve information, if not addressed, will result in:

- *Inadequate space to store and maintain records*
- *Lack of transparency*
- *Delays in responding to requests for information and records*
- *Limited records available online*

Strategies to address the Long-Term Issue

- *Publish all public records maintained in the Office of the City Clerk online*
- *Work with the Information Technology department on the implementation of an enterprise management system*
- *Develop a centralized records management policy*
- *Provide the training and information needed to maintain records according to the Records Management and Retention Policies*

Strategic Result(s) to measure annual progress on Long-Term Issue

City and public customers will benefit from enhanced accessibility of official City records as evidenced by:

- *Implementation of an enterprise records management policy by 2025*
- *Implementation of an enterprise records management system 2025*
- *A Records Retention policy update by May 2024*

Long-Term Issue - Talent, Acquisition, Development, and Engagement

An increasing need for a skilled, engaged, and inclusive workforce, if not addressed, will result in:

- poor customer service
- high turnover
- difficulty recruiting skilled talent
- lack of innovation and collaboration
- decreased productivity and efficiency
- lack of a connected culture
- insufficient succession planning
- increased safety concerns

Strategies to address the Long-Term Issue

- Partner with the Chief Human Resource Officer and Chief Inclusion Diversity Officer to enhance the talent lifecycle by:
 - Implement comprehensive employee training and mentoring programs
 - Improve diversity outreach by building a culture of inclusiveness and examining the recruiting process
 - Evaluate hiring process and implement recommended changes
 - Complete classification and compensation study
 - Conduct employee engagement surveys
 - Evaluate the size and structure of the Human Resources Department
 - Develop and communicate a new core values message
 - Create a culture where employees feel valued, developed and psychologically safe
 - Establish inclusive leadership accountability and education opportunities

Long-Term Issue - Innovation and Efficiency

Challenges with taking advantage of new technologies, innovative practices and process efficiencies will result in service delivery that is more costly and fails to meet customer expectations.

Strategies to address the Long-Term Issue

- Work with Innovation Officer, multidisciplinary innovation team, and City staff to develop an Innovation Plan that:
 - identifies the needs and opportunities for process improvement;
 - identifies tools/technology needed to implement recommendations;
 - outlines priorities, sequencing, and budgeting considerations.
- Establish a culture of innovation by supporting:
 - involvement of all employees to participate in innovation activities and create innovative, people-centered solutions;
 - initiate practices and strategies that managers can use to define and redefine problems, involve people in the research and development of new concepts, reduce the fear of failure when creating, testing and implementing innovative ideas, and continue to improve and refine solutions after implementation;
 - empower employees to share and create innovative ways of delivering services, reduce internal resistance to new ways of working and support incentives to spread innovation to others

Long-Term Issue - Program Management

The increasing number of specialized programs such as specialized sales tax programs, new federal programs, and taskforces, that require varying approaches to their structure, priority, strategy, resources, staffing and training, if not addressed, will result in:

- *projects that do not meet expectations*
- *potential erosion of resident confidence*

Strategies to address the Long-Term Issue

- *Maintain strong relationships and communication with City partners*
- *Provide guidance, strategy, and leverage expertise*
- *Leverage existing plans and resources*
- *Maintain effective contract management*
- *Understand the community's priorities and expectations through engagement strategies*

Long-Term Issue - Communication

A lack of delivering clear, transparent, accurate, accessible and timely information to elected officials, city employees and residents within our diverse community, if not addressed, will result in:

- *less engagement*
- *dissatisfaction*
- *loss of credibility*

Strategies to address the Long-Term Issue

- *Continually seek innovative ways to communicate with residents and staff*
- *Review the process for responding to resident requests and concerns to improve the timeliness and accuracy of responses*
- *Expand opportunities for community engagement and leverage partnerships*
- *Offer customer service and communications training for employees, such as internal and external communication etiquette and communications protocol*

Long-Term Issue - Code Enforcement/Construction Inspection Priorities

The growing demand and continued expansion of code enforcement and construction inspection programs, if not addressed, will have a negative impact on customer and citizen satisfaction.

Strategies to address the Long-Term Issue

- The Code Enforcement Line of Business will monitor its inspection assignment priorities to ensure a timely response.
- The Code Enforcement Line of Business will increase public engagement and education to residents and property owners to improve customer experience.
- The code enforcement and construction inspection programs will pursue new technologies to improve efficiencies.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2024, Development Services will provide effective code enforcement services as evidenced by achieving at least 42% resident satisfaction with Code Enforcement.

	FY23 Actual	FY24 Actual	FY25 Projection	FY25 Target	FY26 Target
¹⁵¹ % of residents satisfied with code enforcement	38%	40%	38%	40%	40%

Long-Term Issue - Live Release Rate

The demand for an improved animal live release rate without an increased commitment of community resources and community participation will result in higher euthanasia rates and lower citizen satisfaction.

Strategies to address the Long-Term Issue

- The Animal Welfare Line of Business will continue to coordinate with partner agencies to promote programs and internal services that improve the live release rate of shelter pets and increase pet adoptions and placements.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, Animal Welfare will provide improved services and coordination as evidenced by achieving at least a 90% live release rate of shelter pets.

	FY23 Actual	FY24 Actual	FY25 Projection	FY25 Target	FY26 Target
¹⁵² % of dog/cat live releases	81%	78%	80%	90%	90%

Long-Term Issue - Development Process Support

Without increased support to implement and maintain process enhancements, the growing number of applications and the ongoing need to have effective and efficient inter and intra-departmental coordination in the development process will continue to cause delays in processing development applications and the issuance of construction permits, licenses, and certificates of occupancy.

Strategies to address the Long-Term Issue

- The Development Center Line of Business will utilize Accela reports to track and review response data to identify opportunities for greater efficiency in plan review, permit issuance, and inspections.
- The Development Center Line of Business will work with other departments that are involved in the private development process to improve efficiencies.
- The Development Center Line of Business will pursue new technologies to improve efficiencies.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2024, the Development Center Line of Business will improve the timeliness of reviews and inspections, and customer service, as follows:

- Complete 80% of initial review of commercial new construction plans within 15 working days of submission.
- Complete 80% of initial review of commercial remodel plans within 10 working days of submission.
- Complete 90% of construction inspections within one working day of request.
- At least 70% of phone calls will be answered within two minutes.

153	% of commercial new construction plans initial code review completed within 15 working days	43%	47%	37%	65%	65%
154	% of commercial remodel construction plans initial code review completed within 10 working days	34%	33%	28%	45%	50%

Development Services

FY23 Actual FY24 Actual FY25 Projection FY25 Target FY26 Target

Long-Term Issue - Animal Welfare Services

The growing demand for animal welfare services and programs to help residents be responsible pet owners and respond to growing animal populations, if not addressed, will result in continued shelter capacity issues, increased response times and an inability to respond to requests for service, lower resident satisfaction, and continued challenges with animal issues in the community.

Strategies to address the Long-Term Issue

- The Animal Welfare Line of Business will utilize proactive programs, public education and information services, and coordinate with partner agencies to decrease the amount of animal field calls and animal intakes/surrenders received.
- The Animal Welfare Line of Business will pursue technology enhancements to improve efficiencies.
- The Animal Welfare Line of Business will continue to coordinate with partner agencies to promote programs and internal services that improve the live release rate of shelter animals and increase pet adoptions and placements.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, in order to provide quality services to our customers Animal Welfare will:

- Provide an initial response to services requested within two business hours for Priority One calls 60% of the time
- Provide improved services and coordination as evidenced by achieving at least a 90% live release rate of shelter animals.

157	% of Animal Welfare Priority One calls receiving initial response within two business hours	41%	18%	21%	52%	52%

Long-Term Issue - Financial Management and Information

Increasing customer needs for timely information, financial management services and higher levels of accountability and transparency if not addressed may result in increased costs, reduced city services, difficulty in maintaining compliance with laws and regulations, lost revenue, and reduced credibility with customers and stakeholders.

Strategies to address the Long-Term Issue

- Provide more proactive communication, such as newsletters and training.
- Work with customers in departments to identify their financial information and service needs and develop the resources and services identified.
- Clarify and improve financial policies and ensure they are easily accessible and effectively communicated to departments.
- Refine and maximize use of technology to streamline processes for staff and customers.
- Focus on staff development and morale through succession planning and internal training.
- Provide residents with easily accessible financial information.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, 95% of customers will report they are satisfied with the Finance Department.

201	% of customers who are satisfied with the Finance Department	90%	89%	87%	95%	95%
-----	--	-----	-----	-----	-----	-----

Long-Term Issue - Sustainable Financial Model

Increasing costs, limited revenue raising flexibility, growing future liabilities, and higher demands for City services if not addressed will result in increased use of debt, decrease in service levels, and a focus on immediate needs at the expense of long-term goals.

Strategies to address the Long-Term Issue

- Contributions for the Employee Retirement System will be budgeted at the Actuarial Determined Contribution (ADC) rate.
- Develop a funding plan for maintenance, operating, and capital replacement of MAPS and bond projects.
- Continue funding and cost management to address the long-term liability of retiree health insurance (OPEB).
- Prepare and manage the General Fund budget to maintain appropriate reserve levels and control personnel cost levels.
- Pursue legislative changes to expand the sales tax base, provide revenue diversification and use of property tax.

Strategic Result(s) to measure annual progress on Long-Term Issue

The City will maintain the AAA credit ratings on the General Obligation Bond Program.

Long-Term Issue - Safety

A continued need to promote a workplace safety culture within the City, if not addressed, will result in a high risk of employee injuries and reduced resources available to provide City services.

Strategies to address the Long-Term Issue

- Continue to provide useful and accurate Workers' Compensation and On the Job Injury (OJI) reports to Departments and assist in analyzing their workplace injury experience.
- Provide safety consultation services to Departments.
- Train managers in the essential elements of an Occupational Safety Program.
- Coordinate safety training and new employee orientation for all City employees, employing both internal and external resources.
- Maintain a City-wide Safety Advisory Committee to make recommendations for improving the City's safety culture.
- Implement and maintain an Emergency Response Team (ERT) for the downtown City offices.
- Continue proactive claims management services.
- Continue the safety recognition program.
- Implement a city-wide return to work program.
- Ensure every department maintains and updates an injury/illness prevention plan.
- Work with departments to identify hazardous workplace conditions that qualify for the Risk Management Safety Grant.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2026, a culture of safety will be reflected by:

- The City injury rate will be at or below 10 injuries per 100 employees.
- 100% of employees will receive quarterly safety training.

207	# of injuries per 100 employees	12.73	11.21	10.98	8.00	8.00

Long-Term Issue - Life Safety – Property Loss

The lack of awareness and application of personal safety and health measures by residents, if not addressed, will result in fire fatalities, illness, injuries and property loss.

Strategies to address the Long-Term Issue

- Conduct community risk reduction activities where a safety survey, home smoke alarms, healthcare needs, and safety messages or drills are provided.
- Increase improved life safety knowledge through safety education sessions.
- Distribute long life smoke alarms in targeted high fire risk areas.
- Provide online pre-inspection checklists and provide regular inspections.
- Provide CPR training to Oklahoma City employees and residents.
- Provide alternative response through the Mobile Integrated Health Program.
- Provide supplemental EMS transport through the Medical Transport Program.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the structure fire fatality rate in Oklahoma City will be at or below the national average (1.14 per 100,000 residents based on the latest available data from the National Fire Protection Association (NFPA)).

		FY23 Actual	FY24 Actual	FY25 Projection	FY25 Target	FY26 Target
282	# of structure fire fatalities per 100,000 residents	0.98	1.09	0.56	1.30	1.30

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, Oklahoma City will achieve a cardiac arrest resuscitation rate of 33%.

		FY23 Actual	FY24 Actual	FY25 Projection	FY25 Target	FY26 Target
283	% of cardiac arrest patients receiving resuscitative efforts where return of spontaneous circulation is achieved	N/A	37%	27%	29%	29%

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the community of Oklahoma City will benefit from comprehensive fire and life safety and prevention education, as evidenced by:

- 100% of elementary public schools in Oklahoma City limits participating in Community Risk Reduction activities.
- 40,000 community risk reduction activities involving the community of Oklahoma City.

		FY23 Actual	FY24 Actual	FY25 Projection	FY25 Target	FY26 Target

FY26 Target

Long-Term Issue - Increased Service Demand

The growing demand on Fire Department services and resources caused by population growth, development, and changing demographics, coupled with an increasing role in EMS patient care, transport and delivery, if not addressed, will result in:

- *Increased response times leading to property loss*
- *Deterioration of patient condition*
- *Increasing delays in delivering other services*
 - *Hazardous Materials*
 - *Technical rescue*
 - *Water rescue*
 - *High angle rescue*
 - *Trench Rescue*
 - *Confined space rescue*
 - *Structural collapse rescue*
 - *Wildland urban interface*
 - *Agency assist*

Strategies to address the Long-Term Issue

- *Continue to review and upgrade the Advanced Life Support Program (ALS) to meet City Council directives.*
- *Concentrate recruitment and training efforts on increasing Oklahoma City Fire Department paramedics.*
- *Continue the planning and construction of new fire stations authorized as General Obligation Bond projects.*
- *Continue the implementation and training for enhanced communications and data systems.*
- *Continue integration with EMSA including the periodic analysis of the Medical Priority Dispatch System (MPDS) to ensure appropriate allocation of our EMS resources.*
- *Continue to work with local, state and federal organizations to assist and provide monitoring and detection for our residents and responders at large venues and National security events.*
- *Collaborate with other City Departments to implement plans that are conducive for emergency responses to include faster routes and areas free of permanent obstructions.*
- *Collaborate with local educational institutions, Medical Director, local law enforcement, state and federal organizations, and medical transport agencies to increase educational opportunities.*

Fire

FY23 Actual FY24 Actual FY25 Projection FY25 Target FY26 Target

Long-Term Issue - Increased Service Demand

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the residents of Oklahoma City, even anticipating growth in outlying areas, will receive emergency responses within 7 minutes 70% of the time in order to protect lives, assess and treat medical emergencies, and limit damage to property and the environment.

	FY23 Actual	FY24 Actual	FY25 Projection	FY25 Target	FY26 Target
286  % of emergency incidents responded to within 7 minutes	70%	70%	70%	80%	80%

Long-Term Issue - Aging Facilities and Fleet Replacement

A lack of ongoing capital funding for Fire Department facilities and fleet replacement, if not addressed, will result in increased facility and fleet maintenance costs and a diversion of resources from direct services to the public.

Strategies to address the Long-Term Issue

- Continue the planning and construction of new fire stations authorized as General Obligation Bond projects.
- Complete facility repairs funded by General Obligation Bonds and Fire Sales Tax Fund.
- Work with City leadership to identify a funding source for Fleet replacement.
- Use MA+ Engineering facility assessment to prioritize building improvements throughout the Fire Department and identify a funding source.
- Utilize Fire Station Renovation Team, in General Services, to continually update, remodel and modernize existing fire stations.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2028, 100% of annual fleet replacement needs will have an identified funding source.

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, 100% of annual facility improvement needs will have an identified funding source.

Long-Term Issue - Maintenance of City Assets

The continued need for coordinated planning for the maintenance of City assets, if not addressed, will result in:

- *Increased capital and operating cost.*
- *Delays in response times to maintenance requests.*
- *Unsafe facilities, leading to increased risk of injury or illness to citizens and city employees.*
- *Continued duplication of efforts by General Services and other City Departments.*
- *Missed opportunities to identify conservation initiatives.*

Strategies to address the Long-Term Issue

- *To more effectively coordinate maintenance of City assets, the Department will:*
 - *Assign staff to preventive maintenance work orders in a timely manner to promote completions by due date.*
 - *Schedule needed repairs found during preventive maintenance inspections based on customer's priority of need.*
 - *Increase shop priority on equipment approaching promised return date.*
 - *Assign staff to work closely with departments regarding material acquisition to complete services within designated completion time.*
 - *Strive to provide exceptional customer service through SharePoint notification communication with customers as work requests / work orders are completed.*
 - *Maintain ongoing communications with Fleet Services' customers to discuss their issues and concerns.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the General Services Department's customers will benefit from having a coordinated building and equipment assets maintenance, repair and service plan as evidenced by:

- *At least 60% of all vehicle/equipment work orders are preventative maintenance.*
- *At least 85% of all preventive maintenance facility work orders will be completed when due in order to decrease capital costs and avoid costly unexpected repairs.*
- *At least 90% of access badge readers available for use.*

371	% of all vehicle/equipment work orders that are preventative maintenance	57%	57%	58%	60%	60%

Long-Term Issue - Skilled Labor Shortage

The continual shortage of skilled laborers, if not addressed, will result in:

- Additional outsourcing at increased cost to customers.
- Diminished service levels to customers.

Strategies to address the Long-Term Issue

- To address the shortage of skilled laborers, the department will:
 - Provide staff training and support to improve skills needed to complete facility repair requests.
 - Work with vocational technology and educational institutions to find employees.
 - Work with the Human Resources Department to establish apprenticeship programs within the skilled trades.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, Oklahoma City Departments will benefit from a skilled General Services Department workforce, as evidenced by:

- 90% of vehicle mechanics with ASE Master Level Certification.
- Maintain Fleet Services staffing levels at 250 vehicle equivalents per mechanic (industry standard is 200 vehicle equivalents per mechanic).
- Maintain a minimum Building Maintenance staff ratio of 61,000 square feet per employee (industry standard is 50,000 square feet per maintenance staff employee).

FY25 Projection

FY25 Target

FY26 Target

Long-Term Issue - Inclusive, Diverse, and High-Performing Workforce

The increasing challenge to recruit, develop and retain an inclusive, diverse, and high-performing workforce, coupled with changing job complexity and evolving job requirements, if not addressed, will result in:

- *A reduction in the quality and speed of City services*
- *Increased exposure to litigation*
- *Loss of critical operational knowledge*
- *Increased turnover*
- *Increased time and cost for on-the-job training*
- *Decreased resident confidence*
- *Decreased government efficiency*

Strategies to address the Long-Term Issue

- *Develop and implement a comprehensive strategy to attract and retain diverse candidates.*
- *Develop and implement an onboarding process to improve the new employee experience.*
- *Conduct a comprehensive classification and compensation study.*
- *Develop and implement a performance management system for more effective talent planning, performance evaluation, professional development and employee retention.*
- *Examine existing human resources policies, procedures, processes and practices and implement improvements to support an organizational culture of diversity, equity, and inclusion.*
- *Assess departmental training needs and develop and offer training based on identified needs.*
- *Enhance career development services provided to employees.*
- *Examine and implement system enhancements and technological advancements to provide effective human resources services; streamline and reduce reliance on paper-laden processes; and provide data and analytics reporting.*

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, City departments will benefit from an inclusive, diverse, and high-performing workforce, as evidenced by:

- *City staff will reflect the ethnic diversity of the community.*
- *City job categories will reflect the gender/ethnic diversity of the available workforce within the community.*
- *At least 80% of new full-time City employees will continue City employment for at least 12 months beyond the date of hire.*

Human Resources

Long-Term Issue - Inclusive, Diverse, and High-Performing Workforce

424	% of full-time non-uniformed City employees who continue City employment for at least 12 months beyond the date of hire	N/A	N/A	N/A	74%	74%
-----	---	-----	-----	-----	-----	-----

Long-Term Issue - Health and Welfare Benefits Cost

The increasing costs of providing comprehensive health and welfare benefits, if not addressed, will result in:

- *Reduced funding for other city services*
- *Reduced employee and retiree benefits*
- *Unsustainable premiums for employees and retirees*
- *Reduced retention of talent and increased difficulty in recruitment*

Strategies to address the Long-Term Issue

- *Integrate Employee Medical Center into Health Insurance plan design.*
- *Develop an Employee Wellness Program.*
- *Encourage plan participants diagnosed with one or more of the top 10 chronic medical conditions to participate in disease management programs.*
- *Continue to identify and implement cost-saving health plan changes for employees and retirees by completing the comprehensive benefit plan review.*
- *Continue to provide educational programs and information to address overall health and wellness.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually through 2025, the percentage change in the medical premium for active employee plan members will remain at or below the City providers' average percentage premium change for Oklahoma clients.

425	% change in the annual medical premium costs for active employee plan members as compared to the City providers' average medical premium change for Oklahoma clients	N/A	N/A	N/A	9.02%	9.02%

FY26 Target

Long-Term Issue - Health and Welfare Benefits Cost

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, the City will have completed a comprehensive review of benefit offerings communicated with stakeholders and negotiated necessary contracts to implement.

Long-Term Issue - Occupational Health Issue

An increased demand for occupational health services combined with increasing state and federal regulatory requirements and evolving job functions, if not addressed, will result in:

- *Delays in conducting post job-offer medical evaluations*
- *Delays in conducting department-directed and/or regulatory medical exams*
- *Increased risk to employee health and safety*
- *Decreased customer satisfaction*

Strategies to address the Long-Term Issue

- *Work in coordination with Oklahoma City Fire Department to ensure all uniformed employees have an annual NFPA standard exam.*
- *Annually contact all City departments to determine if any new medical or regulatory needs have been identified.*
- *Work with Risk Management to address any medical-related safety issues identified.*
- *Coordinate with Classification and Compensation program staff to update physical requirements into applicable job descriptions.*
- *Actively search for a City owned property that has appropriately sized operating space for an Occupational Health Clinic.*
- *Provide clinic services to state and local agencies to generate revenue and help offset fixed program costs.*
- *Work with SSM through the City's current contract to maintain provider capacity.*

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2023, City departments will benefit from a safer and healthier workforce, as evidenced by:

- *100% of the Fire Department's uniformed workforce will be medically evaluated annually according to the NFPA standards.*
- *100% of occupational health and regulatory medical needs identified annually by City Departments will result in scheduled evaluations.*
- *100% of City Departments will report that the quality and timeliness of services provided by the Occupational Health Clinic are satisfactory.*

428 % of the Fire Department's uniformed workforce will be medically evaluated annually according to NFPA standards

Long-Term Issue - System Security and Data Integrity

The increasing number and sophistication of security threats to the City's information technology systems, if not addressed, could result in:

- *Loss of system integrity*
- *Loss of data confidentiality*
- *Decreased ability for the organization to provide services*
- *Financial instability*
- *Exposure of employees and residents to identity theft*
- *Erosion of resident confidence*
- *Liability caused by data breach or interruption of service*

Strategies to address the Long-Term Issue

- *The IT Department will utilize industry accepted security frameworks to prioritize City security projects and operational efforts.*
- *Cyber security threats will be closely monitored through continuous investment in monitoring tools and partnerships with external agencies.*
- *The IT Department will continue to conduct periodic vulnerability and penetration assessments and the results will drive the implementation of new security projects.*
- *The IT Department will pro-actively conduct user security awareness training and testing based on industry best practices.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Better than 90% success rate for user security awareness testing annually.

Long-Term Issue - Growing Demand for Technology

The increasing backlog of projects and service requests for new and expanded technology, if not addressed, could result in:

- *Excessive delay in technology projects which will impact City department strategies*
- *Inability to implement new technology services in a timely manner*
- *Increased security vulnerability risk*
- *Customer dissatisfaction with overall technology capabilities and support*
- *Increased decentralization of new technology selection, implementation, and support:*
 - *Decreased standardization of technology*
 - *Increased inefficiency in the organization*
- *Failure to comply with Federal and legal mandates*
- *Underutilization of technology investments*

Strategies to address the Long-Term Issue

- *The IT Department will conduct technology Strategic Alignment (SA) meetings at least twice a year with customer department directors and stakeholders to validate organizational priorities and align new project investments with final direction from the City Manager's Office.*
- *The IT Department will continue to balance staff resource allocations to effectively meet new technology initiatives which provide improved efficiency and quality of service from customer departments to residents, while still meeting support expectations for existing systems.*
- *The IT Department will continue to use project prioritization criteria to ensure that projects required for legal mandates, to mitigate a security risk, or necessary for City operations, efficiency, and quality of service to residents are executed first.*

Strategic Result(s) to measure annual progress on Long-Term Issue

At least 75% of all incidents will be resolved within four operational hours annually.

-----	---	-----	-----	-----	-----	-----

Long-Term Issue - Advanced Skill Sets

The increasing implementation of systems utilizing advanced technologies creates a growing gap between required and available skills to configure and support these technologies, if not addressed, could result in:

- *Increased security risks, including identity theft and data integrity*
- *Increased disruption to critical City services*
- *Underutilized technology investments*
- *Failure to effectively support critical City systems*
- *Inability to recruit and retain qualified technology staff*
- *Increased cost and inefficiency due to reliance on third party support*

Strategies to address the Long-Term Issue

- *The IT Department will continue to budget for critical training requirements to effectively support City systems.*
- *The IT Department will maximize training efficiency using available online and local resources where possible for IT staff.*
- *Identify recommended end user training opportunities and communicate to department contacts.*

Long-Term Issue - Early Contact and Communication

A continuing lack of early contact and communication by some City clients with the Municipal Counselor's Office concerning some City projects, if not adequately addressed, may result in:

- *Delays in client projects and policy implementation*
- *Lack of direction and clarity for the client*
- *Duplication of efforts by legal staff causing delays on other client projects*
- *Increased liability exposure*
- *Diminished client satisfaction*

Strategies to address the Long-Term Issue

- *The Municipal Counselor's Office will endeavor to contact clients on a monthly basis or more often, as necessary, in addition to the regular attorney-client communications on a routine basis.*

Strategic Result(s) to measure annual progress on Long-Term Issue

The City and its Public Trusts will benefit from regular communication with Legal staff and from a workforce trained in areas of the law relevant to their work as evidenced by:

- *At least 97% of Department Heads will be provided monthly communications to help identify legal issues relating to their work, annually through 2019*

Long-Term Issue - Faster Responses to Legal Issues

The growing demand for faster responses to complex legal issues involving new and amended laws, City economic development projects, new City programs, bond issues, open records requests and increasing litigation and labor union activity combined with limited resources, training and technology, if not adequately addressed, will result in:

- Delays in client projects and policy implementation
- Lack of direction and clarity for the client
- Duplication of efforts by legal staff causing delays on other client projects
- Increased liability exposure
- Diminished client satisfaction

Strategies to address the Long-Term Issue

- A client survey is distributed each year for eight of the eleven programs in the Municipal Counselor's Office.

Strategic Result(s) to measure annual progress on Long-Term Issue

The City, its Public Trusts and their officers, appointees and employees will benefit from timely and effective legal service, as evidenced by:

- At least 90% of responding clients surveyed will be satisfied with the timeliness, effectiveness, and overall provision of legal services, annually through 2019

Long-Term Issue - Procedural Justice

Procedural justice is defined as the idea of fairness in court processes to resolve court cases in a fair and equitable manner. It is the philosophy and practice which promotes respect, trust, impartiality, and transparency which ensures court patrons have a voice in the criminal justice process. The continuing need to implement and promote procedural justice, if not addressed, will result in:

- *Lack of public's trust*
- *Decreased court patron satisfaction, confidence, and compliance*
- *Potential Liability*
- *Increased instances of unfair and inequitable justice*

Strategies to address the Long-Term Issue

- *Continue to review and revise policies, procedures and services.*
- *Continue to participate in community outreach through community programs and partnerships.*
- *Continue to provide information so that customers are able to make informed decisions about their case(s).*
- *Continue to provide training on procedural justice and customer service with all Municipal Court employees.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, 100% of employees will be trained in procedural justice.

Long-Term Issue - Skilled and Diverse Workforce

The increasing difficulty to recruit and retain an adequately compensated, skilled and diverse workforce due to reduction in staffing levels, use in technology, and applicant and employee expectations, if not adequately addressed, will result in:

- *Delays in court processes*
- *Dissatisfied court patrons*
- *Increased liability*
- *Diminished employee morale*
- *Increased turnover*
- *Insufficient staff to maintain operations and pursue technology solutions*

Strategies to address the Long-Term Issue

- *Continue to look for innovative ways to incentivize, provide professional development, and retain employees.*
- *Continue to work with the Human Resources Department to offer a competitive package and improve the recruitment and selection process.*
- *Develop a comprehensive court focused training program with documented procedures.*
- *Strengthen the current succession plan.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Long-Term Issue - Juvenile Service Resources

The increasing complexity of juvenile and adult probation cases combined with limited resources, if not adequately addressed, will result in:

- Increase in crime rates
- Increase in school drop-out rates
- Increase in unemployment rates
- Increase in substance use
- Increase in probation workloads
- Increase recidivism
- Increase in homelessness rates

Strategies to address the Long-Term Issue

- Continue to identify referral sources.
- Explore additional funding resources for mental health and substance abuse treatment.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, 95% of the justice-involved juveniles referred to Probation Services will successfully complete probation.

Long-Term Issue - Court Safety and Security

The heightened expectation for a secure and safe court facility, if not adequately addressed, will result in:

- Diminished perception of courts as a safe place to work and conduct business
- Increased fear for personal safety
- Increased risk of incidents resulting in personal injury to court visitors or employees

Strategies to address the Long-Term Issue

- Continue monitoring and assessing the security and safety needs of the Municipal Court to ensure the safety of court visitors and employees.
- Monitor court facility security and safety issues to identify necessary improvements.

Long-Term Issue - Public Expectations for Quality Programs and Levels of Service

The Parks and Recreation Department is continually challenged with understanding and meeting public expectations and needs for diverse parks and recreation programs, facilities, and amenities due to the rapidly changing growth patterns, leisure trends and demographics of the community. If not adequately addressed, this challenge will result in decreased satisfaction, use and support of the Parks and Recreation system and services.

Strategies to address the Long-Term Issue

- Conduct annual resident surveys to identify parks and recreation needs and potential areas of improvement.
- Align capital resources with community expectations in the areas of greatest need for parks and recreation investments.
- Utilize innovative practices to provide quality and diverse programming.
- Seek partners to support programs customized to the needs of the community.
- Increase public awareness of parks and recreation programs, events and facilities.
- Establishing best practice program standards
- Increase contractual services

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, Parks and Recreation Department will meet expectations and needs of the community as evidenced by:

- 80% of residents surveyed have visited a park and/or participating in a park program.
- 90% or more of users surveyed are satisfied with the quality of parks and recreation programs and facilities
- 2% annual increase in the number of program participants and event attendees.

677		% of residents visiting a park and/or participating in a park program	76%	80%	73%	80%	80%
678		% of customer surveyed who are satisfied with recreation facilities and programming	90%	95%	90%	95%	90%

FY26 Target

Long-Term Issue - Safe Parks and Facilities

Failure to address concerns and perceptions about personal safety in parks will result in lower public participation and support.

Strategies to address the Long-Term Issue

- *Survey residents' perceptions and feelings of safety in City parks and along trails. Obtain specific information about what physical attributes, such as lighting and visibility affect these perceptions and where.*
- *Implement an improved system to mitigate safety concerns and perceptions that includes the following practices:*
 - *Addressed reported safety concerns within one business day.*
 - *Ensure that Crime Prevention through Environmental Design (CPTED) strategies are applied in the development and design of new parks, trails and park assets.*
 - *Evaluate best practices and operational policies to enhance personal safety while utilizing facilities and programs.*
- *Allocate funding and staff resources to improve park safety based on public feedback and staff inventories of park and trail facilities.*

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, Parks and Recreation Department will improve public safety and perceptions of safety in City parks as evidenced by:

679	% of identified safety concerns addressed within one business day	1.00	1.00	1.00	1.00	1.00

FY26 Target

Long-Term Issue - Parks Asset Maintenance

The need for increased capital investment and maintenance of new and existing park assets if not addressed will result in reduced public confidence and program participation.

Strategies to address the Long-Term Issue

- *The department will increase maintenance efficiency through effective use of resources by:*
 - *Securing adequate funding for maintaining new and existing assets*
 - *Partner with Civic foundations, neighborhood groups, school districts, universities, and businesses to leverage their expertise, skills, and resources to improve the care and maintenance of our parkland and facilities.*
 - *Establish and apply design and maintenance standards that will reduce maintenance costs for new and existing park assets.*
 - *Proactive maintenance of Parks assets and amenities.*

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2025, the Parks and Recreation Department will maintain park assets to a standard that ensures public confidence and promotes participation, as evidenced by increase satisfaction ratings:

- *The percent of residents surveyed who say they are satisfied with the maintenance of parks and facilities will increase by at least 5%.*
- *The percent of residents surveyed who say they are satisfied with the maintenance of trails will increase by at least 10%.*

680		% of residents surveyed who are satisfied with the maintenance of city parks	66%	75%	66%	75%	65%
681		% of respondents from the annual resident survey who are satisfied with City's trails	61%	70%	62%	75%	75%

Long-Term Issue - Access to Recreational Opportunities

Providing quality recreational opportunities that are inclusive, diverse, and accessible will strengthen our community and make our city a more attractive place to live, work and play. Failing to provide park spaces, amenities and programs that are inclusive, diverse and accessible to all residents will result in reduced health coefficients, lower quality of life, reduced property values, decreased economic growth and higher crime rates where recreational opportunities are deficient.

Strategies to address the Long-Term Issue

- Invest in new parks and facilities to provide park access to under-served and developing areas of the city.
- Identify areas where park services and amenities are deficient within marginalized communities to improve equitable access.
- Identify and evaluate barriers which limit access to recreational opportunities.
- Expand and cultivate public-private partnerships to increase recreational opportunities where needed throughout the park system.

Strategic Result(s) to measure annual progress on Long-Term Issue

The Parks and Recreation Department will further improve access to recreational opportunities as evidenced by:

- By 2027, 50% of residents will live within a 10-minute walk of a park
- By 2023, present to City Council a recreational facility assessment study and develop and identify strategies to improve access
- By 2025, complete a study on barriers to recreational opportunities
- By 2027, develop a capital plan to invest in new athletic fields as identified in the 2019 Athletic Field Master Plan
- By 2025, implement recommendations from the Recreation Program and Facility Needs Assessment Study

Long-Term Issue - Community Development

Poverty, homelessness, lack of quality affordable housing, concerns about the quality of education, decreasing community involvement in neighborhood schools, and declining community vitality, if not adequately addressed, will result in:

- *Increased crime and decreased perception of public safety;*
- *Decline in public health;*
- *Reduced ability to meet demand for public services;*
- *Decreased property values and neighborhood decline;*
- *Reduced ability to attract economic development;*
- *Reduced ability to improve education outcomes;*
- *Increased cost burden for low and moderate-income households; and*
- *Decreased satisfaction in community appearance.*

Strategies to address the Long-Term Issue

- *Stabilize neighborhoods through the Strong Neighborhoods Initiative and Historic Perservation efforts.*
- *Strengthen at-risk neighborhoods through the use of community development and social services programs.*
- *Strengthen relationships with partners, including the Public School Districts and the Oklahoma Department of Mental Health and Substance Abuse Services, to develop programs and strategies targeted to the specific needs of the community.*
- *Enhance community appearance through improving design and development regulations and facilitating public art projects.*
- *Seek additional partners and resources to increase permanent supportive housing and emergency shelters for homeless families and individuals.*
- *Concentrate community development resources in target revitalization areas for economic development, housing activities and public facilities for low and moderate-income populations.*
- *Increase the availability of safe, quality affordable housing by securing funding to build new units and rehabilitate existing units.*

Long-Term Issue - Urban Revitalization

If not addressed, older districts and neighborhoods will continue to experience increased vulnerability and decline, resulting in:

- Vacant or underutilized properties and lack of new investment;
- Higher costs to the City to provide services for residents and businesses;
- The inability to generate optimal tax revenue to pay for essential City services;
- Continued deterioration of aging commercial districts and neighborhoods;
- Inadequate number of quality, affordable residential products;
- Underutilization of existing properties and infrastructure;
- A lack of transportation options; and
- Lost opportunities for economic development.

Strategies to address the Long-Term Issue

- Guide the allocation of resources including grant funds and capital expenditures as stated in planokc.
- Focus Planning Department capacity and technical assistance on revitalization areas in need of revitalization.
- Guide appropriate infill development and revitalization through appropriate zoning and design review tools.
- Promote neighborhood stability and the rehabilitation and the adaptive reuse of historic properties as stated in preserveokc.
- Strengthen capacity of commercial districts to deliver more meaningful social, economic, and aesthetic results through the Commercial District Revitalization Program.
- Strategically concentrate neighborhood revitalization efforts in the Strong Neighborhoods Initiative areas to reverse decline and leverage private investment and support.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the Planning Department will influence revitalization and redevelopment within the urbanized areas of the city as evidenced by:

- 100% of participating Commercial District Revitalization Program districts will maintain or increase total property value.
- 65% of citizens surveyed will be satisfied with each attribute in response to the following question: Please rate your satisfaction with the following attributes of your neighborhood: - Safety - Appearance - Property Maintenance - Sense of Community - Amenities (parks, sidewalks, street trees) - Overall Quality

Long-Term Issue - Sustainable Growth

Failure to guide the city's growth in a way that promotes quality of life, efficient service provision, and human, environmental, and economic health will result in:

- *Increased costs to provide public services;*
- *Lower level of City services;*
- *Diminished neighborhood stability and durability;*
- *Exacerbation of public health issues;*
- *Continued stress on capacity of public schools to improve educational outcomes;*
- *Reduced functionality of the multi-modal transportation system and capacity to support it;*
- *Reduction in quality, accessibility, and availability of natural resources (air, water, natural areas);*
- *Increased number of vacant, abandoned and dilapidated buildings and properties;*
- *Diminished options for access to community services and employment opportunities;*
- *Increased infrastructure construction and maintenance costs for taxpayers;*
- *Failure to meet federal air quality standards will impact federal funding, efficiency of transportation infrastructure projects, and the ability to support new or expanding industry;*
- *Diminished attractiveness for economic development;*
- *Increased economic and social disparity; and*
- *Diminished ability to meet community demand for quality of life services and amenities.*

Strategies to address the Long-Term Issue

- *Implement Comprehensive Plan (planokc);*
- *Implement the Sustainability Plan (adaptokc) with increased focus on air quality, energy, and climate resilience programs.*
- *Develop policies, strategies, and incentives to increase the variety of housing types and affordability.*
- *Modify codes, regulations and policies to ensure consistency with the comprehensive plan (planokc).*
- *Promote the implementation of a multi-modal transportation system and continue to implement bikewalkokc.*

Strategic Result(s) to measure annual progress on Long-Term Issue

The Planning Department will use planokc to guide the city's growth in a way that promotes quality of life, efficiency of service provision, and human, environmental, and economic health as evidenced by:

- Annually, 19% of development/redevelopment will be in the inner-loop.
- Increase the percentage of commute trips made by walking, bicycling, or public transportation from 2.13% to 2.16% by 2024.
- The past five-year average of annual carbon monoxide highest 8-hour average (parts per million) from OKC North monitoring station (1037) will decline.
- The past five-year average of annual nitrogen dioxide highest 1-hour average (parts per million) from OKC North monitoring station (1037) will decline.
- The past five-year average of annual particulate matter (PM-2.5) highest 24-hour average (parts per million) from OKC North monitoring station (1037) will decline.

FY25 Projection

FY25 Target

FY26 Target

Long-Term Issue - Greater Need for Police Presence and Services

The growing demand for police presence and services coupled with the increasing scope and complexity of police services, if not adequately addressed, will result in:

- *Delayed police response times*
- *Increasing crime rate and reduced percentage of crimes solved*
- *Decreased resident satisfaction with police services and feelings of community safety*
- *Decreased traffic enforcement resulting in increased number of collisions*

Strategies to address the Long-Term Issue

- *Continue the use of various resources to address high crime areas to improve the public perception and uphold trust.*
- *Increase traffic enforcement citywide.*
- *Increase personnel in Investigations, Operations and community based programs.*
- *Build strategic relationships with local and national public and private partners.*
- *Increase sworn personnel efficiency through alternative response, technology, and hiring civilians to complete tasks not requiring sworn personnel.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, police presence and services will adequately increase while maintaining the level of core services citywide, as evidenced by:

- *55% or more of residents citywide report they feel safe.*
- *73% or more of residents will be satisfied with quality of police services citywide.*
- *80% or more of life threatening calls (Priority 1) will be responded to within 9 minutes 30 seconds from the time a 911 call is answered to officer arrival.*
- *Property crime clearance rate above the national average of comparable cities, 8%*
- *Violent crime clearance rate above the national average of comparable cities, 33%.*
- *55% or more of residents will feel safe in the Downtown area.*

867		% of residents reporting they feel safe in the Downtown area ¹	37%	55%	37%	55%	55%

[1] Based on the Resident Survey Results. This measure includes the categories of safe and very safe or satisfied and very satisfied.

[2] Based on 2018 statistics from the latest available data published by the FBI.

Long-Term Issue - Violent Crime

A continued trend of violent crime, if not adequately addressed, will result in:

- Increased aggravated assaults and homicides
- Increased demand on public services
- Decreased feeling of public safety

Strategies to address the Long-Term Issue

- Improve public perception and uphold trust by increasing community engagement along with police presence, and enforcement in strategic areas using various overtime initiatives and grant programs.
- Increase efforts to reduce crime through community based programs, social outreach opportunities, and public and private partnerships.
- Develop strategies to improve the recruitment, hiring and training of new officers to fill vacancies.
- Improve federal partnerships to address violent crime.
- Increase communication between various departmental units to improve efficiency and effectiveness.
- Renew focus on data-driven approaches to identify and investigate violent crime.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the Police Department will address the rise in violent crime by ensuring aggravated assaults per 100,000 residents in Oklahoma City are below comparable cities nationwide.

868		# of aggravated assaults per 100,000 residents	347.12	327.75	390.36	360.13	360.13

Long-Term Issue - Procedural Justice/Community Policing

Procedural justice is defined as the idea of fairness in the processes that resolve disputes and allocate resources. It is a philosophy and practice which promotes integrity, compassion, accountability, respect, and equity. The continuing need to implement and promote procedural justice, if not addressed, will result in:

- *Negative public perception*
- *Decreased ability to recruit candidates*
- *Decreased resident trust, confidence, and cooperation*
- *Decreased actual or perception of unfair and inequitable policing services*

Strategies to address the Long-Term Issue

- *Review and revise department directives for best practices.*
- *Participate in community outreach through social media platforms, community programs and partnerships.*
- *Reinforce scenario-based de-escalation training and practices for employees through all aspects of training.*
- *Increase utilization of alternative response resources and training.*
- *Adoption of innovative equipment, technology, and training.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, 72% or more residents will be satisfied with the quality of police services citywide.

Public Transportation and Parking

FY23 Actual

FY24 Actual

FY25 Projection

FY25 Target

FY26 Target

Long-Term Issue - Service

The continuing demand to enhance transportation and parking services, if not addressed, will result in:

- Erosion of ridership and parking customers
- Less workers connecting to jobs
- Loss of transit service and degraded on-time performance

Strategies to address the Long-Term Issue

- Complete equipment and facility preventative maintenance work on schedule
- Expand commitment to recruiting, retaining, and developing our workforce
- Modernize practices and maximize technology to improve the customer experience
- Educate our community about EMBARK services and develop community partners

Strategic Result(s) to measure annual progress on Long-Term Issue

By 2024, public transportation and parking customers will benefit from enhanced services as evidenced by:

- % Public Transit service hours lost will be at or below 1%
- 8% or less employee vacancy rate
- At least 80% of customers will be satisfied with EMBARK services
- EMBARK on-time performance will be 85% of EMBARK bus trips will be on-time
- EMBARK on-time performance will be 95% of EMBARK Plus paratransit pick-ups will be on-time
- EMBARK on-time performance will be 95% of OKC Streetcar trips will be on-time
- 0% of EMBARK Plus paratransit trips will be denied due to capacity constraints
- Parking complaints per 1,000 transactions will be at or below 1%
- EMBARK will provide at least 13,000 public transit trips per day

FY24 Actual

FY25 Projection

FY25 Target

FY26 Target

Long-Term Issue - Condition of Streets

Increasing difficulty to address resident expectations of the quality of city streets, if not addressed with additional maintenance and reconstruction, will result in further dissatisfaction and lack of resident confidence.

Strategies to address the Long-Term Issue

- Continue to provide efficient management that combines routine maintenance, street resurfacing, and new construction to improve overall condition of city streets.
- Identify and secure a dedicated funding source for the maintenance of street infrastructure.
- Continue to educate the community through outreach programs to provide clarity, awareness and expectation of projects and services

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the Public Works Department will improve the timeliness of infrastructure repairs, as follows:

- Complete 80% of pothole repairs within 5 calendar days.
- Complete 80% of permanent utility cut repairs within 28 calendar days of receipt from line maintenance.

1055	 % of pothole repairs completed within 5 calendar days of request	52%	66%	69%	80%	80%
1056	% of utility cut repairs completed within 28 calendar days of receipt from line maintenance	20%	76%	60%	80%	80%

Strategic Result(s) to measure annual progress on Long-Term Issue

The Public Works Department will:

- Annually, complete 100 miles of resurfacing and widening
- Annually, increase resident satisfaction with the condition of streets.
- By 2027, increase the average of all city streets to a Pavement Condition Index (PCI) rating of 75 or above

1057	# of miles resurfaced and widened annually	164.65	41.58	88.42	102.00	102.00
1058	 % of residents satisfied with the condition of streets	67%	67%	67%	45%	45%
1059	Average city-wide Pavement Condition Index (PCI) rating (target of 75)	69	69	69	75	75

Long-Term Issue - Capital Project Delivery

The increasing number of projects and continuing priority to expedite project construction if not addressed will result in failure to deliver projects on time and budget.

Strategies to address the Long-Term Issue

- Develop and maintain categorized budget worksheets, for sales tax and future bond projects to ensure delivery within available funds.
- Limit construction contract revisions through improved plan reviews, successful management of design and construction contracts, and expediting final acceptance of completed projects.
- Develop a project manager training program and project management manual to ensure consistent and timely project delivery.

Strategic Result(s) to measure annual progress on Long-Term Issue

By December 2024, \$720 million of the \$967 million 2017 bond issue will be completed or under construction.

1060	% of listed 2017 General Obligation Bond projects completed or under construction	89%	108%	116%	50%	50%
------	---	-----	------	------	-----	-----

Strategic Result(s) to measure annual progress on Long-Term Issue

By December 2025, all remaining Sales Tax Projects will be completed.

1061	% of construction projects completed within one year from notice to proceed date	43%	63%	68%	15%	15%
------	--	-----	-----	-----	-----	-----

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the department will continue to maintain and improve timeliness for project delivery as evidenced by:

- \$105,000,000 in annual contract awards for the General Obligation Bond program.
- 85% of General Obligation Bond funds sold will be expended each year.
- 100% of projects will achieve final acceptance within 90 days of completing the project.
- 100% projects will be completed within their original established budgets.

1062	Dollar Value of General Obligation Bond Funds expended	131,669,560	85,889,821	88,184,085	105,000,000	105,000,000

Long-Term Issue - Condition of Drainage and Bridge Infrastructure

Recent increases in the number of severe storm events coupled with limited resources to provide maintenance and new drainage and bridge construction, if not addressed, will result in a higher number of flooded structures, property damage, and resident complaints.

Strategies to address the Long-Term Issue

- Provide a drainage program that combines inlet maintenance, rural road drainage maintenance, unimproved channel maintenance, and improved channel maintenance to the overall condition of city drainage infrastructure.
- Complete new City basin drainage studies to better monitor the effects of urbanized development on the City's drainage systems to prioritize projects and address resident complaints.
- Revise the Drainage Ordinance to increase requirements and standards for newly constructed drainage infrastructure.
- Provide necessary staff, crews, and project resources to expedite response to drainage concerns.
- Improve Community Rating System to further lower flood insurance rates to residents.
- Update Drainage Utility Fee Structure
- Develop an annual bridge report to identify bridge condition and develop a routine maintenance program

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, Complete 95% of drainage repairs within 30 calendar days.

1066	% of drainage repairs completed within 30 calendar days	81%	84%	85%	80%	80%
1068	% of bridges that have an acceptable rating	87%	87%	87%	91%	91%

Public Works

Long-Term Issue - Timeliness of Development Plan Reviews

The increase in development and the number of technical plan reviews required coupled with developer expectations for timely plan reviews, if not addressed will result in increased customer dissatisfaction and delays in the completion of private development projects.

Strategies to address the Long-Term Issue

- Cross training staff between plan review and permit review to maintain efficiency
- Status Reports to City Management, developers, and engineers
- The department will conduct a review of neighboring cities to compare our timeliness to those of neighboring communities.

Strategic Result(s) to measure annual progress on Long-Term Issue

By December 2025, 85% of plans submitted will be approved within 120 days.

1069	% of plans approved within 120 days	1,813%	24%	33%	50%	50%

Utilities

FY23 Actual FY24 Actual FY25 Projection FY25 Target FY26 Target

Long-Term Issue - Asset Management

The increasing age of the infrastructure and other capital assets, if not addressed by adequate investment, will result in higher service disruption and lower service levels.

Strategies to address the Long-Term Issue

- *Maintain assets to the intended level of service and perform repairs and upgrades to those assets, to minimize service disruptions.*
- *Periodically evaluate assets to determine remaining useful life and develop a capital replacement program based on priorities established by consequence and probability of failure.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Maintain assets in good condition to minimize disruptions to delivery of service to customers.

- *70% of planned and scheduled maintenance/repair versus unplanned repair work orders completed*

Long-Term Issue - Customer Service

Customers expect a high level of service from the Utilities Department. Failure to maintain a focus on customer satisfaction to meet the desired level of service, will result in a decrease in customer satisfaction.

Strategies to address the Long-Term Issue

- *Continue to monitor trends in customer concerns and system performance and adjust business practices accordingly.*

Strategic Result(s) to measure annual progress on Long-Term Issue

Utilities will maintain or improve customer satisfaction annually as indicated by:

- *10% above the national average of customers satisfied with solid waste management services in large cities.*
- *10% above the national average of customers satisfied with wastewater services in large cities.*
- *10% above the national average of customers satisfied with water services in large cities.*

1178	% of customers surveyed who are satisfied with solid waste services	90%	89%	88%	89%	89%
1179	% of customers surveyed are satisfied with water services	80%	86%	80%	86%	86%
1180	% of customers surveyed are satisfied with wastewater services	79%	81%	79%	81%	81%

Utilities

FY23 Actual FY24 Actual FY25 Projection FY25 Target FY26 Target

Long-Term Issue - Workforce Stability and Development

The increasing number of retirements and difficulty in recruiting and retaining qualified employees, if not addressed, will impair Utilities' ability to maintain and improve service reliability.

Strategies to address the Long-Term Issue

- Continue to pursue training strategies to broaden employees' workplace skills.
- Continue the workforce succession plan to achieve career progression and meet job requirements.

Strategic Result(s) to measure annual progress on Long-Term Issue

Ensure a qualified workforce for delivering customer service as indicated by:

- 100% of supervisors will be on track to complete Utilities University supervisory core classes in three years.
- 100% upper and mid-management employees will be Lean Green Belt certified within one year of employment.

1182	% of upper and mid-management employees Lean Green Belt certified	80%	80%	80%	82%	82%
------	---	-----	-----	-----	-----	-----

Long-Term Issue - Maintain Strong Financial Management

Increased customer and regulatory demands along with increased construction, equipment, and operational costs can exceed annual revenue requirements to support programs which, if not addressed, will result in a decrease in services and customer satisfaction.

Strategies to address the Long-Term Issue

- Continue to evaluate the Cost of Service and make rate adjustment recommendations to OCWUT and City Council accordingly.

Strategic Result(s) to measure annual progress on Long-Term Issue

Protect the customers' investment in Utilities by maintaining strong financial management as demonstrated by:

- OCWUT will maintain bond ratings of AAA from Standard & Poor's and Aaa from Moody's Investors Service.

1183	OCWUT will maintain bond ratings of AAA from Standard & Poor's and Aaa from Moody's Investor's Service	AAA / Aaa	AAA / Aaa	AAA / Aaa	AAA / Aaa	AAA / Aaa

Utilities

FY23 Actual FY24 Actual FY25 Projection FY25 Target FY26 Target

Long-Term Issue - Environmental Stewardship

The reduced availability of future natural resources and commodities, if not addressed, will result in the inability to meet the service expectations of our customers.

Strategies to address the Long-Term Issue

- Continue to pursue conservation of resources in the best economic interest of our customers.
- Improve participation rate in recycle program to extend life of landfill.

Strategic Result(s) to measure annual progress on Long-Term Issue

Utilities will maintain and improve its environmental stewardship as evidenced by:

- Reduce annual water loss to less than 10% by 2025.
- Reduce recycle contamination to less than 25% by 2025.

1184	% of water leaks repaired within seven business days	79%	81%	83%	90%	90%
